TOWN PLANNING LEGISLATION IS SOUGHT

New Organization Launched at Berlin Will Urge Need of a Greater Power to Develop Cities and Towns on Scientific Lines—Many Striking Suggestions.

BERLIN, Dec. 11.—(Special).—Two hundred representatives were present at the inaugural meeting of the Ontario Town Planning Congress held here tonight, and after the discussion which allowed the address of C. H. Mitchell, C.E. Toronto, who gave a splendid address, the following resolution was unanimously passed: On motion of Ald. W. B. Burgoyne of St. Catharines, seconded by Reeve Jeffrey of Galt.

"That in the opinion of this meeting of representatives of municipalities called the citizens of Berlin to discuss town planning and civic improvements along comprehensive lines the time is opportune for the formation of a provincial organization and that an adequate legislation to that end be sought and that a provisional committee consisting of ten members be appointed at this meeting with power to add to their number.

W. B. Burgoyne, St. Catharines, Edward Burke, Toronto, J. E. Jeffrey, Galt, H. J. Bowman, Berlin, J. Cronin, St. Catharines, and Dr. Hodgett, Ottawa, followed and gave brief addresses. Dr. Hodgett pointed out that it was not only a city beautiful, but a city beautiful that was desired.

He was present at the request of the chairman of the Conservative commission and they were willing to help secure the necessary legislation. Mr. Mitchell said, "The act does not go far enough. It should extend to cities, towns and townships. The New Brunswick Act was one worth while following, but before the act is put on the statute books all the needs should be wisely considered.

The following gentlemen comprise the first provincial town planning society: J. G. Jeffrey, Galt, chairman; F. L. Riggs, Toronto, secretary; Treasurer: D. B. Deweller, H. G. Bowman, Mayor Schmalz (Berlin), W. B. Burgoyne (St. Catharines), J. B. (Bren), K.C. (Toronto), H. L. Hutt (Welland), H. F. Holland (Sarnia), A. Waterous (Brantford), Dr. Hodgett (Ottawa), Mayor Hornum (Wreston). This committee has power to add to their number.

Mr. Mitchell said it had become evident that the time for national and provincial effort and for concerted civic activity in each community had arrived. To provide for wide-spread business thoroughfare, convenient grouping of public buildings, rapid transit, adequate street traffic circulation, parks and squares, parkways and boulevards, children's playgrounds and gardens, clean and attractive streets, pure water supply and efficient sewage disposal, prohibition of sign and noise nuisances, enforcement of laws for structural building and fire safety, and for tenement regulation and the encouragement of housing schemes. This effort could not in itself succeed simply by using the present-day conditions. Such effort must have encouragement from higher up and from the mutual assistance of sister towns and cities in educating the people and in impressing upon the provincial and Dominion authorities the great desideria of legislation designed to encourage, if not assist, various kinds of civic improvement.

SECRET PACTS WITH BRITAIN ARE HINTED AT BY LAURIER PREMIER BORDEN IS NETTLED

Opposition Leader Insinuates That Agreements Exist as to Building Ships in Canada and Officing Dreadnoughts With Canadians, and Premier Declines to Amplify Previous Statement—Pelletier Announces That Christmas Stamps May Be Used to Seal Letters.

OTTAWA, Dec. 11.—(Special).—Upon reading over the speech of the premier, he had found intimations of agreements of one kind or another. For example, the British admiralty was to build certain ships in Canada and the Canadian Government was to pay the extra cost of such construction and Canadians were to officer the Canadian dreadnoughts. Was this an agreement or did it relate to conversations Mr. Borden has had with some members of the government or other officials in England?

The prime minister answered that he had made no statement in the house which was not justified by the facts. He was sure that whatever Mr. Asquith had said was precisely true, but he could not vouch for the accuracy of the cable report. Premier Nettled. Sir Wilfrid protested that his question had not been entirely answered. If there was any agreement between the British and Canadian Governments not heretofore disclosed it should be laid on the table of the house before the naval debate began.

