Local Briefs

H. Crayton, of London, is in the city.
Printer wanted as advt. setter at this office.
Printer wanted as advt. setter at this office.
E. S. Hubbell, of Thamesville, is spending the day in the city.
The members of the Stoddard Stock Co. are registered at the Merril.
J. Rycraft, of Ridgeway, is in the city to-day on legal business.
The wind last evening is responsible for the breaking of a large plate glass window in Parson's Fair.
Mrs. (Rev.) Patterson, of Embro, who has been the guest of Mrs. Alister McKay, Centre St., has returned home.
Miss Shaw, Wm. Wright, Fred. Wright and Robert Williamson, of Ridgeway, are Chatham visitors to-day.

The heavy rainfall last night caused the creek to rise perceptibly. This morning quite a current was noticeable.

Charlotte, wife of George Dobbyn, hardware merchant of Wheatley, died yesterday afternoon. The body was taken to Wheatley last night, where it will be interred.

Miss H. Edna Redick was united in marriage to Mr. Garnet W. Herman on June 4th, at five o'clock, at the Baptist parsonage, by the Rev. L. H. Houghton, of Windsor.

The firemen were the grateful recipients of \$10 this morning, a gift from the ladies of the Ursuline Academy as a token of their appreciation of the splendid work done by the firemen at the recent fire at "The Pines." The gift was accompanied by a note bearing the following inscription: "A treat to the band of noble firemen who defended our cause so bravely the night of the fire."

PASSES EXAM.

The results of the fourth year examinations in Toronto and Trinity universities are out to-day. Fred W. Hall, the clever young son of Dr. W. R. Hall, is successful.

WAS SUCCESSFUL

Word has been received in this city that Percy Miller, a bright young Chatham boy, has been successful in graduating from McGill University, Montreal. He may now write his name Percy Miller, M. D.

HOPE-FINTON

A very pretty wedding was solemnized this afternoon at two o'clock, when Miss Anna Finton, of this city, was united in the holy bonds of matrimony to W. W. Hope, of Ottawa.

The wedding ceremony was performed at the residence of Hugh Carr in the presence of a few guests. Rev. Dr. Battisby tied the nuptial knot. Miss Carrie Finton made a very pretty bridesmaid and S. A. Reid acted as best man. The happy young couple were the recipients of many beautiful and costly presents, which testified to their popularity among their many friends. The honeymoon will be spent in eastern points, after which they will reside in Ottawa.

Hot, Cold, Medicinal and Electric Baths
Massage (general and facial) electro-massage and treatments for all functional troubles. Patients treated at office or at home as desired. The latest and best system of physical culture taught.
W. R. Robert,
King St. opp. Bank of Montreal.

Leading Jeweller and Optician.

GOOD PROGRESS OF THE C. C. I.

Inspector Highly Complimented Organization and Teaching in Our School

Board Gives Recognition to Worthy Staff—Other Business Transacted by Trustees

That the members of the C. C. I. Board appreciate and are prepared to encourage the good work being done by efficient teachers was evidenced at yesterday afternoon's meeting, when the entire staff was offered re-engagement, some of them at an increased salary.

A lively discussion occurred over the question of discipline maintained by the teachers, and the hope was expressed that they would use increased effort to live up to the higher standard of organization and discipline which had characterized the school during the past year. Many kind words were said of the capability and efforts of all the teachers and much pleasure was expressed over the report of the inspector, which showed decided improvement in all the departments. Col. Rankin took occasion to pay a high tribute to the work and worth of Principal Twohey, whose recognition from the Trustees will be heartily endorsed.

There were present, Chairman Richards and Trustees Col. Rankin, R. A. Harrington, Sandy McVean, Rev. Dr. Battisby, Dr. A. W. Thornton, John Liddy, Peter Robert, Dr. Bell, Robt. Smith, S. B. Arnold, Principal Twohey and Secretary Harris.

Mr. Harrington reported for the special committee that the fence complained of at the previous meeting had been repaired. He also reported need of new granolithic sidewalks.

Dr. Thornton reported his committee as having met the inspector and outlined the improvements ordered. The re-engagement of teachers for the ensuing year was then proceeded with.

