

MELOTTE ...CREAM SEPARATORS

Are the popular farm cream separators for several reasons. One of them is illustrated here. The Bowl hangs on a hardened steel spindle which revolves

in a socket fitted with ball bearings. Friction is thus reduced to a minimum, and the machine runs so smoothly as to necessitate the use of a brake, which is a feature of all the "1903" Melottes. An equally important feature of this beautiful arrangement is that the bowl is self-balancing, and thus all the annoyance and expense involved in a bowl getting out of balance is avoided. These invaluable features are possessed by no other Cream Separator. Ask our agents to let you have a machine for eight days' free trial, or write us for illustrated Booklet.

MADE IN CANADA

By Canadians and for Canadians.

NOT A CENT. OF CUSTOM DUTY TO PAY ON IT.

CARNEFAC has no known equal as a food for calves and young pigs, a tonic for weak or sickly animals, and a never-failing preparation in the proper fitting-out of exhibition stock. It enables animals to get full benefit from the food they consume, thus guaranteeing increased flesh and a glossy coat.

EMINENT VETERINARIANS, shrewd stockmen and experienced farmers have no hesitancy in recommending Carnefac for its uniform and superior excellence. Read what Dr. S. J. Thompson, the prominent breeder and exhibitor of Yorkshire hogs and Ayrshire cattle, says in praise of this great stock food:

Winnipeg, Man., March 5th, 1902.

W. G. Douglas, Esq.:

Dear Sir,—This is to certify that I have examined the ingredients used in making Douglas' Carnefac, and have no hesitation in recommending it to all stock-owners as a first-class food, and is good for fattening and keeping all kinds of stock in good condition.

Yours truly,

S. J. THOMPSON, Prov. Veterinarian,
Inspector of Contagious Diseases.

Is the Butter You Eat made from Cream Separated by a U. S. SEPARATOR ?

If not, You should see that it is.

In buying butter or cream, always ask if the milk was run through an Improved U.S. Cream Separator. If it was not, you may be sure the product is not as good as it might be, for

It Takes the Best to Make the Best
and it has been proved many times that the
