Seen or Heard On And Off The Ice

This evening in Toronto the local Seniors, World's Amateur Hockey Champions, meet St. Patrick's all star aggregation in the opening game of the O.H.A. Critics both here and

in Toronto are divided in their opinion of the outcome. Some think the advantages the Saints have enjoyed in the way of good ice for practice will have put them in such condition that our boys won't be able to stand the grueling pace they will set. Others (and there are not a few of them) think the Champions are in good enough condition to ride with anything the Irishmen can deliver, and that team play will land

the bacon for them in the curtain raiser of the season.

One thing is certain, and that is the game to-night will put the Champions in mid season condition to hook up with the Newman Hall six here on Wednesday next. The Newman are under the management of that old War horse Jerry Laflamme, who played with the Dents for the past several years.

Jerry is credited, with having a top piece chock full of hockey wisdom, and realizing the Newman had more than a sporting chance of landing the O.H.A. honors, he broke away from the Dents and became associated with the Newman. He will play defense with Cyclone Woodcock as his side kick.

Cyclone weighs 202 pounds and when he moves down the ice he's

HOLY GEE, MY HEAD FEELS GOOD TO-DAY!

Pain O'er Eyes Is Gone Headache Cured, Catarrh Relieved!

This is the Common Experience of Those Who Breathe the Vapor of Catarrhoxone.

Remember this, Catarrh can never be cured or even relieved by a cough syrup, a spray, or tablet treatment. Trouble is these remedies slip quickly over the sore irritated membranes, drop into the stomach and do little else but harm digestion. It's different with "Catarrhoxone"—you inhale it. Every breath sends healing balsams to the inflamed tissues. Tightness, soreness and inflammation are cured by healing pine essence. The cough dies away, throat is strengthened, huskiness is cured. Nothing is so simple, so convenient, so certain to cure as Catarrhoxone. The dollar outfit includes the inhaler, costs \$1.00 and is guaranteed to cure. Small size 50c, trial size 25c. all dealers or The Catarrhoxone Co., Kingston, Ont.

no gentle zephyr as his name would indicate. His style of play is similar to that of Bostrom of the Winnipeggers only more so.

In centre ice Ruby Milan, the star centre man of last year's Dents will again clash with George Hiller. Ruby and Mouse are about a fifty-fifty pair and consequently centre ice will be a hot battle ground.

Jene Dopp will cavort on the left wing. Jene was a revelation with the Riversides three years ago when they won the Championship. His style of play is very similar to that of Shadow Parkes and as these two face each other there will be something doing all the time.

Hodgins, the star man of the Crescents, will face Hillman on the right wing, and the Sarnia star will have to step lively to get an even break with this streak of lightning.

In charge of the nets Jerry has Collett who tended goal for the Riversides when they won the championship in 1916. Collett is credited with being the most sensational goalster that ever played on Toronto ice. The harder, faster and hotter they come the better he likes them.

Ingelaby who can play either defence or forward will sub and can be relied on at all times to do stellar work.

All things considered, our boys will have one week of a time to stave off defeat at the hands of Jerry's outfit. It's going to be one peach of a game, and one that will long be remembered in local hockey circles.

The plan opens at Ritz's Drug Store on Monday morning. There also are a few season tickets left of good seats and anyone wanting same should get a hustle on as they are dwindling fast.

The players and fans accompanied by Secretary Roschman will leave on the 2.32 this afternoon. Whitehead, of Toronto, will referee the game which is billed for 8.30 p.m.

The juniors benefitted by their hour of practice last night and there is every reason for holding the most optimistic views as to the season's outcome.

Young Schmaltz made some brilliant stops during the practice— not counting the one he made with his head which necessitated a stitch, the boy however is young yet and has to learn that it pays to duck sometimes.

However, if he comes up to expectations the management can be congratulated on finding another "nest egg."

Combination is a string point in favor of the sixties who will line up on Monday, they are as follows: Goal, G. Schmaltz; Defense (left), Gilmer, (right), Trushinski; Forwards (center), W. Schmitt, (left), G. Schmitt, (right) Fritz.

A Review of the Realm of Sports

MUSTON HURT HIS EYE
Aura Lee and St. Patrick's played a practice game last night in order to give the Irish plenty of condition to tonight's game with Kitchener. Stan Muston of St. Pat's received an injury to his eye when he collided with "Billy" Burch. The injury, however, will not keep him out of tomorrow's game.

Winnipeg Unfavorably Impressed
Six-man hockey was given a try-out last night and did not catch on any too well with the fans. It leaves a lot of vacant ice going to waste. Argos played the game with three men back on the defence most of the way and two battling up on the forward line. Monarchs on the other hand,

tried three-man combinations that should have been more effective than it was. The substitute rule also kept the fans bewildered as just about the time that they had the six regulars placed a sub would be run into the play and then they would have to start in all over again to figure the boys out. The no off-side rule of the goalkeepers inside a ten-foot line seemed to work very well. It gives the defence players a little more latitude in clearing and does not seem to bother the forwards at all.

Roof of Rink Collapsed
The roof of the Guelph rink collapsed Wednesday afternoon about 1.20 just before the arrival of the New Year's Day skaters. Accumulation of snow and ice caused the collapse. The Guelph O.H.A. club has all its equipment and skates buried in the debris and may not be able to go to Preston to play to-night unless they can borrow some new outfits.

Brantford's Mistake.
Lieut. Roy Brown M.C., of Brantford was in town yesterday taking his final medical board and will appear in "cities" to-day. Brown who will be remembered as an O.H.A. player with the old Brantford and Paris teams and later as a professional was overruled with Col. "Sam" Sharp's 116th Batt. He says that there will be no hockey to speak of in Brantford this season because of the failure to develop players. Lieut. Brown "Jack" Kelly, Hugh Howie and other sportsmen in the Telephone City intend to take steps for the revival of the game there next season.
