## BAPTIST PROGRESS DURING THE LAST HUNDRED YEARS

Historical Address by Dr. McIntyre—Ludlow Street Church  
Burns Its Mortgage—An Interesting Service

The congregation of Ludlow street Baptist church celebrated the sixtieth anniversary of the founding of the church last night. A mortgage of \$1,400 which has hung over the church for some time, was burned. The wiping out of the indebtedness is largely due to the untiring efforts of Rev. E. C. Jenkins, who has been pastor of the church for five months.

Rev. W. E. McIntyre, delivered the main address in which he congratulated the minister and people of the church on having cleared themselves of debt. Revs. D. Hutchinson, Camp, Hughes, Manning, Cohoe, Fletcher, King and McMaster also spoke briefly. Rev. Mr. Jenkins delivered an interesting address in which he described the work leading to the liquidation of the mortgage. G. E. Mayes sang "The Holy City" very acceptably. After the pastor had concluded his address, the burning of the mortgage took place. Mrs. Phoebe Beatty, who is 84 years of age, and who is the only charter member of the church now living, held the document to the flames. As the mortgage was burning the congregation sang "Nearer My God to Thee."

The clergymen present were: Revs. W. Camp, A. B. Cohoe, Mr. Hughes, J. W. Manning, W. W. McMaster, D. Hutchinson, M. E. Fletcher, and Harry King.

Dr. McIntyre's address was as follows:

"Mr. Chairman and Brethren, I may say that when I first heard of your anniversary it was with some pleasure that I contemplated being present as a spectator and one interested in it. I did not think of it in the way that it has come about, in the way that your pastor has intimated, in the way of a special address, and when he asked me to name a subject I thought along this line, that this being an historical occasion, the subject of our Baptist advancement in the past 100 years would prove profitable. We meet very often with difficulties and discouragements in our work, we are sometimes inclined to think that religion is on the decline and that our denominational life and its interests are not up to the point they were formerly and that we are not the men today that our fathers were. I believe that for my own part I have never been inclined towards these pessimistic thoughts. I was born a hopeful believer, I have lived a hopeful worker, and I expect to keep on believing that the kingdom is coming and the church is doing its work in the world. I am not one of those who believe that the world is growing worse and worse; I believe in the richest

tist churches, Salisbury, Norton, where the 6th district is now to meet, Canning and Prince William, where the work of Mr. Crandall is to be remembered. After this they go on more rapidly. Going back to 1801 we would only find some six or seven Baptist churches in this province with a total membership of perhaps a thousand. When we look back for this hundred years we ask, what hath God wrought? Last year there were 322 United Baptist churches in this province, and I am glad that we have got back to where there is only one Baptist church. In 1802 the Free Baptist conference was formed and there was a split among us but happily in this century we have seen these 322 churches united; we have 322 ordained ministers in this province, 301 deacons, a good force already in sight, but even with these resources we will need more.

I am very glad at such a time as this to meet with our brethren here in St. John. I am glad we have got one debt raised among our pastors. Speaking of Baptist achievements I must remind you that we are but a part of the great body. I have already indicated some of the missionary movements 100 years ago. They began in weakness but went on and on to greater things. I have brought a few figures along this line to show something of the progress that has been made. Referring to the Baptist Missionary Society of Great Britain, organized as I have said at Kittering in 1795, William Carey toiled in India for several years without a conversion until on the last Monday of 1800 the first native was baptized by Mr. Carey at Krishnu Bengal. The expenditure for 1805 was \$25,709 or about \$400,000. In our currency from that small beginning of \$25,709 and \$400,000 The American Baptist Missionary Union, organized in 1814 is now holding its anniversary in Calgary church, Washington, D. C. Last year their total outlay was \$970,117.20 while their income for the same period was \$1,055,392. This society includes the 1,100,000 church members of the Northern States. The 2,000,000 white members of the South and the 2,000,000 negro members have each their own separate boards. In 1806 their European Missions had 927 churches, 1,219 ordained preachers and 105,980 church members, 5,619 candidates were baptized during the year. In 1806 their European Missions had 927 churches, 1,219 ordained preachers and 105,980 church members, 5,619 candidates were baptized during the year. In 1806 their European Missions had 927 churches, 1,219 ordained preachers and 105,980 church members, 5,619 candidates were baptized during the year.

In the year closing May, 1907 there were 130,000 church members in the United States. I will relate an incident of the work in July 1887 at Valumpilly, ten miles north of Oongie, in the state of Travancore. The time occupied was nine hours. Everything was done in an orderly manner and without haste. In all 9,606 persons were baptized among the Telugus in that year.

Something concerning the work done among the Baptist in all lands will be an idea of the growth of the denomination. Baptists in Canada number 130,000; in Great Britain, 410,000; in Africa, 15,000; Australia and New Zealand, 25,000; European missions, 170,000. The growth has been especially marked in certain countries. In Sweden, in 1850, there were a score or two of members; in 1882 there were 22,981; in 1907, 45,000. The Island of Jamaica where the work was begun in 1814 now has a Baptist membership of 18,000. In Germany rapid growth has also been noted; in the seventy years' work there are now 185 churches, 184 ministers and 34,000 church members.

In the United States we find progress more rapid than anywhere else, owing perhaps to the democratic disposition of the people and the democratic spirit of our denomination.

