MANY MOURNERS PAY LAST RESPECT TO RT. REV. ABBOT BRUNO DOERFLER
HUMBOLDT, Sask. — On Friday, June 13, the remains of the late Rt. Rev. Abbot Bruno Doerfler were removed from St. Elizabeth Hospital to the Monastery church and were placed in the sanctuary.

All through the lying in state a guard of honor composed of the members of the Knights of Columbus and Volksverein kept unceasing vigil by the bier whilst a constant stream of mourners came to weep and pray for the soul of him who had so often sympathized with, and comforted them.

Long before the appointed hour of 9.30 on Wednesday morning, June 18, from every road came the quota of mourners. The vast edifice of St. Peter's church was crowded to the doors. Of such immense proportions was the sorrowful tribute that hundreds were unable to gain admission, and the vast multitude waited patiently in the heat of a burning June day to pay a last mark of respect to the illustrious dead.

The Rt. Rev. Abbot Peter of St. John's University, Collegeville, Minn., chanted the solemn mass, assisted by the Rev. Father Pileon of Edmonton, and Rev. Hilary Doerfler, of Collegeville, Minn. Rev. Father Cashmere of Dead Moose Lake acted as Master of Ceremonies. His Grace the most Rev. Archbishop Mathieu, delivered an excellent sermon in English extolling the great qualities of the dead priest and exhorted the people to follow through life the good example that Father Bruno had set for them. Rt. Rev. Abbot Peter delivered the sermon in German and paid a very fitting tribute on the work of the dead Abbot.

Among the many visitors were about 50 priests from the province: Rt. Rev. Bishop Budka, Winnipeg; Most Rev. Archbishop Mathieu, Regina; Rev. Father Jan, representing Bishop Pascal and representatives of Archbishop Sinnott, of Winnipeg, and Archbishop eBleveau, St. Boniface.

MR. ALEXANDER MUNRO

"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and used nearly everything I saw advertised to cure Rheumatism, without receiving any benefit. Finally, I decided to try 'Fruit-A-Tive.' Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

"It will reduce the number of unemployed men in the country and therefore the number of 'scabs' waiting for our jobs when next we call a general strike." This was the declaration of one of the heads of the meeting. This petition, it was claimed, would be presented to all returned men who would be asked to sign it. A small number of signatures has already been attached to the forms.

OUR ORGANISED GRAIN GROWERS

POLITICAL CONVENTION OF GRAIN GROWERS HELD AT TOWN OF MELVILLE

MELVILLE, Sask. — On Tuesday, June 17, commenced the second week of the Grain Growers' conventions and the only feature which distinguished the Salteats federal constituency from those held is the fact that the question of nominating a candidate was never raised. It was obviously assumed that no candidate would be nominated for immediately the convention got down to business it at once proceeded to appoint a federal constituency executive consisting of twenty members, with president, vice-president, secretary and inner executive. Owing to climatic conditions the attendance was the smallest on record, only sixty-five, out of the eighty-nine registered at the central office, being in attendance. The greatest unanimity prevailed during the proceedings. Not a ripple on the surface was manifested, and no apparent demand was shown for any different action to that of the previous conventions. During the evening meeting, the feature of the proceedings was the address by J. B. Musselman, who drew loud applause by the statement that every industry in Canada which demands special protection is either unnecessary or mismanaged. Further applause greeted the statement that the protective policy which has obtained during the last fifty years has had the effect of driving to the United States Canada's best blood and selling out to aliens the resources of the Dominion. During his address Mr. Musselman also made the statement which was equally applauded that the principle of protection was the underlying cause of world wars. A high protective world, concluded Mr. Musselman, would always be a warring world.

CANORA G.G. IN CONVENTION PRAISE REID

CANORA, Sask. — The eighth in the series of Grain Growers federal conventions was held here on June 18 in the Royal theatre with the smallest attendance of delegates yet recorded, the chief explanation of this is that the Mackenzie federal constituency contains the smallest number of locals in the province. According to the statement of the central secretary, J. B. Musselman, of Regina, there are only twenty-

four locals in the constituency, twenty-five per cent. of which answered in the affirmative the call to action. In comparison to the constituency of Swift Current, with 184 locals, the attendance of fifty-six accredited delegates and six visitors in the Mackenzie convention, was therefore a most representative one. The contributions to the convention fund from the six locals amounted to the sum of \$208, with other amounts promised to cover the minimum of \$250 asked for from each constituency. For the first time in the series of eight conventions there were no lady delegates and only one lady visitor, in the person of Mrs. L. R. Rooke. As wife of the district director she was seated as a delegate.

A resolution was moved by Peter Rousay, of Yorkton, seconded by W. D. Dunlop, of Yorkton, and unanimously adopted, that the convention secretary forward a night letter of congratulations and confidence in John F. Reid, M.P., as the member for Mackenzie constituency. Another resolution adopted unanimously was, "That we, the delegates to the Mackenzie convention of supporters of the farmers' platform, hereby endorse the policy of organization for political action outlined by the central secretary on behalf of the central board, and pledge our support thereof." Another resolution adopted was, "That whereas, as many locals in this constituency are not represented at this convention, and whereas, the records show a number of them have failed to respond to the questionnaire of the central; therefore, be it resolved, that there obtains the utmost need for a re-awakening of interest and responsibility on the part of those locals, and further, that each local should use its best endeavors to secure the organization of new locals in all territories not as yet so organized."
