WEEKLY WEATHER SYNOPSIS.

Victoria Meteorological Office, 8th to 14th July, 1902.

With the exception of Monday, 14th, the week has been fine and moderately warm in Vancouver Island and the Lower Mainland. This fine weather was due to the summer type of anticyclone, the barometer prevailing over the North Pacific Coast, while from California eastward the barometer has been unusually low. The air here, however, in the vicinity of Port Simpson, has been unusually high, the barometer fell along the coast in advance of an ocean storm area which crossed the coast Vancouver Island to the interior. This disturbance was preceded by the highest temperatures of the week along the coast, and during its passage it caused high westerly winds on the Straits of Georgia and Puca and on the coasts of Vancouver Island and Washington. Showers occurred that night about Victoria, and considerable rain fell on the Lower Mainland and in the Cariboo district, continuing until Tuesday, 15th.

During the week the weather has been generally fair in the Territories and Manitoba, and the highest daily temperatures ranged as follows: Regina, 81; Winnipeg, 78; appreciable amount of rain fell in Northern Alberta and Saskatchewan.

Victoria observations recorded were: 7 hours; rainfall, 0.7 inch; highest temperature, 74 on 14th; and lowest, 48 on 13th.

New Westminster—Rainfall, .48 inch; highest temperature, 66 on 14th and 15th; lowest, 49 on 13th.

Kamloops—Rainfall, .18 inch; highest temperature, 66 on 14th and 15th; lowest, 49 on 13th.

Port Simpson—Rainfall, .66 inch; highest temperature, 80 on 14th; lowest, 48 on 14th and 15th.

The summary of the weather for June, 1902, is as follows:

Victoria, V. I. Inches. Highest temperature, 80 on 20th; lowest, 41.5 on 15th; mean temperature, 57.56.

Point Garry, highest temperature 74.5 on 21st; lowest, 41.5 on 15th; mean temperature for month, 58.4.

At French Creek, highest temperature, 75.0 on 19th; lowest, 36.0 on 1st.

At Nanaimo, highest temperature, 80.0 on 20th; lowest, 42.0 on 15th; mean temperature for month, 60.3.

At Chilliwack, highest temperature, 88.0 on 20th; lowest, 40.0 on 1st.

At Kamloops, highest temperature, 82.0 on 20th; lowest, 42.0 on 15th; mean temperature for month, 62.8.

At Barkerville, highest temperature, 74.0 on 21st; lowest, 38.0 on 1st.

At Port Simpson, highest temperature, 84.0 on 20th; lowest, 38.0 on 1st.

At Port Lempson, highest temperature, 72.0 on 21st; lowest, 41.0 on 15th.

At New Westminster, highest temperature, 83.0 on 20th; lowest, 41.0 on 15th; mean temperature for month, 57.56.

Point Garry, highest temperature 74.5 on 21st; lowest, 41.5 on 15th; mean temperature for month, 58.4.

At French Creek, highest temperature, 75.0 on 19th; lowest, 36.0 on 1st.

At Nanaimo, highest temperature, 80.0 on 20th; lowest, 42.0 on 15th; mean temperature for month, 60.3.

At Chilliwack, highest temperature, 88.0 on 20th; lowest, 40.0 on 1st.

At Kamloops, highest temperature, 82.0 on 20th; lowest, 42.0 on 15th; mean temperature for month, 62.8.

At Barkerville, highest temperature, 74.0 on 21st; lowest, 38.0 on 1st.

At Port Simpson, highest temperature, 84.0 on 20th; lowest, 38.0 on 1st.

At Port Lempson, highest temperature, 72.0 on 21st; lowest, 41.0 on 15th.

At New Westminster, highest temperature, 83.0 on 20th; lowest, 41.0 on 15th; mean temperature for month, 57.56.

Point Garry, highest temperature 74.5 on 21st; lowest, 41.5 on 15th; mean temperature for month, 58.4.

At French Creek, highest temperature, 75.0 on 19th; lowest, 36.0 on 1st.

At Nanaimo, highest temperature, 80.0 on 20th; lowest, 42.0 on 15th; mean temperature for month, 60.3.

At Chilliwack, highest temperature, 88.0 on 20th; lowest, 40.0 on 1st.

At Kamloops, highest temperature, 82.0 on 20th; lowest, 42.0 on 15th; mean temperature for month, 62.8.

At Barkerville, highest temperature, 74.0 on 21st; lowest, 38.0 on 1st.

At Port Simpson, highest temperature, 84.0 on 20th; lowest, 38.0 on 1st.

At Port Lempson, highest temperature, 72.0 on 21st; lowest, 41.0 on 15th.

At New Westminster, highest temperature, 83.0 on 20th; lowest, 41.0 on 15th; mean temperature for month, 57.56.

REMAINS WILL BE LAID AT REST

today afternoon, the funeral taking place from the parlors of the B. C. Funeral Furnishing Co. at 3 o'clock.

