ADVENTURES OF THE TWINS

By Olive Roberts Barton.

"Oh!" said Johnny Sweep, "do excuse us, please, for being in your room."

"Oh!" whispered Nancy. "There isn't anybody here but a little bit of an old lady in bed. She's sound asleep, so don't wake her up."

Nick and Johnny Sweep walked over and had a good look. "I wonder where Sitcher Snatch is!" said Johnny Sweep. "I was perfectly sure I saw him come down this chimney and there's no place else for it to go but right into this room."

"Maybe he's somewhere else in the house," said Nick.

Famous Old Recipe for Cough Syrup

Quickly and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 5% ounces of Pinex from any drugstore, pour it into a 16-ounce bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

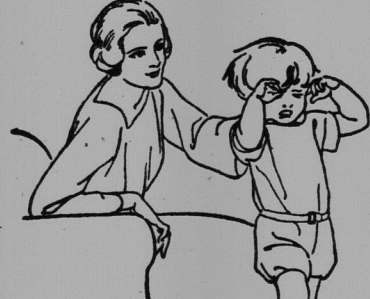

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and relieves the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and draughted cough disappear entirely. Nothing better for childhood, quinsy, croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "5% ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.
