

dealings, sober and religious without ostentation in their daily life as they are invariably moral and peaceful. With them, there is no paint or varnish concealing from view the inward rottenness.

Could the same be truthfully said of the Tsimpsons?

But there has been no blowing of trumpets about the Salish's wonderful transformation from savagery, nor any advertizing in the papers concerning their present prosperous condition.

Is this also the case with the Tsimpsons? *

* As I go to press, I am reminded by a person just back from Bute Inlet that, not far from there, among natives like wise of Salish lineage, there is a village which compares favorably with those of Sechelt and Squamish.
