In sheer desperation I concluded, a few months ago, to see what effect a diet of Grape-Nuts food would have. I had often heard of it, but had little hope it would help me. I at once cut out all the heavy dishes with the tea and coffee that I had always used and began to eat Grape-Nuts with cream and a pinch of salt. Afterwards. I added fruit, with occasionally an egg beaten up in milk, and entire wheat bread. This has been practically my diet for more than two months.
