Hockey Season Draws To Close

Fredericton Completes Its Schedule at Chatham Next Week

Fredericton, March 5.—The Sussex Eastern League Hockey team will play their next Monday night when a picked team of Fredericton and Marysville players will oppose them. It is hoped to be able to have the visitors stay over for a game Tuesday night with the Marysville team. Arrangements have been about completed for the Fredericton team's trip to the North Shore next week for the concluding games of the New Brunswick Hockey League.

The local team will play Chatham on Wednesday night and Bathurst on Thursday night, both games being at Chatham.

The possession of the Chestnut cup depends upon the outcome of the games, the champion ship coming to Fredericton if they win both games, whereas, one defeat for the locals will make Chatham the trophy holders, while one drawn game means a playoff between Fredericton and Chatham.

NEW YORK AGAIN VISITED BY SLEET AND SNOW STORM

Was Convalescing from Demoralizing Effects of Last Storm When the Relapse Came.

New York, March 5.—Shortly before midnight, the blizzard, which worked its way across the continent, struck Father Knickerbocker still convalescing from the demoralizing effects of his last attack of sleet and snow.

A driving rain, with the mercury well above freezing, served today to free the streets from the foot thick sheath of ice which has covered them for weeks. Tonight, however, this rain, swept by a fifty miles wind, suddenly turned into a curtain of driving sleet. Before many minutes the mid-covered pavements again were mantled with white.

EMBLEM FOR MEMBERS OF ASSOCIATION

The new emblem for 1920 of the New Brunswick Automobile Association as presented to members attending last night's meeting is a very handsome one. It represents an automobile tire, and is colored red, white and blue enamel. The tire is in blue with the name of the association in gold. The spokes are gold with a red background, while an oval center piece designates the year. The inset may be removed at the end of each year, and a new year substituted. The whole affair is designed to be attached to the top of the radiator.

SPAN OF HORSES GO THROUGH ICE AT OROMOCTO

Special To The Standard.

Fredericton, March 5.—During the ten days five horses owned by Archie Alton, of Blackville, and used in his lumber operations, have died and their deaths are attributed to flu.

Many other horses in the same stables are sick with the same epidemic and, despite the fact that a veterinary surgeon is in constant attendance, other deaths are looked for. The animals are stricken one day and suffer untold agony for a day or two and then die.

A returned soldier, who has recently taken up farming at Oromocto under the Farm Settlement Board, met with a heavy loss the other day. He was crossing the Oromocto River, where the ice gave way beneath his horses, and, before he could do anything, they were both drowned. It is presumed the enormous weight of snow on the ice caused it to sag, and the horses, being heavy, quickly went through.

A team of horses and sled, loaded with gravel, went through the St. John River ice at the Mouth of the Nashwaak a few days ago, the team being rescued with much difficulty.

George Denison, son of M. V. Denison, of Marysville, met with a painful accident a few days ago. While skating down the steep hill he tripped on a lump of ice when near the bottom of the hill and received a bad fall, breaking an arm and dislocating his shoulder blade.

B. M. Winger, of Montreal, of the Department of Natural Resources, was in the city yesterday in conference with the Crown Land officials over the matter of fire protection on the C. P. R. lines in New Brunswick.

F'TON DIOCESE WAY BEYOND ITS OBJECTIVE

Gratifying Results in the Forward Movement Financial Campaign Attained by Anglican Parishes.

\$125,695.88

It will be remembered that the objective was \$90,000, and this sum has been largely oversubscribed.

ENVER PASHA IN BERLIN SEEKING BIT OF SYMPATHY

London, March 5.—Enver Pasha, the former Turkish War Minister and leader of the Young Turks, is reported to have been living in Berlin during the past week under an assumed name, according to a despatch to the Times from that city. It is supposed he was desirous of arousing sympathy for the Turks.

PREMIERS' NOTE TO PRESIDENT MADE PUBLIC

Emphasizes Importance Attached to Wilson's Expressed Willingness to Accept Settlement Arrived at by Agreements Between Italy and Jugo-Slav.

Washington, March 5.—The text of the note from the British and French Premiers on the Adriatic situation, to which President Wilson's reply was delivered in London today, was made public tonight by the State Department. It conforms closely to the summary cabled from London February 27, and emphasizes the importance attached by the Premiers to the fact that Mr. Wilson had previously "expressed his willingness to accept a settlement arrived at by direct negotiations between Italy and Jugo-Slavia."

