HOUSE PAINT

Add
Lasting
Beauty to
Your House

DO the OUTSIDE painting
thoroughly this season.

Use the best paint you can get and put it on right. But be careful of your choice. Not all house paints will withstand the rigorous Western climate. It's a terrific test for any paint not manufactured especially for it. There is a weather antidote mixed into every can of

Stephens'
HOUSE
PAINT

Users of it have proved that outside painting—done in the *Stephens'* way—often requires no attention for many years. Ask your hardware dealer for information and Color Cards.
