TO TAKE IN STANLEY PARK
 With Chamberlain-Avenue Strip to
 Enlarge Cattle Market.
 That is What City Commissioner
 Contworth Will Recommend by
 Request of Chairman Dunn—Mayor
 Wants Market Improvement
 and Sewage Disposal "Pushed"—
 He is Also "Pushing" the Street
 Railway Company—Fleming's As-
 sessment Novelties Confirmed—He
 Also Recommends Renting Old
 Drill Shed.

The cattle market remodels will not
 have it all their own way at the Property
 Committee on Thursday, as they seemed
 to have last time. Chairman Dunn, who
 is one of the largest shippers himself, has
 been recently designated as the city's
 Mr. Thomas Crawford, agitating a
 new site, has instructed City Commissioner
 Contworth to prepare a report showing
 that properties might be appropriated to
 enlarge the present site. The report, which
 is in course of preparation, will recommend
 that Stanley Park and the strip between
 the strip and the east side of Chamber-
 lain-avenue, between Wellington-avenue
 and Teumseh-street, be incorporated into
 the strip and the strip widened to a
 nearly 12 acres to give present 10 acre
 site. In this arrangement the closing of
 Chamberlain-avenue would have to be
 avoided. No appreciable damages need
 necessarily be incurred on this account, for
 the fronting houses are few and not val-
 uable.

The chief difficulty then in the way
 would be to give the C.P.R. connection
 with the enlarged northern part of the
 market.
Mayor on Markets and Sewage.
 Mayor Shaw is alive to his opportunities,
 in the way of making Toronto a Provin-
 cial market centre and of disposing of
 the problem of sewage disposal. He
 is not yet sufficiently conversant with the
 recommendations of the committee to give
 recommendations on either subject. He
 has not yet assured himself that
 \$150,000 should be spent on improv-
 ing the sewage disposal, but it is prob-
 able the cost and not the scheme he is
 putting upon. To the World yesterday he
 referring to it, however, "I feel that we
 must push this thing so far as we can
 get it. It is not a question of money
 Property Committee get the thing done
 Council. With the support of the Mayor
 and of a committee composed of half the
 Council, it looks as though the enlarge-
 ment of the St. Lawrence Market, with
 the view to plan a grant from the
 people to be a 'fait accompli.' He falls
 in with the idea put forward, that enough
 money should be raised to build a bridge,
 rather than a high-level bridge over the
 Don, to build the new market.
 The time is also ripe, thinks His Wor-
 ship, to deal with the sewage business,
 and if he gets another year he promised
 yesterday that the city would do no more
 effort filling up the water courses.

Mayor Approves Street Railway Co.
 The Mayor, it will be noticed, stole a
 card from Aid. Bowman, in ordering legal
 proceedings, to force the Street Railway
 Company to plan a grant from the
 of cars, for the protection of the
 conductors. But this is not all he will
 do. He has also ordered the City Engineer
 to cause a survey of the street railway
 papers showing:

1. The evidence collected last spring, un-
 der his own direction, respecting the
 overcrowding of street cars.
 2. What correspondence the Solicitor has
 had on the subject, and what steps have
 been taken by him in reference thereto.
 3. What undertakings the Street Rail-
 way Company has given to prevent the
 overcrowding of the cars.
Abolish Grant for Harbor.
 He has also urged the Solicitor to ex-
 pedit his memorial to the Dominion Gov-
 ernment, petitioning for the abolition of
 the city and Harbor Commissioners in
 dredging the harbor. It will be remem-
 bered by a conference with the Mayor
 of Control and the Commissioners some
 days ago, and this is intended to stir the
 matter up. It is proposed to present a
 memorial shall be supported by the de-
 putation which is to go to Ottawa to ap-
 peal for rights to carry out the scheme of
 free trade to the island, via the western
 channel.