Mr. Borden repeated his statement that he had spoken with authority on these subjects. Sir Wilfrid Laurier rather excitedly protested that he was entitled to know if there was any written agreement, and what were its terms. The right hon. gentleman must accept my statement that I was authorized to make whatever statements I saw fit to make.

ALL PROTESTANT CHURCHES IN CANADA MAY BE UNITED

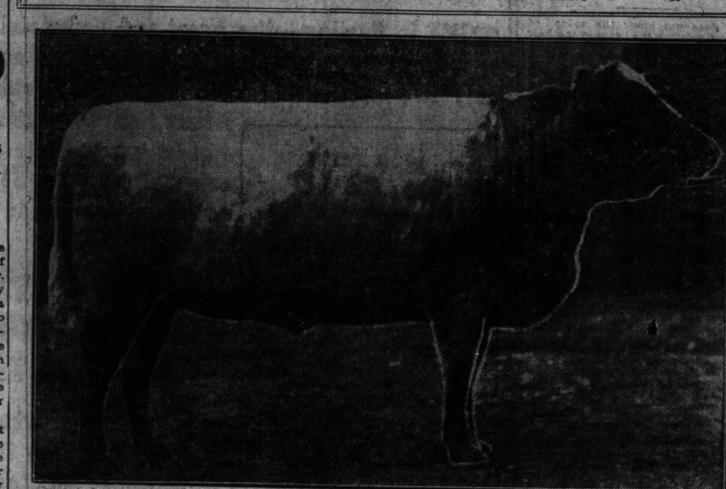

Basis For Unification of Every Evangelical Faith in the Dominion to Be Issued by Presbyterian Committee Now in Session in Toronto.

Greater in proportion than the organic union of the Presbyterians and Methodists, and Congregationalists, is the initiative here this week of a movement for the unification of all the Protestant churches in Canada. It is embodied in the work officially placed before the Presbyterian committee on church union, now in session here.

Three days' study work was before the Presbyterian committee when it assembled at St. James Square Church yesterday morning. Rev. Dr. Clark, Montreal, chairman, explained to the 88 ministers and laymen present, that the aim of the committee was to harmonize the amendments to the basis of union, which were furnished from the Methodist Presbyteries to the last general assembly. The amendments are before the committee in a lengthy eight-page pamphlet. The basis of union which failed to secure an adequate Presbyterian majority, is printed with the amendments in addition.

Rev. Dr. Ratcliffe, St. Catharines, stated that he thought the revision would be completed by Friday evening. The draft under consideration, which deals exclusively with the Presbyterians, Methodists and Congregationalists, contains a concluding declaration that "the basis of union should contain an explicit statement of the attitude of the united church towards a wider union."

GRAND CHAMPION HEIFER

Mischief E. III., winner of the Grand Championship Ribbon, and Prince of Wales' Prize at the Winter Fair, Guelph. The animal is a two-year-old Shorthorn Heifer, bred and exhibited by W. R. Elliott & Sons, Guelph. The award was contested by John Lowe of Elora, on the ground that one of the judges was influenced by personal motives, but the prize was reawarded to Mischief E. III.

CHAMPION STEER SOLD AT HIGH FIGURE

Hamilton Butcher Paid Thirty Cents Pound Live Weight for Best Shorthorn Steer in Canada—Union Stock Yards Show Created a Record for Attendance and Competition.

The third annual fat stock show at the Union Stock Yards, West Toronto, closed yesterday with an auction sale of the prize winners. In point of attendance and keen competition this established a record, not only in these yards but in the Dominion of Canada, and in the opinion of many live stock breeders and dealers who were present at the sale, in keenness of competitive buying it was equal to anything hitherto seen at Chicago or any of the large American markets.

