Tuckett's CIGARETTES

The same reason that prompts those others to select Tuckett brands when they want solid enjoyment.

"Quality" is the reason.

TUCKETT'S "CLUB" CIGARETTES—made from an exquisite blend of Virginia leaf.

TUCKETT'S "T & B" CIGARETTES—for the man who likes a full-flavored Virginia.

CITY COUNCIL IS SOLID IN CAUSE OF GOOD ROADS

Will Negotiate With York Township as to Metropolitan Area.

Application will be made to the legislature to enable the city to negotiate with York Township regarding the improvement of main roads within a radius of 20 miles of Toronto. The city council so decided yesterday.

President W. J. Gage and L. W. Clarke, a past president, were spokesmen for a board of trade deputation in support of good roads. Others present were G. T. Somers, J. F. Ellis, F. G. Morley and W. J. Trethewey. Mr. Clarke declared that the bad condition of the roads was a drawback to Toronto's produce trade. There were only two or three wholesale buyers at the city market where formerly there were ten or twelve, the purchasing now being chiefly done at outside points because the state of the roads kept the farmers away from Toronto. The cost to the consumer would be materially reduced if produce were brought to the market direct, enabling the public to buy without having to pay for railroad rates, and the profits of wholesaler and retailer.

It was unanimously agreed to make the application. A special civic good roads committee last November recommended such co-operation, suggesting also that the Ontario Government increase its contribution to good roads movement from one-third to one-half the cost.

Foster Still on War Path

Controller Foster showed that his determination to wage war on the department of industries is not altered by giving notice of a motion to rescind the bylaw under which Joseph Thompson was appointed commissioner of industries.

The list of legislation to be applied for went thru without alteration. Controller Foster opposed getting power to spend half a mill of the city's taxes to purchase parks and playgrounds, but only Ald. Hilton supported him, and Ald. Phelan failed to get council to take his view regarding the continuance of the system of managing Balmy Beach Park by a commission.

W. E. Middleton, K.C., was unanimously appointed to represent the city against the street railway before the privy council.

The legislature will be asked to validate the vote on returning to the ward system of electing school trustees.

Bylaw Rescinded.

The plaints of wagon-owners about the ordinance compelling heavily laden vehicles to keep close to the kerb, need no longer be heard, as Ald. Maguire's motion to rescind the bylaw was unanimously carried.

Thos. Sanderson, deputy city clerk, was officially appointed to act as city clerk in the absence of Wm. Littlejohn, who will be away for two months on a health trip.

Owners of electric signs will continue to furnish guarantee bonds instead of having the city assume the risk of accidents.

Bylaws to provide $320,000 for exhibition improvements and $262,000 for new fire halls and police stations were given final readings.

Council considered a long time before refusing Harry Chong, a Celestion, a laundry license at 1172 West Bloor-street. His solicitor, A. R. Hassard, explained that Chong had been in business for five years in the premises next door, but he had been forced to remove when his landlord sold the property, and had taken a three years' lease of the store adjoining.

It appeared, however, that many residents of the neighborhood were opposed to the license, and the sympathizing with Chongy and his prett white wife, who was present, declined to give him a licsnse.

Americans Win Two.

Altho defeated in their series, the Cubs did well to even take one of the games from the Americans in the Toronto Bowling Club League last night, and with a fine more pins contributed by the first three Cubs in the second game, especially the middle roller, a different story might have been told. Herb Gillis was the best pin-getter, with 578, while Jim McGowan was the second best roller of the night, and the big noise on the Cub team, with a 525 total. The scores:

AUTOMOBILE MOTORS

Lecture TO-Night Under Auspicee of the Engineering Society, by Inventor of Silent Knight Motor.

Considerable interest in motoring and engineering circles is being taken in the lecture to be delivered this evening at Convocation Hall, by Mr. C. Y. Knight of London, England, inventor of the Silent Knight motor.

The lecture is under the auspices of the Engineering Society of the University of Toronto, and the motorists of the city have been invited to attend, including ladies.

After the lecture a technical discussion will take place in which members of the university engineering faculty will participate.

Three Wrongdoers Nailed.

Nine skins of the thrifty beaver were found by Warden Willmott and Overseer Dan Blea under the kitchen floor of McKee's store at Worset, Muskoka. The storekeeper contributed $200 fine to the provincial exchequer.

Charles McPhee has been fined $60 and costs for buying moose meat from the Indians near Fort Francis and selling it to the lumber camps. Provincial Constable K. D. Campbell rounded him up.

The same officer arrested Everett B. Farley of International Falls, Minn., and had him deported by Immigration Agent Osborne as an undesirable alien. He was working a flim-flam game on the lumbermen.

A BASEBALL ROMANCE

How George Brown, Old Toronto Player, Met His Bride.

A large yellow rooster, wearing bloomers, and four brown hens, were picking rice in front of the home of Mr. and Mrs. Ira Todd, of Frisby-street, in Westchester Village, when the reporter got there the other morning. He had some difficulty in locating the home of Dan Frohman's telephone operator's parents, but when he saw the rice he knew that he was right.

Just to confirm him in this belief, when the door opened he saw on the centre table in the hall the latest edition of the Baseball Annual. Obviously that was the property of George Browne of the New York Baseball Club and formerly a member of the Toronto Club, that did business at old Diamond Park. He married Miss Marion McManus Todd, after a courtship which began on the wire, was continued at the ball park and ended in St. Raymond's Church at Westchester Village, under the ministrations of the Rev. Fr. Edward McKenna.

