STONE & WELLINGTON FORT HILL NURSERIES OVER 800 ACRES TORONTO ONTARIO

A Talk About Headache.

Husband—What will cure my wife's headaches? Doctor—There are several drugs that will stop headache, but they affect the heart, nerves, and stomach.

Husband—is there no safe remedy? Doctor—Yes, there is the vegetable remedy, Zaitoo Tablets. Most women are discarding the drug cures and using this. It is the only safe remedy I know of.

Husband—Is it used for anything but headaches? Doctor—Yes, many women are using it to stop monthly pains; some use it to break up colds.

Husband—This must be the vegetable remedy my neighbor's wife takes and praises so highly. I'll buy some. Doctor—You can get it at medicine dealers or by mail post-paid from B. N. Robinson & Co., Coatlock, Que., for 25c large size, 10c for small.

FOR GOOD ROADS

At the meeting of the Good Roads Association at Brockville last Wednesday, Provincial Highway Commissioner A. W. Campbell, C.E., of Toronto, was the first speaker, and took for his subject "Progress of the Good Roads Movement in Ontario." He opened by stating he had attended several conferences during the past few months in regard to the construction of good roads, and from all he had attended had concluded that we must resort to some system other than statute labor in order to secure good highways.

Citizens are sometimes led away by the fact that as they are now building roads by statute labor, it is necessary to continue this practice, and believe that without such, unusual taxation would result. He believed the commutation system was a decided improvement upon the old methods, and also that the time had come in older Ontario when economic road building should be studied and practised. Commutation has already shown that it accomplishes better results than the statute labor system. The statute labor commuted at fifty cents per day would result in more good than does the statute labor system of today. He believed that the township that would adopt modern improvements, in a term of say five or ten years, more work would be performed at twenty cents a day than under the system at present in vogue.

Municipal councillors must realize that today they are raising a large amount of money which is proving that the \$1 per day is not spent wisely, and is further proving a burden on the taxpayers. In the united counties of Stormont, Dundas and Glengarry, over \$1,000,000 had been expended during the past ten years, which he considered a fair idea of the amount of money that is wastefully expended in mud.

As a remedy for all this he recommended that townships prepare plans, let the contract to the lowest bidder, who would reduce the work to a system, and he was sure the result would be far more than any person could realize. The expenditure, as far as possible, should be concentrated, first on the most important roads, and next on the roads of lesser importance. To get the genuine support which is desired, all must come together on the commutation of statute labor, and in this move all would get his hearty support through the Legislature, where he would ask that the statute labor Act be obliterated from the statutes forever. Special legislation had been asked for, but the difficult feature was that it was impossible to get a dozen councillors who would wait on the Government and ask for such legislation. Continuing, Mr. Campbell said that work should be expended first on the trunk roads, though all roads should be looked after to some extent and kept in a safe condition. A system capable of finishing the work commenced by statute labor must be evolved, and can be evolved, that will result in the statute labor being entirely removed.

Mr. Campbell also stated that any county may designate a system of roads, and after completion of the roads, may draw upon the Province for one-third of the outlay without limit. This was the result of a law passed by the Legislature in 1901, which granted \$1,000,000 towards the work, and all they asked was that the county appoint a supervisor and a guarantee that the work had been properly accomplished. A system of county roads could also be inaugurated in groups of townships, if desirable. He advocated that the county councils should call on groups of the township councils to consider this act, and see if some improvements could be made, which have not been made up till the present time.—R. order.

BREEDS OF COWS

In the same way as in previous years, the data relating to the production and feed consumption of the cows belonging to the different breeds have been summarized by the Agricultural Experiment Station, University of Wisconsin, as follows:—

COMPARISON OF BREEDS REPRESENTED	
No. of cows included	Jersey Guernsey Holstein Shorthorn
Average weight of cows, lbs.	960 914 1214 1161
Average age of cows, years	8.0 8.2 8.8 8.6
Days in milk	328 340 341 307
Yield of milk, lbs.	6421 6614 10763 8190
Yield of fat, lbs.	828.50 895.61 310.59
Average per cent of fat in milk	5.12 5.17 3.82
Cost of feed \$	42.17 35.11 35.11
Net profit \$	41.94 42.14 87.10 49.50

A Woman Who Succeeded

Writing of "American Women in Business" in the New Idea Woman's Magazine for August, Miss Elizabeth Howard Westwood says: "If you talk to the heads of business concerns which employ large numbers of women, they will tell you stories which tax your credulity. One of Chicago's biggest department stores has as its buyer of jewelry a woman who started in as messenger girl twelve years ago. Her parents were the poorest Russian immigrants. She was kept in school only until she was of working age. From the first she showed unusual intelligence and industry, and has risen from step to step until she now draws a salary of \$5,000 a year, and makes nearly as much again on commissions. She has passed many good men in her race and won out entirely on the grounds of her industrial efficiency. This is, of course, a case so unusual that it seems almost to belong to the class of miraculous occurrences. But it has proved that, given the ability, sex is no obstacle.

The Latest and Best Medicine for Women

Medicine has made great strides during the past few years. Doctors do not prescribe the same remedies now they did twenty-five years ago. There is something better. Dr. Hugo's Health Tablets for Women are vastly better than the remedies put on the market then, which contain none of the medical discoveries since that time. Good, perhaps, in their day, they are now superseded in the march of medical science by something better. Many of the most effective ingredients in Dr. Hugo's Health Tablets had not been discovered twenty-five years ago. Some of them were not discovered ten years ago. Yet the world's best physicians are now using them in diseases of women. There is no other preparation in which they can be obtained except these tablets. That is why we term Dr. Hugo's remedy "The twentieth century preparation for women." It is up-to-date. Women cannot afford to ignore these recently discovered ingredients, which science has made possible for their relief. It is an incontrovertible fact that these tablets, embracing as they do, all the latest and best in medicine, will change weak and diseased organs for healthy ones. They will build up strong and healthy organs, when the tired feeling, nervousness, and irritability, which come from a run-down condition, will disappear. They will take away the backache, constipation, and dragging-down pains which are symptoms of a run-down condition or some serious disorder. They will cure all menstruation or uterine troubles even when chronic. In a word, they make healthy women. Don't think you can never be a strong healthy woman until after you have tried these tablets. One box will prove that you can. Improvement is noticed the first week.

Get it through or by mail postpaid, B. Robinson & Co., Coatlock, Que.

The Best on the Market

ST. REGIS LUMBAGO CURE A HUMAN REMEDY.

Guaranteed to Cure Lame Back or money refunded!

An excellent remedy for Rheumatism, Lame Back, Etc., Etc. Read the following testimonial from a man you all know: Portland, May 20, 1904.

W. A. SINGLETON, Crosby, Ont. Dear Sir,—Last fall and winter I was troubled with backache, also had stomach, which I believe originated from polluted liver. I decided to try a bottle of St. Regis Lumbago Cure. I have not taken one-third of a bottle and can say that I feel about cured. I feel it a privilege to be able to recommend it to any suffering from any of the above ailments. Yours very truly, N. E. GRAHAM.
