**TESTIMONIALS.**

ITHACA, N.Y.

"We have never sold a more satisfactory remedy for anything than your powders for headaches. They do their own advertising, and at the price no one objects to the purchase of a box, and so secure *instant* relief. You may send us another  $\frac{1}{2}$  gross and one dozen pills. It is well to advise druggists to put *samples all out at once*, then when people come in for second sample, you have none and they buy a box."

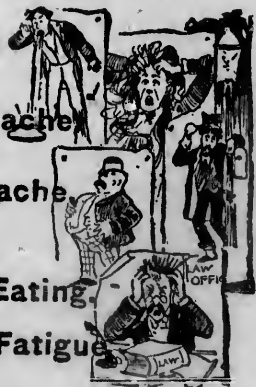

Yours truly,

HASKIN &amp; TODD.

CANTON, OHIO.

"As to our experience with Headache Powders, need only say that in less than six months the powders have become as staple an article in our business as Quinine."