Col. Rankin moved that the Principal's salary be increased by \$150. In so doing the Colonel spoke in the highest terms of Mr. Twohey's good work and said the Inspector's good report, the school in better condition than ever before. The resolution was carried.

Three suggestions for dealing with the modern language teacher's salary were submitted. Rev. Dr. Battisby and Mr. Harrington moved for re-engagement at the same salary. Col. Rankin urged an increase of \$100 and Dr. Thornton and Mr. McVean moved for \$175. An animated discussion finally resulted in the adoption of Col. Rankin's motion for \$100 increase.

Both Messrs. Thompson and Jennings were accorded \$100 increase and the Trustees were very hearty in expressions of confidence in these teachers and their good work.

Quite a discussion arose in connection with the lady teacher on motion of Col. Rankin and Mr. Liddy, to increase Miss Lafferty's salary by \$100.

All the other members of the staff were offered re-engagement at the same salary.

Dr. Thornton said the Inspector had paid a high compliment to the enterprise of the Central School in securing so many excellent pictures for their halls. He suggested the Collegiate do likewise.

The Property Committee was authorized to go ahead with the improvements ordered by the Inspector.

W. W. Stone addressed the Board in the interests of a floor oil manufactured for schools.

Several accounts were passed for month ere the meeting adjourned.

GAS VS. COAL & WOOD

FOR COOKING PURPOSES.

This case has been up for trial in thousands of Canadian households, and the unanimous verdict in every case has been in favor of Gas.

Have you had a trial in your house?

If not, now is the time, as you are losing money and comfort every day.

Saturday to Monday outings, first trip Saturday, June 4th, and every Saturday thereafter.

HOUSE ABOUT DESERTED

Members Desert Their Posts For North Oxford and London.

Of Twenty-Seven Members Present on Monday Only Ten Were Government Supporters—Harrowing Details of Fisher's Seed Bill and Concurrence in Supplementary Estimates Were the Subjects Discussed.

Ottawa, June 4.—The exodus of members of both political parties to London and North Oxford is now in full swing. The House yesterday was practically deserted, just a sufficient number to establish a quorum being present.

In the meantime the House is telling an expectant country all the harrowing details of Mr. Fisher's seed bill, and the proposed reduction of the militia by Sir Frederick Borden.

Only 27 Left.

At 5 o'clock yesterday afternoon there were exactly 27 members in the chamber, 17 of whom were Conservatives. It has been an inspired sort of day. Sydney Fisher has been explaining some of his pet estimates, and the Speaker spent about an hour in concurring in the supplementary estimates for the current year. Two items were passed on condition that explanation be given later on by the Minister of Railway. They were \$2,000,000 for the I. C. R. and \$60,000 for Prince Edward Island Railway.

Sir Wilfrid Laurier, in reply to Mr. Leonard of Laval, said that the Government was aware that the leading Boards of Trade of the country had adopted resolutions asking for the abolition of trading stamps. Many deputations had been met by the Government, and their recommendations in consideration.

No Reduction in Militia.

When the Government notice of motions was called, Sir Frederick Borden moved that on Tuesday the House go into committee of the whole to discuss the following resolution: "That it is expedient to provide that the salary of the commander of the Royal Military College shall not exceed \$3,500 a year, that the salaries of the staff adjutant, professors, instructors, assistant instructors and staff shall be fixed and may be readjusted from time to time by the Governor-in-Council." Another resolution reads: "That it is expedient to amend the Militia Act, and to provide that the permanent force may be increased to 5,000 men."

Sir Frederick Borden said he preferred to wait until Tuesday to explain the resolutions, when he would have all the papers in regard to the matter. He would, however, make this explanation, that there was no real reduction of the militia. There had been a reduction in training establishments, but not reductions in the general establishment of the militia.

In other words, the Minister of Militia said there had been no diminution in the actual peace and war establishments. As compared with the situation on last year, there was positively no change at all. Regarding the city ballot, this year there was no reduction proposed to offset many reports that were abroad.

Col. Tisdale asked several questions, but Sir Frederick Borden asked that the matter be deferred until to-day, when he would be in possession of all the memoranda prepared by the active members of the Militia Council. The matter then dropped.

