AN IDEAL SUMMER OUTING.

Algonquin Park, 200 miles north of Toronto and 170 miles west of Ottawa, is known to thousands who have enjoyed the attractions that are offered in this wonderful Government Reserve. At an altitude of 2,000 feet above sea level the air is pure and bracing. Speckled trout, salmon trout and black bass abound in the lakes and streams of this Park. The Grand Trunk operate hotels and log cabin camps in the Park. The Highland Inn on Cache Lake, Algonquin Park Station, with accommodation for 150 people, opens for the reception of guests this year on June 14th, and Nomingan Camp on Smoke Lake, with accommodation for 75 people opens on June 28th. Indications are that there will bea large influx of summer visitors to this Park this year, and patrons are advised to communicate early and reserve their accommodation for their summer outing. Writing to Local Fuel Administrator Parker, the provincial controller, cites the fact that a 10-cent increase per ton per month will be added to the cost of coal at the mine head until a minimum of 50 cents is reached, but in addition to this the recent increase in the miners' wage scale must be considered.
