

WHAT'S DOING IN THE MONEY
AND STOCK MARKETS TODAY

NEW TRY RULING
IN EFFECT TODAY

Supreme Court Edict re Rum
on Vessels Will be Strictly
Enforced, Say Officials.

(By Canadian Press.)
New York, June 11.—The port
of New York has officially dry at mid-
night, when customs officials put into
effect the Supreme Court ruling, pro-
hibiting all merchant vessels, foreign
and domestic, from possessing liquor
within the three-mile limit.
Despite the fact that no definite in-
structions came from Washington, and
despite the admitted inadequacy of
their force, customs officers said the
law would be rigidly enforced. It was
stated that the 700 or 800 men in the
customs service probably would not be
able effectively to cope with their many
new tasks.
Foreign ship owners, pending pre-
texts by their own governments, will
meet the terms of the law, they an-
nounced.

OPINIONS ON THE
STOCK MARKET

New York, June 11.—The rail mar-
ket is showing some response to the
fine earnings statements which are com-
ing out, and a big car movement, which
indicates good earnings in future
statements. The industrial list is merely
marking time and awaiting develop-
ments in the crop and general business
situation. It is difficult to make any
intelligent forecast as to the immediate
outlook in the market.
Houseman & Co.—"At the present
time the rails present better opportuni-
ties than most of the industrials."
Josephthal & Co.—"We favor the
majority of rails and the purchase of
the entire list on any slight recession."
Hornblower & Weeks—"The rails
are still in a rally with some high
ground, and we believe the indus-
trial will soon join them."
Keech & Co.—"We still consider
the better class of railway shares as
the most desirable purchases."

HEAVY BUYING
IN RAILS TODAY

Good Demand Also for Steel
and Other Standard Issues
in Wall Street—Twin City
Feature in Montreal.

New York, June 11.—(Opening).—
Prices displayed a strong tone at the
opening of today's stock market.
Heavy buying of the rails, particularly
the low-priced issues, was again the
feature, but a good demand also was
noted for steel, equipments and other
standard issues. Gains of a point or
more were recorded by Atlantic Coast
Line, Norfolk and Western, Chicago
and Eastern Illinois, Colorado South-
ern, Com Products and Crucible Steel.
Noon Report.
New York, June 11.—(Noon).—
Buying of low-priced rails, particularly
those in which favorable dividend de-
velopments are expected, continued
throughout the morning, with orders
from western points an important fac-
tor. Strength of those issues was used
as a cover for bear selling and profit-
taking in the oil and shipping shares.
General Asphalt fell 3-4 to a new
low for the year, and California Petrol-
eum, Cosden and Sinclair yielded a
point or more. American International
Corporation and American Ship and
Commerce touched new bottoms,
dropping a point or so, as did Marine
preferred and Atlantic Gulf and West
Indies. Call money opened at 4-4-4
per cent.
In Montreal.
Montreal, June 11.—(Opening).—
Twin City was again the centre of at-
traction on the local stock market this
morning. Its action was again im-
pressive, opening up one point to the
high of 80 1/2. Smelters also were in
good demand and advanced one-eighth
to 100 1/2. Smelters came out with an
overnight gain of one-half to 27. Span-
ish River eased off three-quarters to
91 1/2 during the first half hour. De-
troit, at 75 1/2, and Illinois preferred,
at 90 7/8, were off one-eighth. The
balance of the trading was carried on
in an unchanged list.

Austrian Loan
Well Received By
British Public

London, June 11.—The £11,000,000
block of the new Austrian loan, which
the Bank of England undertakes to
place, was so well received by the in-
vesting public that the list was closed
before noon today although the pros-
pectus had stated that the subscrip-
tion privilege would not cease until
Thursday. This was taken to indicate
that the British share of the issue will
be largely oversubscribed.

MORNING STOCK LETTER.

(McDougall & Cowan's Private Wire).
New York, June 11.—Speculation for
the moment seems to be likely to run
into the rails, which are reaching
such large proportions as to create
hopes that in many instances dividends
will be resumed and in other cases in-
creased.

New York Central directors will
meet on Wednesday and it is con-
fidently predicted that the dividend will
be increased to six or seven per cent.
Most reliable reports indicate some
falling off in automobile business. The
Steel Corporation's statement of un-
filled orders on Saturday shows a
greater decline than expected and is
taken by bears as indicating a lessening
of the boom in the steel trade if not in
others. Over-production of oil con-
tinues with very little chance of relief
in sight at the moment. Briefly, higher
prices may be looked for the rails,
while industrial and oil shares are
likely to go lower than higher. Re-
ports from London indicate success of
the Austrian loan there, and similar
success is confidently expected here.
This is likely to be a bull factor for a
while.

APPLE PROSPECTS.

The Berwick, N. S. Register says:
"Apple prospects this year according to
expert opinions through the Valley are
for an unprecedented crop if nothing
unfavorable happens in the way of weath-
er. Some of the first buds are win-
ter-killed, making the yield on such
trees late, but on the whole there never
was a finer outlook."

FACING ELECTRIC CHAIR,
CLEARS OTHER CONVICT.

Thomas Kindon Confesses to a Rob-
bery for which William Carmody
is Serving 5-Year Term.

Albany, N. Y., June 11.—Awaiting
death in the electric chair at Sing Sing
for the slaying of Charles K. Jenkins,
Thomas Kindon, convicted jointly with
William Carmody, is now serving a
five-year term in Dannemora. Kindon
made his confession to Father William
E. Cashin at Sing Sing.
According to police records, Carmody
was arrested with Edgar for stealing
\$5,000 worth of woolens from a Boston
& Albany freight car. Carmody began
serving his term Oct. 21, 1921. Noonan
has not yet been brought to the trial.
The police subsequently recovered the
lost taken from the freight car.

Holidaying in New Brunswick

1. The Golf Links adjoining, and 2. one of the Club House, also run in conjunction with
the Algonquin Hotel. 3. A Bathing House by Katy's Cove.

In holiday times New Brunswick is
a happy thought. A hundred miles
of sandy beach and the Bay of
Fundy with an old-world charm
are recalled with other sunny mem-
ories. Splendid motor roads form a
network through a land verdant and
thoroughly cultivated. Bathing, golf-
ing, motoring, thousands of attractive
diversities are pleasantly recalled.
St. Andrews-by-the-Sea is one of the
best known of Canadian summer re-
sorts. The scenery of the district is
distinctly charming, and many of
the most prominent of Canadian citi-
zens make their homes there. Good
fishing may be had in the sea and in-
land waters, and as for accommo-
dation, the Algonquin Hotel, one of the
most modern of hostleries, is all that
could be desired. The hotel crowns a

ASKS PRAYER AGAINST PEST.

Governor Tells Carolinians the Boll
Weevil is Sent for Sins.

Columbia, S. C., June 11.—Governor
McLeod called upon the people of South
Carolina a few days ago to unite Sun-
day in asking divine aid in their battle
against the boll weevil.

Declaring his belief that the cotton
pest and other evils had been sent "as
a judgment on our people not only for
their sins, but as a means of bringing
them back to him," the chief executive
in a proclamation designated Sunday
as a day of fasting and prayer to God
"for deliverance from the ravages of the
boll weevil, in such way or ways as
may seem wise to Him, either by di-
vine supernatural intervention or
through the workings of natural causes
which are under His control."

The Governor's action was suggested
to him, he announced, by resolutions
adopted by the Black River Salem
Church and a number of organizations.
