LOCAL NEWS

WRESTLING.

The Times sporting editor received a letter this morning from Jackie Lewis, a local featherweight wrestler, saying that he would like to hear from promoters. He says he is willing to meet any one in his class.

HON. DR. ROBERTS.

Fredericton Mail.—The doctor is not a politician of the swashbuckling type but a painstaking and conscientious public servant who has worked hard to improve the conditions of life in this province. Should his return be opposed by the people of St. John should see to it that he is sent back to the legislature by a rousing majority. The province can ill afford at the present time to lose the valuable public services of Hon. Dr. Roberts.

MR. AND MRS. ARMOUR LEAVING.

T. C. Armour, physical director of the Y. M. C. A., and Mrs. Armour will leave today for their home in Toronto. Mr. Armour has been appointed chief of the physical department of the Broadview Y. M. C. A. and will take up his duties after the summer vacation. Recently the Y. M. C. A. Leaders' Class and Basketball team presented to Mr. and Mrs. Armour a beautiful silver service.

DIED TODAY.

The death of Mrs. Elizabeth Heys, widow of Thomas Heys, occurred at an early hour this morning at the home of her daughter, Mrs. James Rossiter, Sandy Point road. She is survived by three daughters and one son. The daughters are Mrs. Matilda Colwell, Mrs. Wm. Sargenson, and Mrs. James Kossiter, all of this city. The son is Robert Heys, also of this city. The funeral will be held on Monday afternoon from 248 Brussels street at 2.30 daylight time.

NOVELTY SHOWERS.

About thirty friends of Miss Gladys Carr met at her home last evening and pleasantly surprised her with a novelty shower in anticipation of a happy event in the near future. She received many handsome and useful gifts. The evening was pleasantly spent in games and music. Refreshments were served. The home of Dr. and Mrs. A. Boyce, Bentley street, was the scene of a happy gathering last evening when a large number of friends of Miss Elsie Magee tendered her a novelty shower. She was the recipient of a large number of magnificent and useful presents. During the evening dancing was enjoyed and refreshments served.

BUT HE SAVED HIS CATCH.

Lawrence Mulken, local freight agent of the C. P. R., while enjoying a vacation fishing trip, extending a welcome to the visitors, met with a mishap yesterday which was more disconcerting than injurious. He had just succeeded in landing a fine trout and as he ambled across an old log to display it to his companions he lost his balance and plunged backwards into the lake. He soon regained "terra firma" and then made a frantic effort to regain his prize catch which was vainly lashing about the water endeavoring to regain its freedom. He eventually secured the fish and made a hasty retreat for the camp to get into some dry clothing.

OUR RIVER IS FEATURED.

The beautiful St. John River valley is prominently featured in a nicely arranged booklet on Eastern Canada, issued by the Canadian National Railway for the tour of the National Editorial Association of the United States in June. A double page illustration in the middle of the booklet shows the stretch of the beautiful river valley. The booklet, which has a most attractive cover showing Canada extending a welcome to the visitors, begins with the words of greeting for them and in brief paragraphs with numerous fine illustrations tells them of the places they will visit between Yarmouth, N. S., and Western Ontario. The booklet itself will be an artistic and valued souvenir of the trip.

MRS. MATILDA COLWELL.

Mrs. Matilda Colwell, widow of Charles H. Colwell, died at her home in Chapel street yesterday after a brief illness, in the sixty-seventh year of her age. She was a daughter of the late William Vincent of Queens county, and a sister of the late county secretary, George R. Vincent. Another brother, John Vincent, resides at Glenwood, Kings county. She leaves also two daughters, Mrs. Lilian Kincaid and Mrs. Frank L. Best, one son, Charles E. Colwell, and two grandsons, Harold Kincaid and Charles L. Colwell, all of this city.

Mrs. Colwell had a large number of friends and acquaintances who appreciated her worth and kindly influences. In the Portland Methodist church she was a consistent member for a great many years. She was particularly popular among the summer residents at Sandy Point, where she made her home during the summer months, being especially friendly with the children. The funeral will be held on Sunday afternoon at 3.30 from her late residence, 11 Chapel street.

BOTH WERE HIGHLY PLEASED.

