ST. JOHN STAR.

ST. JOHN, N. B., APRIL 27, 1901.

INSURANCE RATES.

The correspondence relative to insur-
ance matters, which appears in today's
Star is of particular interest to citi-
zens of St. John. The proposed in-
crease in insurance rates does not ap-
pear to be justified by anything in Mr.
Davidson's letter. He practically ad-
mits that the business done down here
has been profitable, and if that is so,
there is no necessity for increased
rates. If losses have been sustained
elsewhere they should not effect people
here. The lower provinces should not
be made to suffer because of insurance
conditions in the west any more than
they should be compelled to pay in-
creased marine insurance rates be-
cause of conditions of navigation on
the St. Lawrence river. There does
not seem to be any reason why Mon-
treal should interfere in this matter at
all.

THE COTE CIRCULAR.

The Cote circular sent to the clergy
of Quebec in connection with the
census enumeration was discussed in
parliament yesterday. The purpose of
this circular apparently was to secure
such returns as would make the French-
Canadian portion of the population ap-
pear as large as possible, and one
speaker charged that it was intended
to add to the census a list of names
of French-Canadians who are now Amer-
ican citizens. Sir Wilfrid Laurier
argued that the purpose of the circular
was merely to overcome prejudices
existing among the French race, and to
secure full information, and of course
Mr. Tarte claimed that the circular
was all right and charged con-
servatives with raising the French cry,
adding that if the continued federation
may not continue as solid as it is now.
Mr. Tarte's observations were very in-
structive as the expression of a mat-
ured opinion of a member of the gov-
ernment of Canada. It was brought
out in the discussion that an attempt
to obtain information in regard to the
absentees in the United States was
only confined to French-speaking Cana-
dians. We in the maritime provinces
know that a very large number of
members of English-speaking Cana-
dian families are in the United States,
but the famous circular was not issued
to any English-speaking clergyman or others.

MR. JUSTICE KING.

An anxious interest was felt in the
city today over the report of the seri-
ous illness of Mr. Justice King. Few
men in public life have more friends
than he, and in St. John, where he lived
so long, and won his great reputa-
tion as a statesman and jurist, he has
more friends than he can possibly
have made anywhere else. Judge King
had an attack of illness a year ago,
but his health was supposed to have
been restored during his vacation in
England last summer. Only this week
he was appointed chairman of the
board of arbitrators in the case of the
employees of the Dominion Steel Com-
pany, who ask for an increase of
wages. The men made application to
the government under the Dominion
Constitution Act, and the government
granted their request, appointing Judge
King to the chairmanship. The court
was to have met at Sydney at an early
date. It will be remembered that
Judge King was arbitrator in a more
notable case, that of Great Britain
against the United States in respect
to the Behring Sea fisheries, and it is
said that the honor of knighthood
would have been conferred upon him
for these services had he been willing
to accept it.

BUT THEY WILL FAIL.

In an interview with one of the mem-
bers of the Cuban constitutional com-
mission at Florida the commissioner
said:
"Ninety per cent. of the Cuban peo-
ple desire absolute independence. It
is their wish that military occupation
by the United States come to an end
at once. It may be said that a small
element of Spaniards, from a purely
commercial motive, favor annexation,
but the wish for independence is felt
by many Cubans and Spaniards alike.
These Spaniards who favor annexation
are not impelled by any love for the
United States. They hate Ameri-
cans but they seem to wish some sort
of guaranty as to their property and
business interests. Peace with the
Americans without the independence of
the Cubans is impossible—I mean moral
peace. I do not mean to say that in
the event independence is not granted,
war or revolution would follow, but
there would be no sympathy, no friend-
liness between the people."
The Cuban delegates are now in
Washington, interviewing the govern-
ment. If they expect to carry the in-
dependence of Cuba back with them
they will be disappointed.

Dr. Sun, who was expelled from Chi-
na as a revolutionist in 1894, says that
the revolutionary party has its mem-
bership in secret societies throughout
the country, and that it wants absolute
abolition of the Manchu dynasty and
establishment of a republican form of
government in China.

INDIAN TOWN NOTES.
The freshest at Indian town is still
slowly decreasing. At noon today the
May Queen's wharf was bare, and the
logs which had been floated over the
public wharf were being taken to the
Star wharf and the street near it,
which on account of the height of the
water have been in a very dirty condi-
tion, are now drying up, and unless a
heavy rain occurs or a few days of
very warm weather, the water is not
likely to rise again.
The steamers have, during the past
day or two, found great difficulty in
landing their freight at up-river points,
owing to the high wind that prevailed.
Some of them had to bring back part
of the cargoes they took up on Thurs-
day and yesterday.
A cargo of about one hundred and
ten tons of Grand Lake coal came
down today in the schooner Leah D.,
Captain Slocum. It was brought by
John O'Leary and consigned to J. S.
Gibbons & Co. The men state that
yesterday was one of the wildest days
they have experienced for some years
on the lake.
Baker's mill at the Narrows com-
menced work today, after being closed
down for the winter.
The Clifton today brought the first
consignment of rhubarb to come down
river this season. It was grown by
Gabriel Merritt of Moss Glen and G.
Wetmore of Clifton.
A large number of piles have been
brought down from Westfield to be
used by the corporation in rebuilding
the old wharf at Reed's Point. On ac-
count of the freshet it has been found
impossible to tow them below the falls,
and they are being hauled round from
Indian town.

RECENT DEATHS.
At the home of her son-in-law, Ed-
ward S. Brodie, Prince street, west
side, yesterday morning, the death oc-
curred of Mrs. Susan Murray, widow
of John S. McMurray, who had been
ailing for over two months with
heart trouble. Mr. McMurray died over
a year ago. Two sons and two daugh-
ters, Mrs. Brodie and Mrs. Rubins of
Gagetown, survive. The deceased lady
was eighty years of age.
A DARING CANADIAN.
The cable brings news of the arrest
of a young Canadian named Frechette,
by General Bertrand, the French com-
mander at Oron, Alsacia, just as Frech-
ette was preparing, with a companion,
to cross the Desert of Sahara, where
he would certainly have been murder-
ed. There is every reason to believe
that Frechette is the son of the
French-Canadian poet, Dr. L. H. Frech-
ette, who left Canada two years ago
to travel in the East.
MONTREAL, April 26.—The steamship
Lake Champlain, which is reported on her
way up river, has twenty-one returning Cana-
dian soldiers on board. The steamship
Toucan is also reported upward bound.

MONTREAL, April 26.—Tenders for the
new civil loan, opened yesterday, will
probably be rejected by the city council, as
they are looked upon as being entirely too
low. One million and a half per cent.
or seventy thousand dollars of the amount
necessary to consolidate the loans to be re-
fired on the basis of the tenders submitted.