The principal interest in the sale was centered on the disposition of the champion steer, bred and owned by James Leask & Son of Greenbank, Ont. This animal was the first prize winner at the Toronto Exhibition, 1912, champion at Ottawa, 1913, first and champion of all shorthorns at the Chicago International Show, 1912, and champion at the present Union Stock Yards show. Critics pronounce this animal to be the best shorthorn steer in Canada. The bidding started 25c per pound by weight and by quotations were gradually brought up to 30c, at which figure it was knocked down to Will J. Lord of Hamilton, one of the retail butchers of that city.

The following is a list of the sales, together with the buyers: Carload of first prize steers by Goff and Downie, Carstairs, Alta., sold to Wesley Dunn at 3c per lb. Load of second prize steers by Brown and White, Galt, sold to Harris at \$1.85 per cwt. Load of third prize steers by J. A. Co. Mack, Felsley, sold to Swift Canadian Company at \$1.50 per cwt. Load of first prize butcher cattle by ...

DAN M'GILLICUDDY DEAD AFTER LENGTHY ILLNESS

Prominent Canadian Newspaper Man Was Widely Known and Associated With Reforms.

Daniel McGillicuddy, a prominent Canadian newspaperman, died at his home, 727 Dolecourt road, last night after an illness extending over two and one-half years. He was in his 63rd year and for the past two years had lived in Toronto, coming here from Calgary, where he was publisher of The News-Telegram giving it up on account of ill-health. He is survived by a widow, two sons and two daughters, all of Toronto.

Mr. McGillicuddy was born in Carlisle, England, and came to Canada when quite young, settling in Halifax, where his father was connected with the British garrison. When a boy he entered newspaper work. Many years ago he established The Godefrich Signal and The Brussels Post, and later The Calgary News-Telegram. His first position was on The Guelph Mercury. When a young man he was connected with The Globe during the time the late George Brown was editor, and when John Ross Robertson, over 30 years ago, he was taken on the editorial staff. He was also a past president of the Canadian Press Association. He was a veteran of the Fenian raid, going to the front in 1866 with the first Toronto contingent.

When on the executive committee of the Canadian Wheelmen's Association years ago he was one of the first to begin the good roads movement, and he organized Huron County for the old Liberal Government. He took an active interest in politics and had engaged in many campaigns in the east and west. Seven years ago he was editor of Hansard.

The funeral will take place on Friday.

NEED \$5,000,000 FOR EDUCATION IN FARMING

Hon. Duncan Marshall, Speaking at Guelph, Gives Suggestion to Federal Government—Hon. Jas. Duff Fails to Promise Grant for New Buildings.

By a Staff Reporter. GUELPH, Dec. 11.—(Special).—If Canada can spend \$5,000,000 on battle-ships, surely she can afford to spend \$5,000,000 for agricultural education. This striking remark was made by Hon. Duncan Marshall, minister of agriculture for Alberta, at the luncheon of the dairy cattle exhibitors today. Present at the luncheon were the following: Hon. James S. Duff, Hon. W. H. Hearst, J. P. Downey, ex-M.L.A., Lt.-Col. A. H. Macdonald, K.C., J. Mookie Wilson, President McNeil, H. C. Schofield, M.L.A., Robert Miller of Stouffville, John Bright, live stock commissioner; J. M. Gardhouse, Weston; Nelson Monteth, ex-M.L.A., and Lt.-Col. R. McEwen.

The Guelph civic authorities were expecting an announcement from Hon. James S. Duff regarding a grant for new buildings for the winter fair, but none came. The minister of agriculture was very careful in his remarks and didn't pledge himself. Hon. Duncan Marshall almost hinted that if Guelph wished to keep the winter fair she should give it more support. The City of Edmonton, he said, had spent \$575,000 on buildings for its fair. Robert Miller of Stouffville said that although he was president of the Toronto show, he admitted that Guelph was the natural centre of the live stock show.

ONE OF JUDGES OWNED PRIZE SHORTHORN

Sensation Sprung at Guelph Winter Fair When John Lowe of Elora Protested the Grand Championship Award, But on Second Judging the Same Animal Won Again.

