

PAID A VISIT TO GERMANY

Rev. Dr. Hutchinson Talks of His Tour and Great Baptist Convention.

Rev. Dr. Hutchinson, pastor of Main street Baptist church, who returned home yesterday after an extended tour through Europe and also from the third Baptist World Congress, which was held in Stockholm, this morning gave a brief but interesting account of his trip to the Times.

The Congress opened on Saturday, July 21, and remained in session until Saturday, July 28. On the opening day a reception was tendered the delegates and in the afternoon the inaugural meeting was held. A welcome was extended by Rev. J. Brystrom, D. D., president of the Baptist Union of Sweden, and by the prime minister of Sweden, His Excellency Ernst Tryggar. A reply was made by W. E. Blomfield, B. A., D. D., president of the Baptist Union of England. The entire registration amounted to over 8,000, representing thirty-two countries, the United States, Canada and Great Britain having the largest representation.

The next world congress will be held in Toronto, as a result of an invitation from Canada being accepted. The invitation was presented by Rev. W. A. Cameron of Toronto. The United States also desired to have the next congress held in Washington, but the majority of delegates were in favor of the Canadian invitation. It will be held in 1928.

An impressive session in connection with the congress was held on Wednesday, July 2, when the session was adjourned at noon and the delegates marched to the historic church, the Westminster Abbey of Sweden, and there a wreath was laid on the tomb of King Gustavus Adolphus, who took such an interest in church work. A brief address was delivered by Dr. H. H. Shakespear of London, England, and Hon. Corwin S. Shank of the United States.

During the progress of the congress a declaration of the Baptist World Alliance was made to the Baptist Brotherhood, to other Christian brethren and to the world at large. There was also a resolution passed favoring the absolute abolition of all wars and the settling of international difficulties by conference. This was carried unanimously. It was interesting to see those who had been opposed to the passing of this measure.

Referring to his tour Dr. Hutchinson said that enroute to Stockholm he had spent a week in Germany and there tried to study conditions. He found the people well clothed, working hard, their large cities, especially Hamburg and Berlin, in good condition, and in general everything indicating prosperity. Approaching the Germans, however, he heard of the village of Bedonk, which seemed to be an impenetrable mystery surrounding the way they were living and their conditions. He found the Germans quite friendly to the English, but they had only bitter things to say of the French. Dr. Hutchinson also visited the palace in Potsdam, but said that since the war the glory of this beautiful abode had departed. All of the internal glory, consisting of furniture, draperies, pictures, etc., belonging to the deposed Kaiser had been removed, and the only things that remained were some pictures, tapestries, and sections of the library that had been the property of the late Frederick the Great.

In England Dr. Hutchinson visited many places in London and immediate vicinity that he had been familiar with in his boyhood and college days. He also visited the village of Bedonk, which he found, where stands the Baptist church of which his father was in charge for eighteen years. He had the pleasure of standing in the same pulpit where his father preached for so many years. Some of the other parishioners recalled the doctor in his infancy and boyhood days.

Dr. Hutchinson also had a most enjoyable time visiting his sister at Watford and his brother Henry at Glasgow. Most of his time, while not traveling, was spent at the beautiful home of his nephew, Sydney Pitkin, Esq., at Croxley Green, Herts.

Dr. Hutchinson feels very much refreshed after his journey and expressed a hope of being able to render more efficient service to his people and to the community at large.

En route to Stockholm Dr. Hutchinson was accompanied as far as Germany by G. S. Mayes of West St. John. The latter then went to Antwerp and Brussels and later rejoined the doctor in England and they traveled to Scotland together.

Montreal Wedding Of Interest Here

Miss Hazel Hoffman, daughter of Mr. and Mrs. Thomas Hoffman of Montreal, formerly of St. John, will be married this evening to Dr. Ezra Losinsky, a prominent Jewish practitioner and surgeon, at the Prince of Wales Hotel in the Hudson Hotel and will be a smart social event. The bride is a niece of Abraham Poyas of St. John and Mrs. Poyas and son Morton will be at the wedding. Congratulatory messages were flashed over the wires from here today and there have also gone forward many remembrances from relatives and friends in this city.

