TORONTO WHOLESALE MARKETS.

Office Rural Canadian, Toronto, Oct. 30th, 1882.

Toronto, Oct. 30th, 1882.

FLOUR AND MEAL.—The stocks of Flour in store at this port on the 23rd instant, were 1,200 bbls., as compared with 1,221 bbls. last week, and 1,800 bbls. on a like date last year. Some car lots of superior extra here been selling at \$4.75. Extra is in request at \$4.65, but is scarce; sales of Strong Bakers have been made as high as \$5, and there is little or none in market. Oatmeal—Is in light supply and hard to obtain, even for local wants, to say nothing of the demand from Lower Provinces, and now from Manitoba. We quote nothing of the demand from Lower Provinces, and now from Manitoba. We quote \$5.20 to \$5.25 per bbl., per car load, and \$5.50 for small parcels. Cornmal—brings \$4 to \$4.25 per bbl. Bran—We quote \$11.50 to \$12, there are sales reported this week at both figures.

Stocks of grain in store at Torontc on Monday, 23rd instant, and on previous dates, were as follows:

Oct. 23, Oct. 16, Oct. 24, '82 '82 '81 Fl. Theat, bush. 71,364 46,592 Spring, do " 10,375 4,503 Barley " 218,365 183,672 145,583 83.045 218,365 183,672 100 100 6,931 6,128 Barley 283,058 Nil. 6,348 Peas 3,734 5,334

Grain...—Prices in Britain, in spite of fluctuations, keep at a higher level than was predicted, and American markets seem reluctant to come down. In this market several cars No. 2 Fall What sold on Tuesday at \$1, and to-day holders are asking \$1, buyers offering 98c. Spring What No. 1 is hold at \$1.03, with \$1 offered for No. 2, and 95c. for No. 3. Farmers are holding back their wheat, refusing to be convinced that the market will not advance, in spite of the good crops nearly everywhere. Barley is selling in round lots to the United States via Oswego and via the Bridge. Not much of the new crop is No. 1, and inferior grades are commanding ready sale at relatively good [prices. While No. 1 brought on Monday 79c. here, and would now probably bring 80c. No. 3 Extra brings 66c. to 68c., and No. 3 is quoted at 60c. Oats—The sample is not very good this year, which accounts for lower prices, we quote 40c. to 41c.; Pas are steady at 75c. for No. 1 and 73c. for No. 2. Ryc unchanged at 62c.

Hides and Seins—The market for kides is quiet and steady, with no accumulation of stock, prices as before. Cured steers, which are scarce, bring 10c. Shapskins we advance to \$1 to \$110, and although these prices are high all are taken which offer. Tallow continues scarce and high. Provisions.—Since our last report, prices in Chicazo have declined heavily. Cash Mess Park being now \$22, and November Pork \$18.80. Stocks here are reduced to a low point, and thore is considerable difficulty in filling the few orders that come in. Long clear Bacon is nominally worth 15c. There has been an active demand for Lard, and sales have been made at 16c. to 164c. Total grain. 310,869 246,329 475,206

for tubs and pails; as soon as any stock
comes to hand these prices will decline.
There is still a good demand for choice
Butter, but very little being received, no
export demand exists for our medium qualities, of which there are large stocks in the
country. Eggs are scarce, and wanted at tica, of which there are large stocks in the country. Eggs are scarce, and wanted at 20c to 22c. Dressed Hogs are being taken on the farmers' market at 8½c. to 8½c., weights are still too light to be attractive to packers. Hops are still held at an unprecedentedly high price, about 60c. per 1b., and country holders will not sell; the market looks casier, however, and there is a feeling that prices have been iere-4 too high. Late reports from England still agree that the hop crop in that country is one of the worst for years, and that the supply of old stock on hand is short. Continental plantations, except those of Alost, in Belgium, promise more abundant returns. To make good the deficiency, which is perhaps not so great as has been stated, dealers look to "America and California," as the London correspondent of a Manas the London correspondent of a Manchoster paper says.

"These addresses are crief, pointed, eminently practical. Mr. Elliot is well known in this community as an accomplished expounder of the Word of God, and with the gift of saying much in little, much meaning, few words. This is the characteristic of these addresses which we most cordially commend to the thoughtful reader.