GUELPH, Dec. 11.—A real sensation was sprung at the winter fair today when the grand championship Prince of Wales award, which was announced in yesterday's World, was contested by John Lowe, Elora, on the ground that the judges, or at least one of the judges, was influenced in his decision by personal motives. The grand championship was awarded on Tuesday by the judges, Robert Miller, Galt, Smith and R. J. Mackie, to "Mischief E. Third," a shorthorn, two year old heifer, bred and exhibited by W. R. Elliott and Sons, Guelph, but before the judging took place Mr. Miller bought the heifer himself. When Mr. Lowe heard the particulars of the sale he immediately protested against the award and the directors consented to have the prize re-awarded.

The Second Judging. Professor Day of the O. A. C. took Mr. Miller's place on the board of judges and the second judging was arranged to take place in the afternoon. News of Lowe's protest soon spread among the cattle men, and when the two rival cattle were led in to the ring the excitement was intense. For a long time the judges said nothing. Prof. Day seemed to be the arbiter and the eyes of all the spectators rested upon him. Would he sustain Mr. Miller's decision or would he turn him down were the questions all were asking.

Mr. Lowe's animal was a grade Aberdeen-Angus two-year-old steer and a beauty. The Aberdeen-Angus breeders seemed to think that the success of their industry depended upon the contest, while on the other hand the shorthorn breeders lined up behind "Mischief," refusing to give up hope. Robert Elliott is said to have turned black in the face, but he defies it. "I'm confident that I can't lose," he said to The World, as the judges were about to give their decision. Won Second Time. Elliott's confidence was justified. "Mischief" was again proclaimed to be the better animal, and even Mr. Lowe seemed satisfied. After Prof. Day had pronounced his decision, Mr. Lowe had convinced him to his own way of thinking. Lowe stretched out his hand to Elliott and they shook. "I didn't really object to the decision," said Lowe, "and I didn't object to being licked; but I objected to the way it was done."

A Play of Oriental Splendor. "Kismet," one of the greatest plays ever staged, will be presented at the Princess Theatre next week, with that sterling actor, Otis Skinner, in the leading role. The sale of seats begins this morning and it looks like another "Ben Hur" week.

FINAL PROVERB NEXT MONDAY

But There is Still Time to Enter as Contest Will Remain Open Until 6 P.M., Tuesday, December 31st.

More Good Fellows Than We Expected

IT'S enough to make one an optimist, isn't it?—to be able to write a head like that. It shows that people appreciate having a chance to give—right. It's a pity that we haven't space enough to print some of the letters The World Good Fellow is receiving.

The manager of the restaurant of one of our large department stores wrote to say that all the workers there are Good Fellows—we believe him, because he wants to take care of two whole families for Christmas. Fourteen Good Fellows from one automobile concern wrote in to get the names of fourteen kiddies—they went out to them today. It would do your heart good to see the joy that has already come to some of the kiddies from Good Fellows who have gotten into the game early. To be a Good Fellow?—Just send your name to The World Good Fellow. Say if a little boy or girl, or both, or how many. Then go you and see the youngster—what it wants—or needs. You can measure your giving by your ability. But it's the personal contact that counts—the real, definite heart interest that comes from seeing where your generosity is bestowed. It's getting down to brass-tacks in Christmas giving, that's Good Fellowship. Tell all your friends, of both sexes, and send your own name today. Yours for the kiddies who will have no one but YOU. THE WORLD GOOD FELLOW.

Take Notice Proverb Contestants

An extract of Rule 3 of the Proverb Contest states: "Where contestants are not certain as to the correct proverb represented, they will be permitted to send five answers (not more) to each proverb picture. If the correct answer is given, incorrect answers will not count against the contestant."

Many contestants in The Toronto World Proverb Contest are asking if they may submit more than one answer to a single proverb illustration. An extract of Rule 3 is published at the head of this announcement. It permits contestants to send as many as five answers to each and every proverb picture if they so desire, as incorrect answers will not count against

Final Proverb Picture Appears Dec. 16th, But Contest Will Continue Until Dec. 31st