McKee-Brown.
A quiet wedding was solemnized last evening at seven o'clock in the Carleton Methodist Parsonage when Rev. F. T. Bertram united in marriage Miss Louise E. Brown, daughter of Mr. and Mrs. Alward Brown of St. Martins and Frederick McKee of the same place. The bride was becomingly attired in a suit of navy blue with gray hat and footgear to match. After spending a few days in St. John Mr. and Mrs. McKee will return to St. Martins where a post nuptial reception will be held at the home of the bride's parents. The bride was the recipient of many handsome and useful gifts.

Jukes-Marley.
Cards have been received announcing the marriage, in Boston, of Walter Roy Jukes of this city and Miss Made Marley, daughter of John and the late Cecelia Marley of Sussex. The bride was a trained nurse, and has many friends in St. John as well as a Sussex, who will wish bride and groom many years of happiness.

PROFESSIONAL MILLINERS GET HATS BY SPEAR

In a rather flattering way St. John has come up in the world of millinery. The very least a dozen millinery experts have stopped off here to visit the collections made at New York by following the showing of her own sewing. The picture in which Miss Wilson appears in a story of deep heart interest dealing with village life in New England and very much of the type of "The Old Homestead" and "Way Down East" as to characters, settings, etc., came through with a great deal of praise. In preferring what she found in St. John, Miss Love said Mr. Spear's compliment of saying she found nothing in Boston like his, and she proved it by getting her own hat from him.

Miss King of Martin's Ltd., America, did the same on stopping off en route from Toronto, and reported no collection in that city the equal of the St. John salon. At 177 Union street, like opinions came from others here the past week or so, such as Mrs. Feder, head milliner from Jensen and Mills, Halifax, Mrs. Cole, the leading milliner of Sydney, Miss Cottrill of Yarmouth, Miss Seaman of S. A. MacDonald, Charlottetown, Miss Hirtle, Lunenburg, Miss Reid of the millinery mail order firm of R. T. Holman & Co., Summerside, as well as head milliners from Miss Gallagher, Antigonish, from Pictou, New Glasgow, St. Stephen, Hartland and other places.

All took extensive notes of the Spear importations, many coming a second time to get further points of the newest and best in hat art. The fresh run of fashionable color was one feature, but the praise of the St. John house of Spear ran to other touches of excellence like the amount of hand work exhibited.

R. K. Y. C. SERVICE.
The 28th annual church service of the Royal Kennebec Yacht Club will be held on Sunday, September 9, at the Club grounds, Millville, at 3 p.m. and will be conducted by the Rev. Dr. J. A. Morrison, Club Chaplain. A cordial invitation is extended to everyone to attend the service.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

REAL MOVIE STAR HERE ON FRIDAY

Margery Wilson, W. S. Hart's Leading Woman, to Appear in Person at Imperial After Appearing in Film Story.

The personal appearance on the Imperial Theatre stage on Friday and Saturday of this week of the popular movie star, Margery Wilson, will be a new touch to St. John people in this line of entertainment. Miss Wilson was for years the opposite player to William S. Hart, particularly noted for his "good bad man" impersonations in the silent screen. Miss Wilson was at one time Douglas Fairbanks' co-star before Mr. Fairbanks married Mary Pickford. She is a delightful little person.

SUMMER COMPLAINT CRAMPS AND DIARRHOEA

There is no other kind of disease that comes on so quickly and with so little warning as an attack of bowel trouble. One may retire at night, in the best of health, and before morning be seized with terrible cramps and pains in the stomach followed by diarrhoea, dysentery, summer complaint or bowel trouble in one form or another. At this season of the year, when bowel troubles are so prevalent, we would advise the precaution of always having on hand a bottle of Dr. Fowler's Extract of Wild Strawberry, which you will be ready for any and all emergencies. You will find that a few doses of this valuable remedy, taken promptly, will be the means of preventing a great deal of unnecessary suffering, and many a time save life. Mrs. W. H. Judd, 174 Catherine St., Hamilton, Ont., writes: "Last summer I had a very bad attack of summer complaint, cramps and diarrhoea. I tried many different remedies, but they did not seem to help me. I heard of Dr. Fowler's Extract of Wild Strawberry, and I decided I would try it. I only took a few doses, and in a short time I was better."

