

GEOLOGY

LEGEND

Sedimentary rocks

Std

Superficial deposits
stream gravels and sands

Ca

Aberdeen formation
thin bedded limestones, quartzites
and argillites, some billys and
volcanic breccias

Crm

Red Mountain formation
billys and volcanic breccias with
some unbedded quartzites
and argillites

Cnp

Nickel Plate formation
limestones and quartzites with
thin bands of argillite and buff

Crt

Redtop formation
limestones, quartzites, argillites
billys and breccias

Igneous rocks

ru

Dike
rhyolite, andesite and basalt

gd

Granodiorite

lk

Dike
leucophyre and leucophyre

Gabbro

porphyritic in places and having
a marginal facies of diorite

d

Diorite
diorite, quartz diorite, monzonite
and porphyritic diorite
