PRESS AND PERSONAL OPINIONS OF THE “GERMANIA.”

Professor H. C. O. Huss, of Princeton College.—Mit Zusendung der ersten Nummer Ihrer GERMANIA haben Sie mir eine sehr angenehme Ueberraschung bereitet. Ich gratulire Ihnen zu dieser originalen Idee sowie zu der vortrefflichen Ausführung derselben. Ihr Plan hat ganz meinen Beifall, und ich glaube Ihnen den besten Erfolg prophezeien zu dürfen. Unter meinen Studenten findet die GERMANIA lebhaften Anklang und schon hat sich eine grössere Anzahl derselben unterzeichnet.

Professor Alex. Melville Bell, Washington, D.C.—I think GERMANIA will be exceedingly useful, and I trust it may be successful.

Professor Edward S. Joynes, South Carolina University.—MY DEAR SIR,—I thank you for copies of the early numbers of GERMANIA. I have read them with great and growing interest. It seems to me that you have clearly conceived what is needed in such a paper, and that the execution shows excellent judgment, taste and skill. The GERMANIA will be a valuable help to teachers and students of German, and I cordially wish it the greatest success.

Professor J. E. Roessler, Northern Indiana Normal School.—MY DEAR SIR,—I thank you cordially for the early numbers of the GERMANIA, and after reading them am convinced that the paper will fill a long-felt want among the students of German. Have wished many times for just such a journal, and shall take every opportunity to recommend it.

Dr. Oscar Faulhaber, Phillips Academy, Exeter, N.H.—The variety of graded matters so carefully selected from the most noted authors with special bearing on the wants of the American student engaged in the pursuit of German literature, can not fail to secure for the GERMANIA a widespread reputation as a journal in which instruction and fascination is happily blended.

The Journalist, New York.—A very excellent fortnightly journal for the study of the German language and literature is GERMANIA.

The Academy, Syracuse, N.Y.—We have before us the first four numbers of this new magazine, and

feel justified in indorsing the favourable opinion expressed by the daily press and some of our leading college professors of German. . . . On the whole, GERMANIA is well adapted to the private study of German, and, we are sure, will be welcomed by teachers as a pleasant companion to the usual textbooks. Even at the present rates for single copies teachers will find in its columns varied and interesting reading for their classes, at a reasonable rate. We urge all teachers of German to examine the magazine with this object in view.

American Notes and Queries.—GERMANIA is by all odds the best of the papers for the elementary study of modern language, and if one's German is rusty it is astonishing to see how the reading of GERMANIA will brighten it up without any apparent effort on the part of the reader. More useful language lessons cannot be imagined.

The Churchman, New York.—We call the attention of those studying or teaching the German tongue to the fortnightly journal GERMANIA, published by the editors, A. W. Spanhoof and E. Spanhoof. Both these gentlemen are brilliant scholars, and are on the staff of St. Paul's School, Concord, N.H. We cannot too highly commend this admirable periodical and its clever editing.

The Mail and Express, New York.—GERMANIA is an excellent journal, and admirably adapted for the purpose of enabling different grades of learners to perfect themselves in the German language and its literature.

The Canadian Bookseller, Toronto, Canada.—GERMANIA will doubtless prove a success, and will be a valuable help to teachers and students of German.

Buffalo Medical and Surgical Journal.—It is, indeed, a valuable journal, containing many interesting bits of information, historical and other. We hope it may receive the liberal support that it deserves.

The Sunday Pioneer Press, St. Paul, Minn.—A new and easy system for the study of the German language.

Chronic

Catarrh destroys the sense of smell and taste, consumes the cartilages of the nose, and, unless properly treated, hastens its victim into Consumption. It usually indicates a serofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. The most obstinate and dangerous forms of this disagreeable disease

Can be

cured by taking Ayer's Sarsaparilla. **I have always been more or less troubled with Scrofula, but never seriously until the spring of 1882. At that time I took a severe cold in my head, which, notwithstanding all efforts to cure grew worse, and finally became a chronic Catarrh. It was accompanied with terrible headaches, deafness, a continual coughing, and with great soreness of the lungs. My throat and stomach were so polluted with the mass of corruption from my head that Loss of Appetite, Dyspepsia, and Emaciation totally unfitted me for business. I tried many of the so-called specifics for this disease, but obtained no relief until I commenced taking Ayer's Sarsaparilla. After using two bottles of this medicine, I noticed an improvement in my condition. When I had taken six bottles all traces of Catarrh disappeared, and my health was completely restored.—A. B. Cornell, Fairfield, Iowa.

For thoroughly eradicating the poisons of Catarrh from the blood, take

Ayer's Sar

saparilla. It will restore health and vigor to decaying and diseased tissues, when everything else fails.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Catarrh

Is usually the result of a neglected “cold in the head,” which causes an inflammation of the mucous membrane of the nose. Unless arrested, this inflammation produces Catarrh which, when chronic, becomes very offensive. It is impossible to be otherwise healthy, and, at the same time, afflicted with Catarrh. When promptly treated, this disease may be

Cured

by the use of Ayer's Sarsaparilla. **I suffered, for years, from chronic Catarrh. My appetite was very poor, and I felt miserably. None of the remedies I took afforded me any relief, until I commenced using Ayer's Sarsaparilla, of which I have now taken five bottles. The Catarrh has disappeared, and I am growing strong and stout again; my appetite has returned, and my health is fully restored.—Susan L. W. Cook, 909 Albany street, Boston Highlands, Mass.

I was troubled with Catarrh, and all its attendant evils, for several years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I commenced taking Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint, and completely restored my health and strength.—Jesse Boggs, Hohman's Mills, Alburnarle, N. C.

If you would strengthen and invigorate your system more rapidly and surely than by any other medicine, use Ayer's Sar-

saparilla.

It is the safest and most reliable of all blood purifiers. No other remedy is so effective in cases of chronic Catarrh.

Sold by all Druggists. Price \$1; six bottles, \$5.