Fleming Wants Drill Shed Rented.
 Assessment Commissioner Fleming is for-
 warding with another assessment, his re-
 port to the Board of Control that he has
 come to an agreement with McWilliam
 and his partner, to rent the latter's old
 store of the storage of apples, for four months.
 The city is to pay \$300 in rental.
Want to Get in New Home.
 The Works Department is impatient to
 get into the new city buildings. All they
 need now to complete their allotted suite
 of apartments is the putting on of the
 doors, and the doors have been waiting
 for three weeks to undergo the
 completion of the works department has
 completed the work, but cannot lay the
 mill spring.

Fleming Assesses Even the Crown.
 The Court of Sessions has heard appeals
 against Ward 3 assessments all day yester-
 day. Large reductions were made, but one
 of them was against the person of the
 T. Eaton Co., which was assessed at \$20,000,
 the same as last year. The company's
 representatives took the ground that all
 the other buildings were assessed on the
 value, and that they were borrowing money
 to carry on business. But the court didn't
 see it in the same light.
 The reductions were chiefly made in the
 morning. The appeals were occasioned
 chiefly by the innovations introduced by the
 new Assessment Commission. The first
 was against the assessment of \$400,000
 against Mr. G. S. Holmes, for personally
 held by him as trustee for the wards of
 the court. Dr. Hoskin, Q.C., appeared for
 the Crown. He held that since the money
 was in the hands of the Crown it was not
 subject to taxation as any other estate.
 Dr. Hoskin, in answer to an appeal from
 Mr. Fleming to act as a citizen of Toronto
 view as acting for the Crown. He explained
 that the money was held in trust for
 the children, infants and other incapables, but
 that the Crown was the trustee. The
 defence dissenting. Notice was given of an
 appeal to the County Judge. Chairman
 Contworth has no reason why the person-
 ality for such persons should not be as-
 sessable.

Cook's Cotton Root Compound
 is successfully used monthly by over
 10,000 ladies, and affords the most
 reliable and safe means of regulating the
 system. It is a purely vegetable prepara-
 tion, and is entirely free from any
 dangerous or poisonous ingredients. It
 is sold in 10c and 25c packages. For
 full particulars, send for a free copy of

possible as the reality, and reality was tax-
 ed. The appeals of the Toronto General Trusts
 Company against a personal assessment of
 \$200,000 as trustee and as that of the
 Trusts Corporation of Ontario against an
 assessment of \$150,000 as trustee were alike
 confirmed.

Conviction—Murray Big Reduction.
 The greatest reduction was that in the
 valuation of the income from the Curwina-
 Murray estate. It was cut from \$300,000
 to \$110,000. This, as is probable, indi-
 cated the original assessment, but it was
 knocked out on evidence produced.

Smaller Cuts.
 The whole personal assessment of \$10,000,
 was struck from the Army & Navy Co.,
 the liabilities against the stock being sworn to
 be \$11,000.
 The assessment on the reserve fund of
 the Independent Order of Foresters was re-
 duced from \$100,000 to \$84,000.
 The assessment on the Agency was exempted
 by \$14,000 assessment, as they were able to
 show that they came within the definition
 of manufacturers.

1898 Convention for Toronto.
 Another convention for Toronto, Street
 Commissioner Jones, who is going, on Mon-
 day or Tuesday next, with the City En-
 gineer and Aid. Leitch and Saunders,
 to represent Toronto at the convention of
 the American Society of Municipal Improve-
 ments, states that the city's delegates in
 His Honor obtained the promise that Toronto
 should be the convention city for 1899. The
 formal invitation of the City Council will
 be issued in the "Toronto" office. Up till
 now Toronto was the only Canadian city
 affiliated with the society, but last
 year Hamilton, Quebec and Winni-
 peg swung into line. Mr. Jones says that,
 although there is no apparent benefit on
 the surface, yet he has gleaned pointers
 which have been invaluable to himself and
 the city.

Four Adelaide West New Dwellings.
 A permit was issued yesterday afternoon
 to the General Hospital Trust Board to
 erect four 4-story and mansard attached
 brick dwellings at 428, 428, 430 and 432
 Adelaide-street west, at a cost of \$40,000.

