Edmonton Girl Saved by "Fruit-atives"

Edmonton, Alta., Nov. 20th, 1911.
"I had been a sufferer from leprosy with that terrible complaint, Constipation, I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease.
Finally, I read of "Fruit-atives" and decided to try them, and the effect was marvellous.
The first box gave me great relief, and after I used a few boxes, I found that I was entirely well.
"Fruit-atives" is the only medicine that ever did me any good for Chronic Constipation and I want to say to all who suffer as I did—Try "Fruit-atives"—why suffer any longer when there is a perfect cure in this great fruit medicine."

THESE ARE THE MEN TO WIN IN CHARLOTTE

Some Facts About the Strong Liberal Quartette Running in That County

(St. George Greeting)
The majority of the Liberals of Charlotte are familiar with everyone of the Liberal candidates. Mr. McAllister, former mayor of Milltown has always taken a prominent part in councils of his party. Where he is best known, he is undoubtedly a strong man and delegates from different sections of the country who have met him at political conventions have always found him deeply interested in the welfare of his party.
Mr. Byron needs no introduction to the people of Charlotte. An orator with few equals in the province, none in the county, he has ever been the champion of the men he lives among, ever driven for the welfare of the fishermen. Eloquent and convincing, he can be safely trusted to advocate measures looking for the betterment of conditions in our county. And it is a sure fact that no class of our people need advocates at present more than the fishermen who are already beginning to feel the squeeze of the octopus in the matter of disposing of their fish. The gross wrong left unremedied, it will be but a matter of days till the independent fishermen will be but a memory and the industry that has enriched our county will be but another plum in the basket of some of our present representatives who are grossly throwing into the laps of the C. P. Mr. Byron stands for everything the legal gentleman on the government side can oppose. Will the voters be fooled again?
Marry Mann is young, a farmer, possessing many qualifications that make the worthy representative. Among his associates, with those having business dealings with him, with political friends and political foes he stands good, respected by all. He brings to the ticket a clean record, a good judgment and a conscience that will never be warped by the glittering promises of the corporation robber. The type of a man who builds a country up, keen and honest, a man the county will regard with pride.
In Dan Gilmer Jr., the town of St. George and Eastern Charlotte have a candidate in whom all sections of the county feel an interest. The name is synonymous with Liberalism and has been a household name in Charlotte since and before Confederation. Rise of body, happy of disposition, quick in decision, with mental equipment capable of grappling with weighty questions, he worthily represents the name he bears and stands well with those who know him best. Dan is popular and will add strength to a ticket that is the most representative any party ever offered the electors of Charlotte.

A STIRRING MEETING IN FAIRVILLE

Candidates and Hon. William Pugsley are Given Rousing Reception

GOVERNMENT ARRIGNED

A Fair and Manly Presentation of the Facts Upon Which the Voters Will Decide—Hazen's Blow at the Prosperity of St. John

The Liberal campaign in the county was given a decided boost last evening by a successful meeting in the Townhouse hall, Fairville, at which Messrs. Bentley and Anderson were heard, and made a most favorable impression. Hon. Dr. Pugsley also addressed the audience in the absence of E. B. Cary, M. P., and made a most favorable impression. Hon. Fleming's Poor Policies

Dealing with the agricultural policies of both parties, Mr. Anderson pointed out a number of the failures of the Fleming government and the policy of Mr. Copp to have rural telephones, to give assistance to the farmers and so on, and showed that the policy of the government which is destined to take over the reins of power as a result of the election of the Liberal government.

"DOCTORED" EVIDENCE

OR CIRCLED BY FORIES TO HIDE THEIR GUILT

Fredericton, May 24, 1912

Why should the government issue this second edition of a portion of the auditor general's report, twisted to suit its own purpose?

On page 191 of the journal of the House of Assembly for 1911, April 12, the following appears:

"Your committee has pleasure in adding that of the many bridges and road accounts critically and fully examined not an error, oversight or irregularity was discovered."

If that were true the auditor general's report itself would have served.

But read further. On page 112 of the public accounts for 1910 appears this entry:

"Cemetery bridge, A. W. Chapman, foreman, \$113.98"

This was Allan W. Chapman, a practicing lawyer of Dorchester.

But the "doctored" report now being circulated in several counties, gives the item as follows:

"Cemetery bridge, parish of Dorchester, A. W. Chapman, lumber and stone, \$113.98"

The purpose of this "doctored" report, as shown by this and other items, is to suppress and conceal so far as possible, by falsifying the evidence, the facts exposed by the Opposition, showing indefensible payments to political favorites in the guise of foremen, superintendents and the like.

What do the electors of New Brunswick think of a government that will resort to such impudently dishonest tactics as these in attempting to cover up its crookedness from the people?

This "doctored" government literature is a confession of guilt. Let the electors deal with it on June 20.

point their own recorder.

Hon. Dr. Pugsley. Hon. Dr. Pugsley was received with three hearty cheers and in acknowledging the introduction of Mr. Bentley, he said that he had been able to do for Fairville and St. John County as a whole. In speaking of the Courtenay Bay work, for which Mr. Hazen claimed credit, Dr. Pugsley said that Mr. Hazen had not signed the contract as recommended by him on leaving the department that was in charge of the bridge and development of the whole project as I had to do.

Strong Indictment of the Government for Failure in the Great Work Entrusted to Them—Meeting Means Carleton Will be With Liberals

The opposition candidates were given a hearty reception at their meeting in West St. John last night and, if the character of the meeting and the spirit of the audience can be taken as an indication, Carleton is liable to lose the reputation as a Conservative stronghold. The attendance was much larger than at the recent Conservative meeting and it was marked by the attention to the speakers, hearty appreciation of the telling points they made and vigorous applause for the opposition.

The meeting was held in the Old Fellows' hall and was presided over by J. W. Keirstead. The speakers were all excellent men and made strong fighting speeches on which they scored the government on one matter after another, comparing their unenviable record with the popular platform on which the opposition are appealing to the people.

As a Carleton man Mr. Keirstead's speech was of special interest to his hearers and in the course of it he effectively disposed of the contemptible canvass which is being made against him in connection with the position of the recorder of the county in the legislature, a course without precedent for more than twenty years and a violation of the principle which the people have always demanded of its representatives that they should not serve two masters. It would be difficult for the electors of the county to believe that Mr. Keirstead was a deservingly and deserved very well Mr. Lowell fighting with and with the late Dr. Macdonald, the matter of water extension and matters of the kind were constantly cropping up when he was at the head of the campaign for the county to vote to extend the sewerage system of the city.

Mr. Pugsley also spoke of the great disappointment of the failure of the government to let the tenders for the construction of the Canadian navy at Courtenay Bay had been.
