## Dineens' 36th Easter Hat Opening

A Six-Day Show of Spring Styles

Six weeks of planning to make the surprisingly grand and interesting display of this World's newest Spring Fashions, which we have prepared for the six reception days before Easter. The great store has been turned into an immense conservatory of style. The designs of every English, French and American hat maker of note are shown in all the variations of differing correct tastes. The vast displays of fashionable headwear are full of foreign novelties, many of them exclusive creations, imported direct by this house expressly for its Easter Opening. In the Ladies' Parlor we have prepared a special exhibition of the newest designs in Straw and Felt, with unique effects, imported from such famous fashioners as Dunlap, Heath, Tress, Knox and other celebrated creators of style.

MONEY TO LOAN ON STOCKS

Saturday Evening, March 25. Liverpool wheat futures to-day closed nearly a penny per cental above the previous final figures, thus responding to friday's advance at Chicago. Paris wheat rose 5 to

Chicago wheat futures were active this morning. They opened at a fractional deciline over night, but when a flood of buying orders came in from all quarters shorts rushed to cover, and the May option shot up 2c. It closed nearly ½c above Friday's close. The July option acted much in the same way. The market was buoyed up by reports of damage to crop, many of which were doubtless "made to order," for speculative purposes.

Liverpool maize futures to-day advanced ½d to 1d per cental. Chicago corn railied ½c to %c per bushel.

English farmers' wheat deliveries the past

English farmers' wheat deliveries the past week totalled 64,800 quarters, at an average

Many testimonials are received of the efficacy of Ozone. It is stated that it has been taken as a last resort after all other remedies had failed and where physicians had disappointed in a cure, and because of so many so-called hopeless cases in which Ozone has worked almost a miracle, is but further proof of its potency. If you are dishenriened by disease, put Ozone to the test. No cases are recorded against it where it has been taken as directed and given a fair and faithful trial.