DAWSON CITY NOW.
 The Conditions at the Opening of
 the Winter Season Reported by
 the U. S. Consul.

Washington, D.C., Oct. 18.—Conditions
 in Dawson City as they exist at a report
 by the U. S. Consul, U. S. Consul
 Consul McCook. He says the city made
 rapid strides during August in the man-
 ner of building. There would be no
 lack of provisions or merchandise this
 winter. Prices of supplies were going
 down, owing to the large amount com-
 ing in. No thirty pound sack of
 flour, which formerly cost \$8, can now
 be had for \$5. "None but the wealthy,"
 says the consul, "can enjoy hotel life."
 The city is now a "boom town" with
 a mixture of hawks and straw for
 a bed, a candle for light and board at
 the rate of \$15 per cent. The typhoid is
 doing its worst. It is estimated that
 the increase, causing many deaths, out
 would decrease Oct. 1, when the frost
 began.

THE LUTHER LEAGUE
 Biennial Convention Opened in
 Holy Trinity Church, New York
 —1000 Delegates.

New York, Oct. 18.—The Biennial
 Convention of the Luther League of
 America was called to order at Holy
 Trinity Church in this city this morn-
 ing. There were nearly 1000 delegates
 present, representing the State League
 of America, the Canadian League, and
 a distinctive Lutheran diet, as it
 is the only occasion upon which
 both the Lutheran and the Lutherans
 of Germany in 1900. This movement is
 said to have the German Emperor's
 full approval, and the outcome is
 the League, awaited by the Luther
 League.

PARSON CHARGED WITH FORGERY
 Committed Three Years Ago Under
 an Assumed Name.

Marshalltown, Ia., Oct. 18.—George
 R. Parish, pastor of the Congregational
 Church here, was arrested yesterday
 afternoon by officers from Sandwich, Ill.,
 charged with the forging of a cheque for
 \$500 on the name of the Rev. Mr. Parish,
 which is a distinctive Lutheran name.
 Rev. Mr. Parish, and drawn on the
 Illinois Home Mission Society. Parish
 was positively identified as Thompson and
 was taken to Sandwich. He is a married
 man and a brilliant preacher.

House of Industry Board.
 The Board meeting of the House of
 Industry was held yesterday afternoon, Pres-
 ident Warring Kennedy in the chair. The
 members present were Messrs. James Mas-
 sie, T. R. Whiteside, Robert Little and Rev.
 A. H. Brown. The superintendent's report
 shows that six families were relieved. The
 inmates at present are 80 males, 20 fem-
 ales. The financial statement gives a bal-
 ance of \$1528.48. The admission to the
 casual ward was 180 males. These ad-
 missions were for from one to four nights,
 making a total of 534 for the month.
 Ten persons have left and one has died.
 A communication was received from Messrs.
 Justice & Hollis re the James Robinson be-
 quest to "Protestant charitable institu-
 tions," and a copy of the bylaws will be
 sent to the court, that it may be deter-
 mined whether or not the institution comes
 under the definition of the will. A com-
 mittee composed of Messrs. W. Kennedy, James
 Massie and Aid. Crane were appointed to
 inquire into the matter in order to
 secure the stone required, some 100 tons.

The Wabash Railroad.
 With its superb and magnificent train
 service, is now acknowledged to be the
 most perfect railway system in America.
 The great westward route from Toronto
 and west, including the famous Hot Springs,
 Arkansas, Old Mexico (the Egypt of the
 world), Texas and California (the land of
 sunshine and flowers). Passengers looking
 by the Wabash reach their destination in
 advance of other routes. Wabash trains
 reach larger cities than any other rail-
 road in the world. Detailed information
 will be cheerfully furnished by any rail-
 road agent, or J. A. Richardson, District
 Passenger Agent, 100 King-st., Toronto, and

 concerned the will of the late James
 Souters, who was living when the youngest
 surviving child attained his majority and
 entitled to rank on the estate.
