Former Champion to Train Firpo

JAMES J. JEFFRIES

THE TIMES-STAR SPORT REVIEW

Brief Comments on Pastimes of Interest to the Fans.

It is quite evident that Luis Firpo now realizes that he must become acquainted with modern methods of boxing if he is ever to win the championship title. By signing Jim Jeffries, the former heavyweight champion, as a trainer he has made a move that will probably put a scare in the Dempsey camp. Jeffries was one of the hardest punchers in the game and his experience in the ring should qualify him for this berth. If Firpo can be taught how to use his tremendous power to greater advantage it is doubtful if there is a boxer living, Dempsey not excepted, who would withstand his crushing drives.

Friday night Luis Vincentine will appear in Madison Square Garden against Johnny Shugrue. The former is under the personal observation of Tex Rickard, who believes that he is a coming champion. In Shugrue he is pitted against a clever boxer, but one not now considered in the first division. In his day Shugrue would have given Vincentine some real action and him, but he is now considered too old to be dangerous. However, the bout will give fans an idea of Vincentine's style, hitting power and all around ability and that apparently is the real object of the match.

Friends in this city will be pleased to learn that Dr. Joe Donnelly is meeting with success as a football coach. He was honorary coach of Loyola College team of Montreal last fall and he is being acclaimed as the one largely instrumental in their winning the Dominion Junior Championship. The members of the Donnelly family were all good football players, but Joe was the star, largely due to his great physical strength and tenacity. While a student at McGill University he was a member of the senior team and was considered one of the greatest line plungers ever developed there.

A Chinese general plans to teach Chinese soldiers scientific cultivation with modern farm machinery and then organize them into labor brigades for colonization of the vast waste lands of northwest China.

FITZSIMMONS TO GET NEW CHARGE

"Sunny Jim" to Take Over the Belair String

New York, Dec. 13.—"Sunny" Jim Fitzsimmons, who has ranked among the leading trainers on the American turf for nearly a score of years, has a new job. On January 1 he will take over the thoroughbreds which race under the nom de course of the Belair Stud. For fifteen years Fitz has been a public stable, but five years ago he signed up with the Quincey stable and under his care the "Copper with White Cap" of that stable dashed home in front in hundreds of races.

When Fitzsimmons takes over the Belair horses Eddie Phelan will take the Quincey horses. There is not much left of the once famous Quincey stable, but it is the intention of the owner to strengthen it immediately and make it as formidable as ever.

Phelan is a young man, but he has earned the reputation of being a first class horseman. Once before he trained for the Quincey stable and had considerable success with its charges. Among the winners he saddled for it were Andrew, Blue Thistle, Everett, Wabbling, Lady Teresa, True as Steel and Good Counsel.

Joe Mooney has been engaged to ride for the Quincey horses next season. On his new job Fitzsimmons will have seventeen horses to start next season. Among them is a younger brother to St. James, which won the Futurity for George D. Widener last September. He is by Ambassador IV, out of Bobolink II, and cost \$10,000 at the yearlings sale in Saratoga last August.

Belair Stud, after which the stable is named, is one of the finest stock farms in America. It is in Maryland. It is more than a hundred years old. The owner of it and the Belair horses is a steward of the Jockey Club.

JOE LYNCH MAY GO TO EUROPE

The Bantamweight Champion Receives Many Offers.

New York, Dec. 13.—Joe Lynch, world's bantamweight champion who is under suspension here, is contemplating a trip to Europe in quest of ring honors. The west side Irishman has been offered two bouts in London, one against a 122-pounder and another against a 126-pound English boxer. In addition Eddie Mead, Lynch's manager, has under consideration an offer for a bout against Eugene Criqui, French featherweight, to be held in Paris subsequent to the proposed English bouts for the title-holder.

Mead also has been offered \$50,000 for three bouts in Australia, but he indicated he would reject this proposition. Lynch will sail for Europe after the first of the year if he decides to make the trip, according to Mead. The champion's proposed match against Joe Burman of Chicago, which was sought by Philadelphia promoters for Dec. 27, has been abandoned. Promoter Tex Rickard of Madison Square Garden now is seeking to arrange a bout between Lynch and Abe Goldstein, recognized champion in this state, as a Garden attraction for Dec. 21 or Dec. 28.

RECEIVE LIFE SAVING AWARDS

Three New York Girl Swimmers Rewarded.

New York, Dec. 13.—Three New York girl swimmers were rewarded at the arrival recently of the White Star liner Pittsburgh, which brought Miss Mary D. Beaton, professional swimmer, armed with certificates for them from the Royal Life Saving Institute of Great Britain. They are the Misses Bernice Bernard, Muriel Fitch and Madara Mants, who took their tests in New York.

Miss Beaton was asked if she thought women swimmers would ever become proficient enough to compete with men. "No! Emphatically no!" said Miss Beaton in reply to the question. "Speed swimming has a terrific effect on the heart, and would be particularly dangerous to women. Men suffer, too, but they have more endurance. I do not believe that women will ever compete with men in any athletic event on an equal basis."

has been abandoned. Promoter Tex Rickard of Madison Square Garden now is seeking to arrange a bout between Lynch and Abe Goldstein, recognized champion in this state, as a Garden attraction for Dec. 21 or Dec. 28.

TO INVESTIGATE CASE OF PADDOCK

May Result in Another Athletic War.

New York, Dec. 13.—Failure on the part of the Amateur Athletic Union to lift the suspension of Charles Paddock, University of Southern California sprinting star, at the time of its annual meeting in Detroit recently, may result in another athletic war. Such was indicated when the National Collegiate Athletic Association announced the programme for its annual meeting to be held at Atlanta on Dec. 27-28.

Paddock was suspended for competing in an international college meet in Paris last year, and the failure of the A. A. U. to lift his suspension has raised the question as to his eligibility to compete in next year's Olympic Games.

The sprinter's participation in the Paris meet was under the sanction of the N. C. A. A., and the latter organization has challenged the action of the A. A. U. in a notice sent out to members, announcing that the case will be laid before the Atlanta convention.

This notice states that "in a letter sent out to our members on June 10, the members of our association were notified of the unfortunate developments resulting from the participation of Mr. Paddock of the University of Southern California, in the University of Paris track and field games last May. Since then, information has been received that all suspensions promulgated by the French Federation have been repealed, and so far as that organization is concerned Mr. Paddock can compete in the Olympic Games of 1924."

"The first is whether or not the colleges have to request authority of any super-organization to enter intercollegiate athletic competition in this or any other country."

"The second is whether or not all amateur athletes of good character who are citizens of the United States and have never represented another country are eligible to enter our Olympic tryouts."