Price 50c. a bottle, put up by T. T. Millburn Co., Limited, Toronto, Ont.

COOLIDGE ASKED FOR LIQUOR VOTE

Assemblyman Writes Urging a Referendum on Beer and Wine.

New York, Sept. 6.—An appeal to President Coolidge to submit the question of modification of the Eighteenth Amendment to the people is made by Assemblyman Louis A. Cuvillier in a letter. The letter arraigns the present Volstead act as causing debauchery to the youth of the nation, making its citizens a whiskey-drinking people, bringing about moral degeneration, hypocrisy and disregard for law, corrupting officials and establishing a spy system, increasing taxation and special privileges for the rich, and depriving citizens of their inherent rights of liberty.

The letter is occasioned, Mr. Cuvillier tells the President, by the address of John W. Davis, president, at the recent meeting in Minneapolis of the American Bar Association, in which Mr. Davis proposed changes in the present method of making constitutional amendments by submitting such proposed amendments directly to the people of the nation.

Would End Discreet.

"In my opinion," writes Mr. Cuvillier, "this proposed amendment to the Constitution of the United States will forever set at rest the contentious uncertainty of the people that the legislators of the respective states in adopting or rejecting proposed constitutional amendments to the Constitution of the United States that the legislators do not at all times reflect the judgment and opinion of the people of the United States on the change of the organic law."

"The adoption of the Eighteenth Amendment has created a condition in the minds of the people not to respect the amendment or the laws passed by Congress respecting its enforcement. The people honestly believe they are deprived of their personal liberty without being directly consulted."

"The State of New York, the largest in population and wealth in the states in the Union, approved of the Eighteenth Amendment through its Legislature and passed prohibition laws to enforce the Eighteenth Amendment. After a thorough demonstration of the futility of trying honestly to enforce this law it came to the conclusion that the state prohibition law should be repealed, and accordingly approved of a bill repealing the Mulan-Gage act."

NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Loisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's Vegetable Compound and tried it. I feel fine now and the pain is gone."

all the time now, also am picking up my weight. I will tell any one that your medicines are wonderful, and you may publish my letter if you wish."—Mrs. Ed. BOERNLIND, 1130 Ash St., Louisville, Ky.

Backache, nervousness, painful feelings, irregularity, tired and run-down feelings, are symptoms of female troubles. Lydia E. Pinkham's Vegetable Compound should be taken whenever there is reason to fear such troubles. It contains nothing that can injure, and tends to tone up and strengthen the organs concerned, so that they may work in a healthy, normal manner. Let it help you as it has thousands of other girls. Lydia E. Pinkham's Vegetable Compound is now selling almost all over the world.

this nation, Mr. Cuvillier continues: "May I respectfully suggest that you recommend to Congress when it convenes this December that the Volstead law be amended to permit the manufacture and sale of light wines and beers of such alcoholic strength that will satisfy the desires of the people without violating the spirit of the Eighteenth Amendment, and in addition thereto that Congress pass a law so that the people of the United States can be permitted to vote at the next Presidential election on the following question: 'Shall the Eighteenth Amendment be repealed?'"

"Second, shall the Eighteenth Amendment be modified so as to permit the manufacture and sale of light wines and beers of such alcoholic strength as existed prior to the adoption of the Eighteenth Amendment?"

"Third, shall the Eighteenth Amendment be amended permitting each state in the Union to choose local option on prohibition?"

The question of prohibition is a grave political question, and both parties, Democratic and Republican, have their eyes squarely fixed on the American people and rightly solve this social and economical question."

Explanation By Royals' Manager

To the Sports Editor of The Times,
The Sports Editor of The Times, I am sorry to hear that the Royals and Trojans would meet in an exhibition game on the East End grounds on Friday evening 7th, at 6.45 p.m. and up to the present, so far as the management of the two teams are concerned, no alteration of this arrangement has been made. As it is drawing very close to the end of the season and both teams find themselves considerably behind financially, a 15-cent admission will be charged at the gate.