Fisher's Busy Time.

The time of the House last night was occupied with certain items in the main estimates. Sydney Fisher had the satisfaction of doing as nearly all the estimating were in the Department of Agriculture. The vote of \$220,000 was divided, as follows: seeds division, \$35,000; live stock commissioner, \$4,000; leaving a balance of \$5,000 to be distributed over the various services as their department require.

Debate Resumes Thursday.

Mr. Foster asked the Premier before adjournment last night what business was going to be taken up to-day. Sir Wilfrid Laurier said that the Minister of Militia would explain certain phases of the alleged reduction of the militia proposal.

Mr. Foster: "What about clause 15 of the autonomy bill?"

Mr. Wilfrid: "I think the Minister of Justice will be in his place on Thursday next, and the debate on this question will be resumed on that date."

The House rose at 10:45 p. m.

WHERE G. T. P. WILL BEGIN.

First Work to Be Done Near Kakabeka, New Ontario.

Ottawa, June 4.—The first construction work on the Grand Trunk Pacific will begin near Kakabeka, station on the branch which will connect the national transcontinental line with Fort Arthur, Port William and the great lakes. Kakabeka is 13 miles west of Port William. The Canadian Pacific will run alongside the G. T. P. at this point, and in this way supplies can be secured easily for the new road.

The location plan was approved by the Railway Commission yesterday and gives the company authority to build three and four miles east and west of Kakabeka.

The Railway Commission has also approved of a route map showing the general direction of the whole branch from Fort William northward over 200 miles, to a point where it will connect with the main line, save 50 miles north of the Village of Wabagoon.

Whitney Consents.

Toronto, June 4.—The Ontario Government has notified its willingness to join with the Dominion Government in an appeal to the Privy Council to determine the question of jurisdiction in the Lord's Day legislation. The decision of the Supreme Court have left many important matters in such a confused state that this appeal is necessary. It will probably be argued next month.

Mr. Molnes Goes West.

Ottawa, June 4.—W. W. B. Molnes left yesterday for the west. He will remain in Victoria for a few days before starting for Dawson to assume his duties as commissioner.

DROWNED

Thomas Whalen Supposedly from Chatham Met his Death in the Detroit River

Word has been received by Chief of Police John Holmes that Thomas Whalen, supposed to be from Chatham, was drowned in the Detroit River last evening while crossing from Detroit to Windsor on the ferry.

The Chief was called up last night by the police of Detroit and asked if he knew Whalen, but he did not. Whalen was supposed by the Detroit police to be a workman from a beet sugar factory.

This morning James Whalen, who is working on some new buildings near the Grand Trunk, called up Mr. Holmes and said he had a brother, Thomas Whalen, who has been working for farmers in the country. It is supposed that this is the same man and James Whalen will at once make enquiries from the Detroit police and obtain possession of the body if it turns out to be his brother.

A MILLION DOLLARS SQUANDERED.

It is estimated this sum was wasted last year by people trying to find a cure for catarrh. Foolish for sufferers to experiment when it's so well known that "Catarrhazone" is the only remedy that cures permanently. Other treatments only relieve, but Catarrhazone cures and prevents the disease from ever returning. "I had Catarrh in its worst form," writes G. F. Fadden, of Royan, Qu. "I was so bad that ordinary medicine didn't even relieve; but Catarrhazone cured perfectly." No chance of disappointment with Catarrhazone—it's certain as death to cure your Catarrh—just try it.

Strike Leaders Arrested.

Chicago, June 6.—Cornelius H. Shea, President of the International Brotherhood of Teamsters, and leader in the strike which has existed in Chicago for the last two months, and Hugh McGee, President of the Truck Drivers' Union, were arrested and taken to jail last night, on capias issued on indictments charging conspiracy. They were later released on bail. Negotiations looking toward a settlement of the teamsters' strike were recommended last night, with some prospect that a tangible result might be reached some time within the next 48 hours.

The postman believes that we should take things as they come.

The woman lawyer does not always disdain a man's suit.

NEW ADVERTISEMENTS.
