BOWLING.

Three Season Records.

The Sweepers vindicated their claim to the name they have chosen when they swept three seasons' records off the boards in their City League match with the Ramblers on Black's alleys last evening. The figures that went tottering last evening were the high three string, the high single, and the three-string team total. T. Jenkins scattered the hard wood to the imposing extent of 882 for three strings. His singles were 114, 118 and 120. Copp felled 138 for a new single mark in his third string of the game and the Sweepers combined to roll up a new season's team total of 1487.

The summary of the game follows:

SKATING.

Ice at Saranac.

Saranac Lake, N. Y., Nov. 10.—A mild winter snow storm visited this section yesterday. Three inches of snow had fallen by dusk with no signs of abating. Lake Flower is frozen over and already boys have been skating on the bay.

FOOTBALL.

Finances and The Scotch' Town.

Montreal, Nov. 10.—Because they had failed to obtain satisfaction from the president or secretary of the Dominion Football Association, respecting the financial report on the dominion tour by the Scottish footballers this year, the Quebec Football Association will appeal for information to the vice-presidents of the dominion body, so President Tom Mitchell of the Q. F. A. stated last night. The hitch is said to have arisen over the estimated expenditure of the Scottish tour. The expenses were placed at \$30,000 and the gate receipts at \$100,000. The provincial associations were to have shared in the surplus, but Secretary Roy, of the D. F. A., has announced that no surplus exists.

Game Not Likely.

It would be practically impossible for U. N. B. to accept St. John's offer of a game in Rothesay on Saturday if it was announced in a telegram received from

TURF.
Man o' War.

Are Man o' War's honors in danger? Will that great Runnymede colt, Morvich, the pride of Benjamin Black, continue to be invincible in his three-year-old form next year and duplicate or exceed the great record made by Man o' War as a three-year-old last year? These are the questions that today are being asked by lovers of the thoroughbred. But, regardless of what Morvich accomplishes as a three-year-old, certainly his record as a two-year-old this season speaks for itself. He is a true champion.

Morvich has competed in eleven races and has won them all. He has done everything that has been asked of him. Distance, track condition, or the boy that has the mount have made no difference to this pleasant temperamental animal. He seems to know that his business is racing, and he is all business. In this respect he is much like the great Man o' War. After Morvich's victory in the rich Pimlico Futurity on Saturday not a few declared him to be a greater racer than Man o' War. Certain it is that Morvich's two-year-old record is a more impressive one than that of Man o' War. The latter was beaten once as a two-year-old by Upret, but because of the fact that he was left at the post and got a bad ride in that race, many have been inclined to throw it out of consideration.

A brief comparison of what these two splendid horses accomplished as two-year-olds is interesting. Morvich has won all eleven of his starts this season and his winnings total the magnificent sum of \$116,284. As a two-year-old, Man o' War started ten times and won nine races. His winnings totaled \$83,325. Thus has Morvich won \$32,959 more than did Man o' War as a two-year-old.

Man o' War holds the distinction of having won more money than any other horse in the history of the American Turf. His total earnings were \$240,465. To equal this mark, Morvich must win \$122,861, which is considerably less than Man o' War won as a three-year-old. Morvich certainly has got away to a flying start in his quest for greater laurels than were won by Man o' War.

There is quite a bit of romance attached to Morvich. When he made his first start of the season at Jamaica, he was entered in a selling race to be sold for \$5,000. There were no bidders. He was quoted at the luscious odds of 50 to 1. His price on Saturday was thirty cents to a dollar. Shortly after Morvich began to show impressive form he was purchased by Black and Burlew for a price said to be \$5,500. Toward the middle of the summer Black pur-