A published article said that the Royals-Trojans game would be postponed in order that the Royals play the St. John's team a benefit game to help defray the expense of sending representatives from St. John to the Olympic try-outs at Halifax. Whoever was responsible for this article has made the statement without consulting either team, the Royals or Trojans. Should the Royals not play this benefit game on Friday evening with the Fairville boys, that is, without a little explanation. Now, we are not at all unwilling to play the Royals are not only willing but anxious to meet the Fairville boys and will at our first open date.

Thanking you, Mr. Editor for space and time, I remain, yours truly,
HAROLD BUSHFAN,
Manager, Royals,
St. John, N. B., Sept. 6.

JAPS START TO COUNT THE DEAD

(Continued from page 1.)
Reports also confirmed the death of Prince Tadashige Shimada, head of the Satsuma clan, who was crushed to death in his villa at Otsu, also of Prince Matsukata, one of the principal Genro, or elder statesmen of the empire.

Two capital ships were sunk at the naval base of Yokosuka by the tidal wave following last Saturday's earthquake, according to a Japanese news agency dispatch received here today.

Order Being Restored.
Nagasaki, Sept. 6.—It is reported here that the Prince Regent is contemplating the postponement of his marriage, which was to have been celebrated in November.

General Fukuda, in command at Tokyo, says order there is being quickly restored. Food and other materials have been requisitioned, everywhere and are now arriving in Tokyo by rail and being distributed to the destitute. Army engineers are repairing the railways and roads, so as to enable supplies to be transported by land.

Gen. Fukuda announces that looting and plundering must be stopped and martial law withdrawn at the earliest possible moment. He deprecates the spread of false rumors, such as reports of socialist activities and acts of violence by Koreans.

Large numbers of Yokohama refugees are arriving in Kobe. The steamer Dongola brought 404 of all nationalities, including 172 Chinese. The President Jefferson arrived with 255 Europeans. The steamer Lyeon brought 119, including 21 Europeans, 15 Chinese and 46 Indians. The Empress of Canada has 1,500 survivors on board.

Many of the refugees are in a deplorable condition owing to injuries. A majority of them are without clothing.

The 10,000 Chinese inhabitants of Yokohama, 5,000 are said to have perished. Chinatown went down in an avalanche of bricks.

Summary of Damage.
Iwak, Japan, Sept. 6.—Damage southwest of Tokyo is summed up by reports today that follow:
Yokohama annihilated.
Yokosuka, twelve miles across the sea from Yokohama, damaged greatly, to extent unknown. Population 100,000 or more.
Kamakura, 30 miles from Tokyo, collapsed, mostly burned; all villas and houses a burning ruin, lost.
Hiratsuka and Oise, small seashore towns, 38 and 40 miles from Tokyo, respectively, destroyed.
Kosui, a way station for tourists, spared.
Damage slight west of Mishima.

MILLIONS EACH YEAR FOR ROADS

California Adopts Gasoline Tax; More Than a Million Autos.

Los Angeles, Sept. 6.—California, already termed a paradise for motorists, with its thousands of miles of paved highways, is going after the superlatives in this respect.

Having thus far expended more than \$150,000,000 in highway improvements, the state hereafter will be assured of approximately \$20,000,000 annually as a result of the imposition of a gasoline tax of two cents a gallon.

This tax will be paid by more than a million registered automobiles, the million mark having been passed during the first six months of 1923. California thereby has become a "star" state in respect to auto population, and it is expected that the auto census, as disclosed by licenses issued, will show that the Golden State either is second or third in the list, coming up from fourth place in 1922.

The star mentioned is in actual use, the state auto licensing department having adopted the sign of the star to represent the number of 1,000,000. Therefore, any license plate with the figures preceded by a star shows that the number is above a million to the extent of the figures given. Thus, the license number 1,001,394 would appear as "1234." And the majority of machines are in Southern California, with Los Angeles having one for every family.

While the gasoline tax, which will go into effect on September 30, will be an innovation for California, it is not a new plan for raising highway funds, such a tax, ranging from one to three cents a gallon, having been imposed by more than three-fourths of the states.