D. G. S. Quadra arrived back in Port last night after several days' absence on lighthouse and buoy duty. While away repairs were effected to the Point des Mines lighthouse. The steamer will soon probably return in port until the arrival of Col. Anderson, chief engineer of the department of marine and fisheries, who, as previously stated, is on his way to the coast on a tour of inspection.

Advices from Hongkong per steamer R. M. S. Empress of India report that the total number of plague cases in that city up to the present date was 223. Nine fresh cases were reported the day previous to the sailing of the ship. For the week there were 49 cases and 31 deaths from plague; 15 cases of cholera, with 9 deaths, non-fatal cases of enteric fever, and 1 case of smallpox.

Tenders are being invited by the department of public works, Ottawa, for the supply of poles and the construction of a telegraph line from 150-mile house to Quesson Forks, via Horseshoe, in all there at anchor but tenders must be endorsed: "Tenders for British Columbia telegraph lines," and will be received at the office of the department of public works until Tuesday, 15th.

The results of the recently published matriculation examinations at McGill University include the names of the following: Victoria: James Aris; John B. Anstie, Vancouver; John A. Coates, Victoria; Nina B. Foreman, Vancouver; Donald McGraw, Vancouver; Conroy Langley, Vancouver; Lillian M. Mowat, Victoria; Kate H. McQueen, Vancouver; Donald McGraw, Vancouver; Barbara M. Snider, Vancouver; Medicine-T. Hudson, Courtenay; Victoria: John D. Galloway, Vancouver; Law-W. P. Ogilvie, Vancouver; A. F. Joseph, Nelson.

The fleet of idle sealers in the upper harbor is again assuming large dimensions, two having joined the vessels there at anchor last evening. The Mary Taylor reached home from the Copper Island coast yesterday afternoon. She brought aboard 481 skins, only one hundred odd of which were taken on the Asiatic side. The cruise of the schooner "Ella" in the "Plover" area, which is in command, reports that he sighted no other schooners since leaving this coast on April 15th, and that he has not yet crossed the Pacific, and he certainly had a bad season on this coast early in the year, but nothing but satisfactory.

Five British Columbia students who are attending the San Francisco College of Physicians and Surgeons attained a higher average percentage in the recent examinations than any other district. W. Allan, of Vancouver; B. Marshall, of New Westminster; J. G. H. Lewis, of Ladysmith; Hemming, of New Westminster, and George R. Jackson, of Victoria, are those taking credit from this year's examination. Marshall was third and Hemming did remarkably well in the surgery department. He is a student at college, out of a possible 900 took 820 marks in all examinations.

A grass fire near the Fountain yesterday afternoon, at the station of the Victoria, Port and Acting Chief McDowell went out with a hose reel and put it out.

There will be a meeting of the general committee of the societies reunion this evening, when arrangements for the forthcoming celebrations will be completed.

The annual general rally of the W. C. T. U. has been postponed for a week, but the ordinary business meeting of the union will take place at the Refuge on Wednesday night.

A number of the members of the committee for the annual picnic of the Commercial Union, which is to be held at Metlakatla shortly, His Lordship's presence at the picnic is being arranged for.

A meeting of the executive of the Intermediate Baseball League will be held this evening, commencing at 8:15 p.m., at the office of H. M. Gray, bank, Government street. Considerable business will come up for consideration and a full attendance is requested.

The Right Rev. Wm. Ridley, bishop of Caledonia, who returned from the year's visit to England yesterday, will arrive in Victoria on August 2nd, accompanied by Mr. A. W. Vowell, superintendent of Indian Affairs, who will be absent for about ten days.

Those who are interested in the movement to establish an institution here to be known as the "Alexandra Royal College of Music and Art" will be pleased to hear that the directors of the project have succeeded in raising the necessary funds for the purchase of property for the building of a club house. Concerts and other entertainments will be given, and as those held under the auspices of the club have always been well patronized on account of their excellence, it is hoped that in this way the money necessary may be obtained.

The bustling and bustling city of Seattle presents many attractions to the sightseers, and Victorians and others will have an opportunity to visit this city on Saturday the 20th inst. Perseverance lodge, No. 1, I. O. G. T. has secured the fine excursion steamer City of Nanaimo for that day, and have arranged a rate that even the small boy will be enabled to take advantage of. Leaving the B. C. N. Railway Company's wharf at 8:30 a.m. in order to give excursionists the longest time possible ashore, permitting the most of the prominent points of interest to be visited. Arrangements are now in progress to have breakfast served on board to accommodate those coming a distance. Those desirous of purchasing tickets before the morning of sailing, so that they may be disappointed, can do so from Dr. Lewis Hall, Yates street, or from G. Brown, department of public works office, post office building.