In the United States in 1781 there were 25,000 church members; in 1812, 2,417 churches, 1,918 ministers and 138,215 members; in 1850, 600,000 members; in 1880, 2,200,000 members; and in 1907, 5,600,000 members. Also the Disciples have 1,500,000 members.

In 1810 the United States had Baptist church members one to each 44 of population; in 1850, one to 33; in 1880, one to 23; and in 1907, one to 15. Taking the world-wide, we find in 1907, 49,000 ministers, 72,000 churches and over 7,000,000 members of our denomination and in round numbers about 30,000,000 of Baptist training and vision.

I think it is well now and then to mark the passing of the centuries and these anniversaries. We believe in the principles that God has given to us, as a people, and as long as we follow the lines of New Testament teachings we believe that He will give us success and a place in His kingdom, not to the detriment and injury of others but to His glory and to the benefit of men. We trust that this will be so as the years come and go.

### STROMBOLI AT IT AGAIN

MESSINA, Sicily, May 17.—A violent eruption of the Stromboli volcano occurred yesterday. It was preceded by a tremendous detonation and followed by continuous less violent explosions.

Rumors grow of the sale of the Shore Line Railway to the Canadian Pacific. Government ownership would meet with more general approval, but if company ownership is to prevail perhaps the road could not fall into better hands than those of the C. P. R. Corporations are much alike and agreements are generally reached that shut out the element of competition. But notwithstanding the rumors of a sale the Courier has reason to believe that none has yet been made and that a company other than the C. P. R. may become the owner.—Courier.

The train of the Hampton and St. Martins Railway met a derailment about two miles west of Hampton on Tuesday. Four cars jumped the track caused by spreading of the rails. All the passengers were uninjured and brought to Hampton on the engine, the cars were replaced at four o'clock and repaired and the train left again for St. Martins about 4.30 p. m.—Sussex Record.

G. Durrell Grimmer of St. Andrews has purchased at Pictou, N. S., the steam tug Victoria, and with Captain Guy C. Pendleton and a crew, left St. Andrews Tuesday evening to bring his purchase to Passamaquoddy waters. The Victoria measures seventy-four tons, is sixty-seven feet on the keel and has a beam of seventeen feet and is described as an able sea boat. She has been operating about Pictou, N. S. If the weather is favorable they expect to have the Victoria in St. Andrews by Saturday.—Courier.

### EX-CHIEF OF POLICE

SHOT HIS SUCCESSOR

And Then With a Revolver, Defied Arrest  
—He Had Been Drinking

MONROE, Pa., May 17.—Thomas Guest, chief of police of Belleverton, three miles from here, was fatally shot last night. Wm. Cates, his predecessor, who then walked down Main street firing the 38-calibre revolver at every one who attempted to approach him. Cates was finally subdued by several citizens but before a squad of officers who had been summoned could lock Cates up, he was severely beaten by an angry crowd which threatened to lynch him.

Chief Guest arrested Cates on a charge of disorderly conduct. While searching him at the jail, Cates suddenly drew a revolver and fired a bullet into Guest's forehead. Threatening James Frost, another officer, Cates escaped from the jail to Main street where he began firing at everybody he saw.

No motive is known except that Cates had been drinking.

### EVERETT ON TOP AGAIN.

When the score was tallied in yesterday's arithmetic tests at the Currie Business University, Ltd., it was found that Everett had quite an advantage over Baird. Sharp, of Hampton made a substantial yesterday which made a difference of sixty-nine points in his favor over yesterday's score. He is cool headed and may have to be reckoned with in the final tests.

The score stood as follows:

A. E. EVARETT, CITY.	1,425
Murray A. Baird, Hampton.	1,302
Chas. E. Sharp, Hampton.	1,041
Laura Aids, West End.	886
Harry Lockhart, Norton.	886
A. W. Yyle, Fredericton.	809
Harold Sullivan, Douglas Ave.	781
Arthur Miller, N. E.	517
Harry Sealey, N. E.	517

### THE MARITIME PHONOGRAPH COMPANY'S OPENING.

The Maritime Phonograph Company, Mr. George J. Barrett, manager, will throw open their store to the music-loving people of St. John in their new premises on Dock street, formerly occupied by E. H. S. Flood, tomorrow afternoon, when the general public is cordially invited to attend a recital of the latest and best music, as recorded for the Columbia Machine, both disc and cylinder. The Maritime Phonograph Company will carry an enormous stock of the very best talking machines and accessories and will introduce to the people of this city the new "velvet tone" Marconi scratchless record, which is flexible and indestructible, as well as the "Twentieth Century" Graphophone, a concert instrument, which can be heard a distance of four miles and which will be demonstrated by this company every day through a large strong box over the main entrance. Mr. Barrett, in conversation with the "Star" today, said that he intended keeping well supplied with all the most popular music, including a particularly large program of Harry McCluskey's solos. At present his wax cylinders are not all in, but by the first of the week the supply will be completed.

Mr. D. McArthur, bookseller, on Monday, 20th inst., will offer a great variety of wall-paper, 17,000 rolls (late shipments) including all grades of goods half off the regular price. All this must be sold. All new and elegant designs, beautiful goods in hall dining room, sleeping room and parlor patterns. Now is the time to secure the greatest bargains ever offered in St. John.
