MARKET CLOSED STRONG WITH VOLUME OF DAY'S TRADING OVER MILLION AND HALF

War Shares less prominont, Financial houses showing more cautious attidude—Money rates so far fail to reflect success of Anglo-French Loan arrangements.

New York, Sept. 30—There was further heavy speculation in stocks today, but the complexion of the market underwent a marked change. War shares were less prominent, although some of these issues, particularly Westinghouse, Crucible Steel, Lackawanna Steel, Continental Can and American Can contributed materially to the day's total. As a whole, however, these stocks reflected the more cautious attitude taken by financial institutions regarding their availability as collateral for loans.

Metal shares were the central feature, Inspiration Copper being the most active, with a gain of 5 3-8 at 43 3-8, Anaconda, Tennessee, Utah Guggenheim Exploration, Chino and Ray also were in steady demand at substantial advances. Interest in these stocks was heightened by reports of further larg sales of copper for domestic and foreign consumption.

The list was put to a severe test at noon, when reports of the sinking of an American ship in the White Sea caused the war shares to suddenly recede five to ten points, while Union Pacific dropped three to 130 and United States Steel two points. Almost immediately, when it became apparent that the incident was without relation to international conditions, prices recovered, in some instances gaining higher points. In fact, the market, except for some pressure against the railroads, was at its best in the final hour, indications of the success of the foreign loan imparting further stimulus. Total sales of stocks amounted to 1,550,000 shares.

Contrary to general expectation, the war loan has yet made no change in rates for money. Approach of the third quarter of the year was without effect on local monttary conditions.

Bonds were irregular for a time, but hardened later. Total sales, par value, $5,225,000.

MARINE NOTES.

Schooner Ashore.

Digby, N. S., Sept. 29. — The schooner Palmetto, Yarmouth for Weymouth, to load for New York, which dragged ashore in Sunday's gale in St. Mary's Bay, near the entrance to the Sissiboo River, cannot be floated until the next high tides. She dragged after losing one anchor, and it is thought the vessel is not seriously damaged.

The Shenandoah.

Furness liner Shenandoah, which has been engaged by the British government as a transport, will soon be back in the regular service between this port and London. The steamer was scheduled to sail from France for St. John on the 14th inst., and is now due at the latter port. She is scheduled to sail from St. John for Halifax on October 2.

CLOSING LETTER OF N. Y. MARKET BY E. & C. RANDOLPH

(McDOUGALL & COWANS.)

New York, Sept. 30—The sharp break in the market at midday resulted in the formation of a new short interest and temporarily improved the technical position. Much of the selling which caused the break resulted from rumors of the destruction of an ocean liner by a German submarine, and it was when this was found to be untrue that a hurried covering movement set in and the bears bid prices up against one another in their efforts to obtain the stocks which they needed to cover their commitments. The only pretext for the rumors of a new submarine outrage was found in the news of the discovery of fire on a small American steamer carrying contraband to Arch Angel. The recovery in the afternoon was hastened by reports of negotiations covering many millions of shells, but there was no confirmation of these stories, and they may have been greatly exaggerated. The copper stocks became the leaders of the advance, partly owing to the improvement in the trade conditions which has occurred in the past few days. The steel corporation has just completed the third quarter and the earnings will be published on October 26th and will make a very favorablt showing. Sales 1,648,000. Bonds $5,481,000.

E. & C. RANDOLPH.