The president of the Canadian Club has received appreciative letters from Horace J. Gagne, K. C., of Montreal, and Dr. P. E. Doolittle of Toronto, who recently addressed the club. Mr. Gagne expresses the hope that he may have occasion to meet St. John men again to further interest of our common country. Dr. Doolittle thanks the Canadian Club and Automobile Association in behalf of himself and the Canadian Automobile Association and expresses hope that there will grow here a steadily increasing interest in good roads. He adds: "One result my visit has accomplished. It has made me a booster for your beautiful St. John district as a summer outing ground for tourists."

VIOLATING THE FISHING RULES

Sawdust in Streams; Little Trout Taken — Reported Elopement — The Apple Crop.

(Special to Times.)

Fredericton, N. B., May 29.—Inspector H. E. Harrison of Fredericton has been active this week in enforcement of fishery laws. At Woodstock five mill owners or operators were convicted of dumping sawdust in streams. Four were fined offences and one a second. Two mills were on the St. John river and three on the Presque Isle.

The regulation forbidding the catching of trout less than six inches in length is frequently broken. Three anglers who broke it on Victoria Day are to face charges at Canterbury on June 2. Netting trout also is forbidden and one violator of the law gave up his net to the inspector, but said it was the property of a resident of the State of Maine.

An elopement is reported from the Parish of Kingsclear, by which a wife and six small children have been deserted. The husband and a girl of the vicinity, who left at the same time he did, are supposed to be in the United States.

So far the prospects of the apple orchards of the province are bright. Advice received by A. G. Turney, provincial horticulturist, are that the blossoms have set well upon the great majority of trees. Included are such varieties as the Duchess, Macintosh, Dudley, Wealthy, Milwaukie and Fameuse. The chief danger apart from high winds and insects will be early June frosts. If the orchards pass successfully through that ordeal there should be a large crop.

NEW 'PHONE WORK IN THE PROVINCE

(Special to Times.)

Fredericton, May 29.—J. E. Marshall of the construction department of the N. B. Telephone Company has been here from St. John for the last day or two and the work which he has mapped out for this season, while it does not include lines in any well settled communities, nineteen new circuits covering 853 1/2 miles with a total wireage of 702 miles. The estimates for this work run up to about \$85,000 and he says it will require some 9,000 new cross arms on existing pole lines in addition to those now in place which can be used.

The longest of the new circuits extends from Fredericton to Newcastle and two covering that territory have just been completed. Three crews which have been on that work are now engaged on three new circuits from Fredericton to St. John. Two new circuits from St. John to Westfield, then westward to the west coast, have already been completed and two to Keewick will be run from here soon. One from Andover to Fort Fairfield, Me., has already been completed and others which will be finished in about ten days include two from Florenceville to Andover and two from St. John to Westfield. The work to be undertaken include two from St. John to St. George and two to Rothesay and one from Rothesay to Norton, the two additional circuits from St. John to Fredericton and thence to Newcastle furnishing a new avenue for messages to follow from the north shore to the winter port city.

CONTEST WILL OF MILLIONAIRE WHO IS MISSING

Toronto, May 29.—The sisters of Ambrose J. Small, theatre owner, who disappeared on Dec. 20 after having deposited \$1,000,000 in his bank, and has not been seen or heard of since, filed a caveat against his will yesterday. In recent proceedings for the appointment of a trustee to administer Mr. Small's estate, Mrs. Ambrose Small, by affidavit, stated that her husband's will left the entire estate to her. Mr. Small's sisters intend to contest the will.

OAK HALL SCOVIL BROS., LIMITED 55-57-59 KING STREET

This is Today's Situation in The Furniture Business

Manufacturers' prices seem to keep advancing all the time. We get the notices right along. Rug prices have been withdrawn again and some of the mills have advanced 10 per cent. They say shortage of and higher priced materials, shortage and increased cost of labor, with less and less production per man, are the reasons.

Months and months ago we called everybody's attention time and again to conditions and prospects. Many acted on our advice, came in and selected their needs and asked us to withhold delivery until they were ready for the goods. This we were glad to do then and glad to do now. A small deposit will do this for you.

Our advice—once more—is to select now your summer and fall needs. There is "no chance" for prices to be lower; there is every prospect that they will be higher. Pick out what you need just as soon as you can—make your payment and thus protect against price advance.

Guaranteeing everything we sell, as we do, and having stocks that are still complete, we believe you will find that if you take our advice now you will thank us later.