For six years Miss Todd has handled the switchboard in Frohman's office at the Lyceum Theatre. Among her duties was to keep her employer posted on the progress of all baseball games during the season. No matter whether the American or the National team was playing at New York Miss Todd called the parks at intervals during the game, and then carried the news to Frohman. That gentleman is a thirty-third degree baseball fan.

Miss Todd began by believing that baseball is a frivolous amusement for grown men to spend their time on, and ended by owning a conviction that it is the only national sport to be considered at all. In the last season she had a good many days off, so that she could go out to one of the parks with a package of fudge, a score card, and a pencil, and do a little fanning for herself.

Last year she noticed that often when she called the American League park a peculiarly musical voice answered her. The owner of the voice was not only glad to furnish her with all details concerning the playing of the game, but added some information about himself. In due course of time Miss Marion McManus Todd coyly admitted that she would be glad to become better acquainted with Mr. George Browne, known on the diamond as "Buster." The rest followed in regular order, and Mr. and Mrs. Browne, after a honeymoon in Florida, will take up housekeeping in Browne's home in Washington.

JACK JOHNSON WRESTLES

Fifteen Minute Bout With Tim O'Rouke in Grand Central Back Yard.

The colored champion, Jack Johnson, and Joe Walcott, also Mrs. Jack Johnson (white), arrived in the city yesterday for the week at the Star, and are staying at the Grand Central Hotel. Johnson looked in good condition and worked out an hour in the snow in the yard, among his diversions being a 15-minute wrestling bout with Tim O'Rourke, the latter weighing 280 lbs. Johnson stepped on the hotel scales in his street clothes and tipped the beam at 221. He expects to fight July 4 at 200 lbs.

The champion will start training in earnest at Chicago after his ten weeks in the show business is over. He expects the fight will take place in Salt Lake City, and that it will last ten, twelve, or, at most, fifteen rounds.

Johnson treats his arrests and automobile escapades as mere incidents in the rapid life and stirring times of a champion prize-fighter.

Debut of Ed. Delehanty

Jack Nelson, old-time ball player, recalls the debut of Ed., the greatest of the Delehantys, says Nelson:

"The first time I ever saw Ed. Delehanty was in Wheeling, W.Va. He reported to that club from his home in Cleveland, carrying an old-fashioned carpet sack. The Pirates were playing an exhibition game that day, and Morris and Carroll were in the points for the Pittsburg team.

"I remember just how awkward and ungainly Delehanty appeared as he came to the hotel carrying his big carpet bag.

"'Hey,' he said to me, 'where's Mr. Buckenberger?'

"Our manager was in at lunch I told Del so.

The Crowd Howled.

"'I'll wait for him,' he said, and sat down on a bench, his carpet bag between his legs.

"Pretty soon Buckenberger came out and 'Del' made himself known.

"Without even offering to buy 'Del' his dinner, Buckenberger ordered him to report to the ball park in the afternoon.

"I'll never forget that afternoon. The crowd howled and jeered at the new man in centre field, and to tell the truth, he seemed to deserve it all. I've seen 'rubes,' but I never saw a more dejected, mournful-looking spectacle than Delehanty was that day. When it was his turn to come to bat, however, all was changed. It was then he looked the part of the master.

One Awful Smash.

"'There's a hitter,' I said to my chum.

"'Tut, tut,' was the reply.

"The pitcher put up a fast one squarely over the middle of the plate.

"Honestly, I've seen Larry and Lange and all the others hit the ball, but I've never seen a duplicate of that smash. Morris simply sat down on the slab and waited for the ball to be returned from the next voting precinct. I think it was 75 feet high when it went over the centre field fence.

"Del could have gone around six or seven times on that hit.

"That night at the hotel he said to Buckenberger:

"'Do I get a job?'

"'Yes,' was all Buckenberger said. And Del did, and soon had all the world a-talking about him. He was the best natural batter that ever lived."

To Enter Hans Holmer.

Edgar A. Shee of Quebec, manager of Hans Holmer, has written to Messrs. Flanagan and Eck expressing a desire to enter his runner in the fifteen-mile Canadian Derby at Riverdale Rink, but he demands a bonus, win or lose, such as Pat Powers was obliged to pay Tom Longboat to get the Indian to run in the New York races. Holmer will get no bonus. He will have to take his chances of getting the money like the rest of the entrants. Shrubb, Sellen, Crowley (the New Yorker), Red Hawk, Simpson, Meadows, Butler (the English pro.) and others have asked for no bonuses, and would not get them if they did. Practically the same field will start in this race as in the fifteen-mile event at Madison-square in a few weeks, and the Powers-Pollock combination absolutely refuse to give any body a bonus. The money is ready for runners in the Riverdale Rink event, and the fastest men will get it. The big delegation of Guelph people who came down to see Meadows beat Shrubb think that the Royal City man can beat anybody, after his defeat of the English flyer. They will be here again. Fifty cents will be charged for seats in the gallery and $1 for reserved seats on the ground floor. There will positively be no advance on these prices, no matter how large the crowd. Tickets will be placed on sale at 189 Yonge-street, and at all the leading down-town hotels. The rink has been thrown open to the runners each afternoon after 5 o'clock.
