

A New Wrinkle

Probably you never heard about the Burroughs extra Total Button. On some of the big machines, for instance, that will handle two columns of eight or nine figures at the same time, you may want to take a total of one set of columns and don't want to take a total of another; we meet that—with the extra Total Button.

Again, you can be adding in both sections of the machine, but you can total in either section that you want to—just another advance step in adding machine construction that most manufacturers never thought anything about, but we have to meet all conditions.

Let us show you.

LITTLE SERIOUS FIGHTING AS YET

Continued from page 1.

Servia's Declaration.

Belgrade, Servia, Oct. 19.—In the presence of the troops at Nish, yesterday, King Peter read a long proclamation explaining the causes of Servia's declaration of war against Turkey. He declared that the condition of the Servians in Turkey had been for many years "absolutely intolerable." The treaty of Berlin had wrought no improvement in their condition. Murder would be continued on the basis of Turkish rule over them. Under the constitutional regime there was no abatement in the oppressive measures by every possible method. Turkey sought also to hinder Servia's economic development.

"When an attempt was made in a collective rule to obtain a pacific settlement," continued the proclamation, "the response was fresh massacres of our brethren and atrocities and violations against Servians on the frontier. For this reason, with the help of God, I ordered my valiant army to take up arms for the holy war, for liberty, for our brethren and for the progress of the Kingdom of Servia."

After reference to the loyal support of the allies in the common cause, the proclamation concludes: "I ask you, dear brethren, to assist with your hearts and all your strength my valiant army. Long live my dear Servian army."

After the proclamation was read orders were given for a general advance of the Servian army.

A Sacred Cause.

Sofia, Oct. 19.—King Ferdinand has issued a proclamation to the army, in which he declared: "Having failed in ameliorating the suffering of our brethren in the Ottoman Empire, supported by our beloved nation, we have ordered our brave army to cross the frontier and engage in the struggle against our historic enemy. Our work is sacred in the cause of humanity. I am sure that the men of all ranks in the army will be inspired by the importance of their mission and justify the hopes the nation has in them. Forward with the aid of the cross and your arms, may God in His justice support our rights."

Gettling, Montenegro, Oct. 20.—It is officially announced here that the Montenegrin forces captured the town of Plava yesterday. The battle lasted two days.

Constantinople, Oct. 19.—The war office denies the Montenegrin reports of the capture of six Turkish battalions and a large quantity of munitions at Tushi. It admits, however, that Tushi has fallen. Up to the present there has been no serious fighting on the Bulgarian frontier. Everywhere the Turkish forces are showing alertness and determination not to be caught napping.

The compositions of composer Liszt promise to be popular in the concert programmes of the coming musical season. Well, there is no denying that they are pleasant to listen to.

It is generally agreed that the presidential campaign will not be in full swing until some time in October. Then, it is asserted, if the "split-blind" do not make the western race it will be because the walk is out of commission and cannot be rung.

TO PLACE BAN ON NEW SLIT SHIRTS

Washington, D. C., Oct. 18.—Prominent society women of Washington eagerly read in the newspapers about the new style skirt proposed by Lady Duff Gordon on her arrival in New York. To one feature of it they object, and that is the slits in the skirt just above the knees so that the latter be exposed to the sight of the curvilinear.

"I should imagine that such a skirt would be too much even for Washington," Mrs. William H. Delacy, wife of Judge Delacy declared. "I would not wear it, and I do not think the women of Washington will wear it. I should not think that it would be worn any place. It is immodest, besides being vulgar."

The embarrassing position of a woman wearing the skirt in a street car was explained by Mrs. John C. F. Pell, a member of Washington society.

"But can you not just see a woman with one of those skirts on sitting down in a street car?" she said. "Her knees would be sure to come through the slits, and even though they did not further rip the dress they would be exposed there to the idle stare of every man in the car. Besides, it would give her a cold."

"Of course there is no real harm in exposing the knees. I understand, however, that the women wearing the new skirts are supposed to wear socks, and have the naked knee on view. Believe me, no one will do that here."

FOOTBALL IN THE STATES; RESULTS OF GAMES SATURDAY

Cambridge, Mass., Oct. 19.—Harvard scored its easiest victory of several seasons over Amherst today, piling up 46 points to Amherst's none, on a rain soaked field. The crimson attack included nearly everything possible under the revised rules, while its defence was impervious. Amherst did not score a single first down. The crimson back field was one of great power, despite the absence of Captain Wendell, because of injury. Brickley, who scored three touchdowns for Harvard, tore through the Amherst defence as if it were so much paper, and further added to Harvard's total by two field goals. He failed on three other tries, the ball being heavy. H. Hardwick bucked his way for considerable crimson gains and secured two touchdowns. Freckley, a last period substitute, was sent over the line for Harvard's last score, after the crimson had come down the field with the aid of effective rushes and a twenty yard forward pass. Harvard used this latter method of offence four times, twice successfully.

PRINCETON DEFEATS SYRACUSE.

Princeton, N. J., Oct. 19.—Princeton completely outclassed Syracuse this afternoon and when the slaughter was over had piled up 62 points to none. It was again a case of the visitors' weakness rather than the Tigers' concentrated strength which was responsible for the size of the score.

CANADIAN FOOTBALL RESULTS

Montreal, Oct. 19.—The McGill football team this afternoon defeated the aggregation from Toronto University for the past three years champions of Canada, by a score of 28 to 7. The locals outclassed the visitors at all stages. Never has a Toronto football team sustained so severe a defeat at the hands of a McGill fourteen. The victory was a welcome one as McGill was beaten in Toronto in the opening game of the season, and the win today makes them even with Toronto for the championship.

McGill had not won a game from Toronto since 1909, when at the tail end of the season, after Toronto had already clinched the championship they defeated the Toronto team by 7 to 0.

HIGH SCHOOL TEAM DEFEAT COLLEGE BOYS

The Frederick High School football team continued its triumphal way on Saturday afternoon last, when they met and defeated the Rothesay College fifteen by a score of 3 to 0, in a fast and closely contested game. The game which was an interscholastic league fixture, gave the yellow and black athletes a good grip on the championship.

The play last Saturday afternoon was witnessed by an enthusiastic crowd of rooters. Dr. Don Malcolm handled the whistle to the satisfaction of all and from the kickoff the play surged up and down the field, neither side gaining any marked advantage, a safety being credited to each team before the end of the half. During the second half the scrums heated the ball well, open play being indulged in. Toward the latter part of this session Frederick rushed matters, Barbour going over for a try after a hard run. Rothesay bucked up after this and had the ball in the visitors' territory when the whistle blew for time.

The lineup:

Rothesay	Fullback	Frederick