It has been assumed here that the Premiers' reply will be found, on publication, to deal mainly with the invitation of the Premiers that he join them in formally proposing such negotiations to the Italian and Jugo-Slav Governments. No intimation of his answer, however, has been given out, and owing to the fact that it was necessary for the President's most recent note to reach Premier Millerand in France it will not be made public until Monday.

PREMIERS CONCILIATORY.

The Premiers' note, after reiterating that they "have never had the intention of making a definite settlement of the questions raised without obtaining the views of the American Government," adds that the further "explanation of the views," contained in the President's memorandum, "is for them a matter of very great interest and importance."

"All the more so," the note continues, "since it shows that the United States Government do not wish to disinterested themselves from the general

NEW ANIMAL HAS BEEN CREATED

Secured by Breeding Buffalo and Common Cattle—Produces Fine Fur.

Montreal, March 6.—Maxwell Graham, director of Park animals, who is in charge of an exhibition of buffalo robes and heads, stated this morning, at the office of the Canadian Fur Auction Sales Company, that a new animal had been created, called "cat-talo" by cross breeding buffalo and common cattle. This new breed, he stated, is much of the hardness of the bison and is suited to facing driving storms. It had a coat of shorter but glossier hair, than the buffalo, and in the opinion of many, makes a more beautiful robe.

In size the cattalo is larger than either of its parents. When used for food it furnishes many good cuts. So far great success has attended the government's experiment in the cross breeding of buffalo and cattle, and its efforts will be carried still further. The departments of the interior and agriculture are making the experiment.

ST. FRANCIS XAVIER WINS CHAMPIONSHIP

New Glasgow, N. S., March 5.—The best exhibition of hockey seen in New Glasgow this year was given in the Arena tonight when the teams from St. Francis Xavier College, Antigonish, and Acadia College, Wolfville, N. S., crossed sticks for the Inter-Collegiate championship of the Maritime Provinces. St. Francis won by a score of eight to three. The game was clean and fast and the rink was crowded with spectators.

question of peace." In expressing agreement that direct negotiations between those people "would be the ideal way of settling the question," the Premiers said they were ready to withdraw their settlement proposals of December 9 and January 20, as they felt "that, if the two parties principally concerned believe that the various Allied and Associated Powers are committed to supporting them in any particular solution, it will be more difficult to secure a voucher for agreement between them."

In accordance with this feeling, President Wilson was invited to join the Premiers in proposing that the slate be wiped clean of all previous settlement proposals, and that Italy and Jugo-Slav "negotiate by mutual agreement," on that basis. The Premiers reiterated that the Treaty of London with Italy was kept secret for military reasons only.

In conclusion, the note said a speedy settlement of the Adriatic dispute—a dispute which is now "gravely threatening the peace and delaying the construction of Southeastern Europe," was urgently necessary.

Montreal, March 6.—The Rev. A. E. Barclay, chairman and superintendent of the Methodist Church, in the Bahamas, is in Montreal today and he stated that the West Indian Islands are strongly against the United States purchasing them from Britain. He also said that the people were anxious for a much freer trade with Canada.

BASKETBALL AND ATHLETIC EVENTS

The Y. M. C. A. Senior Basketball team had a good workout last night, and have another practice slated for Monday night as they are determined to be in the best possible condition when they mix up with the U. N. B. team Wednesday night in the big senior event of the season.

Because the Atlantic Sugar Refinery team will be unable to meet the St. Andrew's Seniors, the original preliminary has been cancelled, but the fans will be treated to an interesting match, as Miss Matheson, of the Y. W. C. A., expects to have her team ready to meet the fast Fairville girls' team. The game will start at eight o'clock, and the Seniors at nine.

Two events were run off in the Y. M. C. A. indoor weekly athletics, last night. In the standing hop, skip and jump, Morton got the honors, when he jumped 24 ft. 9 in.; Gillan was second, with 24 ft. 3.5 ins., and Swetka third, with 23 ft. 9 ins.

The other event was an unusual one, called the floor push, and listed among the events for competition in the C. S. E. T., being a test of strength. The results were as follows: 1st, Swetka, with 33 dips; 2nd, Morton, 24 dips, and 3rd, Ballila, 16 dips.

AT THE HOSPITAL.

The condition of Howard Boyce, who received a broken leg on Thursday night, was reported at the General Public Hospital at an early hour this morning, to be resting quite comfortably.