Gunner Smethurst and Trooper Winkie, of the Victoria coronation contingent, arrived at Vancouver today and left on the Charmer for home this afternoon.

The remains of the late Mrs. Hobart were laid to rest yesterday afternoon. The funeral took place from the parlors of the B. C. Funeral Furnishing Company. Rev. Canon Paddon conducted the religious services.

Robert Archmont, of the Victoria Transfer Company, and Miss Sara Ann Queen, of Castlegair, were united in the holy bonds of matrimony by the Rev. W. Leslie Clay last evening. Robt. Fer-

REBUKE.

To the Editor:—"Slumberer" in your issue of last night offered some pointers to the Tourist Association in such a manner that I feel it my duty to consider it calls for a word of protest from some one who has the welfare of our beautiful city at heart.

He cavils at the chemical works at the entrance of the harbor, and in the cutter's race, a six-mile course. Both races were won shortly before the ship sailed. A third cup that was given by the admiralty was won by the cutter "Phaeton" on Saturday. This has been won so far by a crew of the Shearwater.

The blacksmiths of the city will close their shops on Saturday next so that their attention may be directed to their annual picnic at Sidney.

The ship Ellen A. Reed, which has been undergoing about \$10,000 worth of repairs at this port, leaves for the Esquimaux mill to-night, where she receives cargo for the United Kingdom.

The inquiry into the fire on Fort Street was adjourned yesterday in order to give any witnesses who might have a fair chance to appear before the fire wardens. Unless such evidence is forthcoming the inquiry will probably not continue until Monday next.

The united blacksmiths of this city will hold their second annual picnic at Sidney on Saturday. Arrangements have been completed with the management of the Victoria Terminal Railway Company for an excursion train to run in connection with the event, the fare to be charged for the round trip being 35 cents.

Professor McMillan, of the Minneapolis University, will a party of 24 tourists who are anxious to join the students now at the botanical station of San Juan, is expected here in a day or two, and it is expected that he will proceed to the coast by the first steamer sailing.

A telegram has been received from Sergt-Major Mulcahy, who is on his way from the East, after going to London for the purpose of attending the coronation in connection with the steamer to reach this city on Sunday evening next. Sergt. Lettice has written a letter which indicates that he will be here at the same time. It is not known whether the other members of the contingent are returning in company with the sergeant-major. Sergeant Lorimer has not been heard of, and it is thought he is visiting relatives in the Old Country.

The regular weekly yacht races will be held on Saturday afternoon at 3 o'clock, commencing from off Beattie Rock. The contest will be between a boat of "B" class, which includes the "Wideawake," "Banchee," "Dione" and others. The trophy to be competed for is the "Season's" cup, which goes to the boat that obtains the greatest number of wins during the season.

There was a full attendance at the meeting of the executive of the Capital City Athletic Association, held last evening, when a programme for the winter months was thoroughly discussed. The organization was only formed last year, but the membership has greatly increased, and the club is now on a firm basis. It was decided last evening that the first step taken towards making preparations for the winter would be to raise money for the purchase of property for the building of a club house. Concerts and other entertainments will be given, and as those held under the auspices of the club have always been well patronized on account of their excellence, it is hoped that in this way the money necessary may be obtained.

The bustling and bustling city of Seattle presents many attractions to the sightseers, and Victorians and others will have an opportunity to visit this city on Saturday the 20th inst. "IN TOWN" CLEVERLY PERFORMED YESTERDAY

Another Large Audience Was Delighted by the Australian Juvenile Opera Company.

A full house greeted the Australian Juvenile Opera Company last night, when the musical burlesque "In Town" produced the popularity of these clever young people is evidently assured in Victoria, and the general opinion expressed in the foyer last evening was that Pollard's show is about the most enjoyable entertainment ever provided at the Victoria theatre. "In Town" is not up to the average level of opera or burlesque, but it contains some bright dance music, and one or two catchy songs, which are quite in the hands of the children and their admirers.

The company contains some born comedians in fact, judging from the very diminutive size of some of them. Willie sings and dances very nicely, and he has the self-possession of a successful politician. Miss Wene Finley, the "fussiest" girl in the company, and she sings very nicely, and is being endowed with a very sweet voice. Kitty Hetherington, the girl to whom the gay captain Pollard is so much attached, is a very nice girl, and she has a very sweet voice. Willie Thomas, as Benbow; Wene Loftus, as the parson; and Pollard, as the old Claude, are the other children who played leading parts, all deserve the greatest praise.

The staff of the Ymir mine has been reduced pending reports of Mr. Hooper, the engineer sent out from England to examine the mine. When Mr. J. G. D. H. Warden, the manager, died, he had a number of schemes on his tapis, but his sudden death left these schemes in a state of confusion. The company are now being thoroughly examined and proving all that was expected of them. A full complement of men will be put to work at the Ymir mine at once, and the stamp mill worked to its full capacity.
