SOCIAL SERVICE TALK AT SYNOD

Address by Canon Vernon of Toronto — Suggested Protestant Institution for Women Sentenced to Jail.

Fredericton, N. B., May 3. — Rev. Canon Vernon of Toronto, general secretary of the Social Service Council of the Church of England in Canada, was called upon at the Anglican Diocesan Synod today to speak. He said that to carry on successfully social service demanded study and investigation, and suggested study by the clergy of the various works prepared for this end, in groups of two or three.

While the clergy must oppose greater freedom for divorce, he said that at present the greatest trouble was that of closing the door behind a divorcee and that the church must assume greater responsibility in upholding the sacredness of the home and purity in the personal life and in the home, together with instruction in the matter of sex. Canon Vernon concluded with a reference to St. George and the dragon. "We have a dragon," he declared, "which attracts the tourists. St. George, however, was not satisfied with killing the dragon, but also undertook the rehabilitation of the victim."

The session was adjourned following a discussion of the proposed Maritime Home for Women at Moncton. It was urged by some that this project should be backed as a united Protestant project to provide accommodation for Protestant women who are now being sentenced to jail for lack of a Protestant home to which they might be sent.

The Rothsay College report showed lack of accommodation.
An additional report was presented by J. H. A. L. Fairweather, seconded by M. Robinson, requesting that a memorial building be erected at Rothsay at a cost of approximately \$45,000, and requesting that this amount be loaned to the school by the synod. This building is to consist of a chapel, dining hall, master's room and servants' rooms.

On a vote of \$88,000,000 for war pensions Hon. Dr. Beland said war pensions paid monthly now totalled \$5,817 of which \$2,227 were for disability and 10,490 for death.

There is constant danger in an oily skin

A skin that is too oily is easily infected by dust and dirt. Use this treatment to overcome excessive oiliness: With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold. If possible rub your face for thirty seconds with a piece of ice.

Begin this treatment tonight. Within a week or ten days you will notice a marked improvement. The Andrew Jergens Company.
