THE ROYAL FAMILY AND THEIR ANIMAL PETS.

A picture that at present is the talk of all England is entitled "Queen Alexndra, Her Grandchildren, and Dogs. We have seen a sample of this famous picture reproduced, and it certainly is a charming and interesting subject. As Family Herald and Weekly out for the latest and best, have secured the American rights, and their sub cribers this season are in for the treat of their lives. The picture must be seen to be appreciated. It shows Queen Alexndra, accompanied by her three grandchildren, Prince Edward, future King of England; Prince Albert, his brother, and their sister, Princess Victoria, all on a visit to the royal kennels. The pictures of the Queen and granchildren are excellent, and the lovely collies and hounds are reproduced true to life. It is certainly the best the Family Herald has offered its readers, and there is end to be a big demand for it. The publishers have also issued a book en-"The Farmer's Manual and Veterinary Guide," that our farmer readers would do well to inquire about. A sample may be seen at this office, or full particulars may be had by writing to the Family Hearld office. No farmer should overlook it. All subscribers receive the beautiful picture absolutely

SOUTH PARK DRAWINGS. Members of School Board Will Inspect

Books at an Early Date. The investigation by the school board nto the South Park school drawings with reference to the use of "ruled lines" nstead of "free hand," as prescribed by the regulations, has not advanced any further than the last regular meeting. Chairman Boggs announces that Super-intendent Robinson has been notified of the trustees' desire to inspect the drawings in question. This was done verbally by the former, and the conversation, it is understood, was both brief and in-teresting. Replying to the chairman's statement that members of the board were anxious to see the books criticized by the examiner, the superintendent said that the decision in the matter had already been given to Miss Cameron, principal of the South Park school. it was explained that the board had determined to carry the investigation fur ther Superintendent Robinson insisted that he should be so informed by an official communication. To this the chair-

CAR SHORTAGE.

Railway Commission Orders an Officer to Investigate Complaint of Millers and Others.

Ottawa, Oct. 30 .- The railway commis sion issued an order to-day with regard to the complaint of Dominion millers and others of a shortage of cars to carry wheat from Georgian Bay to the sea coast. The order appoints the traffic officer of the board to thoroughly investigate the matter and report the facts to the board so that it can give its decision as speedily as possible. The board believes there is a shortage of cars, but there are other interests which must be guarded, and therefore it does not want to act hastily. As soon as the traffic officer reports, a decision will be given without delay.
