H. W. CHISHOLM, Agent. M. Th. de Saussure, and are now able to furnish some further details. Professor Sorei, in delivering a most interesting report, passed in review the operations of the Industrial section, in reference to Commerce, 'aying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Gene vese manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities of the Observatory, and underwent the most searching ordeal possible to be applied to pecket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the salm of excellency unanimously dealers. tended to at the lowest prices.
