Darley, A.B., of Old Pelican, has been appointed chaplain, and guardian of the college house, at St. John's, Nfld., in succession to Rev. Dr. Fawcett, who has been appointed superintendent of missions, for the Nfld.

Conference. Mr. Darley is held in high esteem by his Conference and will no doubt admirably fill the responsible position to which he has been called. Rev. C. A. Williams, pastor of St. James Methodist Church, Montreal, has been appointed by the Militia Department, as chief recruiting officer for that district.

Twelve per cent of the Methodist ministers in the active work in the N. S. Conference have enlisted. The Carleton S. S., of which Mr. C. H. The Conference Programme Committee met in this city, on the 17th, and prepared the first draft, for the next session of the N. B. and P. E. I. Conference, to be held in Summerside at the beginning of June. Among the special features, are a series of addresses by Dean Birney, D.D., of Boston, which will begin on the Friday morning and continue each morning to the end of the conference. Miss Nellie C. Johnson an Idaho deaconess, is a regular circuit rider, her two appointments being twelve miles apart and no railroad between. She is a westerner and thus naturally prepared for this sort of work.

### BAPTIST

Rev. Miles F. McCutcheon, formerly of St. John's, is doing successful work in the First Church, Montreal. His church is facing and solving the downtown problem.

Rev. E. M. Saunders, D.D., was for eleven years at Berwick, N. S., and fourteen years at Halifax. He wrote the "History of the Baptists of the

Maritime Provinces." "Three Premiers of Nova Scotia," and a biography of Sir Charles Tupper, which was just finished before his death. His funeral in Halifax, on March 19th, was largely attended by devoted friends in all walks of life.

Ellsa Perley Brison, M.D., will in May open a school for backward and nervous girls at her home in West Gore, N. S. She is a member of South Ramond Baptist Church, and this is a valuable and pioneer service.

Rev. J. Clement Wilson is now at Halifax preparing for active service, by taking a military course.

### From Other Lands.

In Burma the Baptists have by far the largest number of Christian members. There are in the State of Mississipi sixteen schools of grammar and high school grade owned and operated by various organizations among negro Baptists.

In the ten years from 1901 to 1911 the Baptists in India gained 63.1 per cent, or in actual numbers 115,256, the total in 1911 being 332,174.

The English Baptists produced one hymn writer who acquired a wide reputation. This was Miss Anne Steele, a volume of whose hymns first appeared in London in 1760, and won instant recognition for their intensely devotional quality. Her hymns became known in all English churches, and later in America where her works were republished in 1808; while Trinity Church, New York, when it printed a parochial hymn book in 1808, used 59 of her hymns in its total collection of 152. Of American Baptist hymn writers Dr. S. F. Smith takes precedence. The author of "My country, 'tis of thee," "Softly fades the twilight light," and "The morning light is breaking," will not lack for immortality.

### MORE WAR ORDERS.

New York, March 30.—It is expected that upon return of Mr. E. R. Stettin, of J. P. Morgan & Co., a number of large war orders will be speedily released. One of the orders involve about \$54,000,000, and will be divided between Amn. Loco., W. X. and Air-Brake. Initial transactions on stock exchange in government of Dominion of Canada 5 per cent gold bonds when issued due 1931 was \$5,000 at 96 3/4.—D. J. & CO.

Two Strings for a Beau

There probably isn't a kitchen in the land that's quite so clean as McCormick's new model bakery. Everything about the "house"—ingredients, pans, ovens, employees—are so scrupulously clean that, as the saying is, one could almost eat off the floor.

No wonder then that McCormick's Jersey Cream Sodas taste so good; they're good because they're pure and cleanly made; their dainty, wholesome flavor, follows as a result of the precautions taken to ensure spotless cleanliness in everything we do.

### EMOTIONAL COLORS.

Certain colors correspond to various human emotions, and are known, therefore, as emotional colors. Blue represents spiritual emotions, and signifies true religion in its lighter shades; yellow belongs to the feelings

that go with the highest intellectual development, and a brilliant intellect has its color counterpart in a vivid golden hue; orange and brown are always associated with miserly and greedy instincts.

Red is the color par excellence of passion; when deep or dull it is symbolical of sensuality and animal passions. Dark crimson represents hatred and the higher forms of love glow with pure rose color.

Green indicates deceit, grey betokens gloom, and black is the emotional color of revenge and malice.—Tit Bits.

## SIX SIGN ON AT CHATHAM

Soundings Taken for Piers of New Two Span Bridge to be Built at Mouth of Black River.

Chatham, March 30.—A. R. Wetmore, chief engineer of the public works department, was in town today, and with Inspector Desmond made an inspection of the Victoria bridge, another of Black River, with a view to getting borings for piers for a new structure. The proposed new bridge will be of two spans of 186 feet each, with concrete piers. The old structure had six spans and was a hindrance to traffic of boats passing through. Work will begin in the spring or early summer.

Six recruits signed on today—Wm. Koughan, Millbank; Thos. Lewis, Chatham; Ronald McDonald, Bay du Vin; James Edwards, Tabusintac; Alfred Murray, Tabusintac; Eric Munro, Tabusintac.

Wild geese have been seen in the Bay. The folks from that section say spring weather is assured from now on.

The river ice is getting bad in places, a horse having gone through yesterday.

Death of Edward Johnson, proprietor of Johnson's book store, occurred this morning at his residence, Henderson street, after several months' illness of heart trouble. Mr. Johnson was the second son of the late Hon. John M. Johnson, whose name loomed large in the political happenings of his day on the Miramichi. The deceased was about 65 years of age, and is survived by one daughter, Mrs. H. M. L. Russell, of Loggieville. Mrs. Johnson predeceased her husband by about twenty years. His host of friends on the Miramichi and throughout the province will be sorry to hear of his passing. He was a lover of sport—the rod and gun—and for many years was a member of the Chatham Curling Club. His jovial laugh and whimsies will be missed.

## NURSES' BILL PASSED WITH AMENDMENTS

Fredericton, March 31.—The corporation committee met this morning to take up further consideration of a bill to incorporate the New Brunswick Association of Graduate Nurses. A large delegation of nurses attended, for whom Mr. B. B. Hanson appeared.

Mr. Hanson, in explaining the objects of the bill, said it was intended to promote improvements in the standard of nurses in the province, and the object was certainly in the public interest. It was desirable to advance as far as possible qualifications for nurses in order that the utmost efficiency should be obtained, in fact he thought the committee would agree that the standard and qualifications in this respect could not be too high.

It was admitted that some changes were necessary to meet circumstances as they now exist. It was proposed to make the opportunities for nurses to acquire their training as large as possible. There are a lot of first-class hospitals in the province, and there was no desire to make any distinction between them, but provision would be made for nurses who had received their training at any one of them to apply for registration. If the principle of the bill was approved by the committee there should be no difficulty whatever in working out of the details. There was no question of remuneration involved in the bill and nothing to prevent any nurse, who was not registered from being employed by any person who might choose to employ her, at whatever fee she liked to charge.

The committee then proceeded to take up the bill section by section, and the chief discussion centred around the question of size of hospital at which the nurse should receive her training. The bill as drawn, provided that no nurse should be eligible for registration who had been trained at a hospital with less than 25 beds continuously occupied.

Mr. J. C. Hartley appeared on behalf of Woodstock hospital to object to this limitation. The average of beds at that hospital last year always occupied was only eighteen. At same time facilities which hospital afforded for nurses acquiring a thorough training were just as good as those
