

There cannot be different degrees of purity any more than there can be different degrees of honesty. If a man be honest, that is all he can be. There is no superlative. One flour cannot be purer than another. It can only be more nearly pure.

In these times when all flour manufacturers are claiming purity you should remember these two things: Actual purity in flour can only be secured by the use of electricity.

Royal Household Flour is the only flour, made and sold in Canada, that is purified by electricity. You can get Ogilvie's Royal Household Flour from your grocer.

WEEK'S LIBERAL GAINS

177 Seats Change Political Complexion in Britain.

Labor's Growing Strength a Marvel and Will Have to Be Reckoned With—Mr. Chamberlain Likely to Lead the Opposition—No Seat Yet For Mr. Balfour—Home Rule For Ireland Predicted in Two Years.

London, Jan. 22.—Within the last week the political complexion of the United Kingdom has been completely changed by the tide of Liberalism that flowed, and even now is higher than the most sanguine Radical dared to hope for or predict. The new Parliament will be overwhelmingly Liberal. Up to this time the total number of members elected is 480, of whom 247 are Liberals, 14 Unionists, 49 Laborites, 78 Nationalists and 1 Socialist. This leaves 190 seats still vacant.

Liberals thus far have gained no fewer than 177 seats, counting Labor gains as Liberal or Government gains; and if the same proportion be kept up for the remaining 190 seats the Liberals will have 407 votes in the next Parliament, to which may be added those of 42 Laborites, 1 Socialist and 83 Nationalists, which would give the Prime Minister, Sir Henry Campbell-Bannerman, 492 votes against 137 for the Conservatives.

While this calculation concerning the results in the 190 vacant seats is entirely speculative, it is in any respect impossible of realization, nor could it be more extraordinary or startling than any of the results declared during the last few days.

Ireland remains practically unchanged. The Nationalists have picked one seat from the solid Tory corner. The Liberals have broken into the Tory stronghold of Scotland, with prospects for other remarkable successes, while, as already noted, the great fortresses of Unionism during the last ten years have been raised before a storm of undreamed of Liberal sentiment or of opposition to the Unionist policy.

Chamberlain Opposition Leader. With the exception of Birmingham which is completely controlled by Mr. Chamberlain, all the great centers have shown a determination to change from the old order. Mr. Balfour will probably remain an outsider until he receives a chance in a bye-election, though possibly some safe Unionist seat may be relinquished in his favor before the end of the next week. It is understood that several efforts in this direction have been made, but without success. Such reports as these, it is believed, are materially weakening the prestige of the accredited leader of the Unionist party.

In the absence of Mr. Balfour, Mr. Chamberlain probably will take the lead in the next Parliament; at any rate, he is now acknowledged to be the strong man and will have the greatest support of any man on the opposition benches.

Most remarkable in the features of the elections thus far is the number of Labor members elected. The Labor Party could claim but seven Laborite members, while up to the present time no less than forty of them have obtained seats, and with the promise of further gains it is not at all improbable that Labor will have a representation of fifty members in the new Parliament. This undoubtedly would have a tremendous effect on future legislation in England, as the Laborites are almost certain to get the support of the home rulers in any reasonable measure introduced by them.

One of the most prominent politicians in England, Mr. Arthur Henderson, has declared that it is useless to minimize the present revolution, and we might as well begin to take a new view of the situation.

In my opinion a Parliament sitting in Dublin may be looked for within the next two years. Assuredly Mr. John Redmond, leader of the Nationalist party, and Sir Henry Campbell-Bannerman have reached a working agreement, and it is inconceivable that Mr. Redmond would be content with anything less than an Irish Parliament. I have no idea that such a Parliament would mean separation, and have good reasons to believe that a plan is now under consideration by which the religious divisions of such a Parliament, which would act under the Imperial Parliament.

Suit Against the Province. Toronto, Jan. 22.—Action has been taken against the Ontario Government by Mrs. McDougall and Miss McDougall, wife and daughter of the late Solicitor to the Provincial Treasury. In affidavits filed at Osgoode Hall they state that they assigned the policies on Mr. McDougall's life to the Government, on the understanding that there should be no prosecution for alleged defalcations in connection with succession duties. Mr. McDougall was prosecuted, but he died before he came to trial. Messrs. Masten, Starr and Spence are acting for Mrs. McDougall in asking for \$10,000, from the Government.

Orders Issued For Militia Training. Ottawa, Jan. 22.—The Militia Department will give authority to train about forty-five thousand men during the present year, the establishment to consist of 29,624 Infantry, 6,325 Cavalry, 5,135 Artillery, 780 Engineers, 185 Guides, 1,166 Army Service Corps, and 90 Signal Corps. This makes a total of 44,801 of the militia, which will constitute the training establishment for all Canada.

Lid on in Victoria, B. C. Victoria, B. C., Jan. 22.—Mayor Morley and aldermen were sworn in Saturday and the new chief magistrate immediately afterwards issued a bulletin No. 1 to the police ordering all gambling to stop forthwith. All saloon-keepers were warned. Church lotteries and similar amusements are also tabooed.

Found Dead in a Field. Thorold, Jan. 22.—Patrick Yourdon, an old citizen of Thorold and lately an inmate of the Industrial Home at Welland, was found dead Saturday in a field about a mile out of town. Yourdon stayed away from the home last Saturday. He leaves a widow and three children.

policy and determined in our action on behalf of the true cause we shall have to represent." Mr. Chamberlain expressed the opinion that the Liberals with their great majority and their Labor allies would not be a happy family long.

Unionists Gain Two. Saturday night's returns included two Conservative gains, both scored in Scotland. In the St. Andrew's Burghs a Liberal majority of 26 has been changed to a Conservative majority of 36, and in the Ayr Burghs, where the voting took place on Friday, though the returns were not issued till Saturday night, the Liberal majority of 104 in the bye-election of 1904, was changed to a Conservative majority of 24.

These, with the three gains announced on Saturday were hopefully looked upon by the Unionists, as a rift in the clouds. Returns from 13 ridings which voted Saturday have not been received yet. The total Unionist gains are now nine; the Liberal gains 139 and the Labor 38.

YEAR IN RUSS FORTRESS. Editor of St. Petersburg Paper Sentenced For Exciting to High Treason and Armed Revolt.

St. Petersburg, Jan. 22.—M. Alexis Alexievich Souverin, editor of The Russ, has been sentenced to a year's imprisonment in a fortress for publishing in December last the manifesto of the workman's council announcing that the Government had declared civil war on the proletariat and saying that the challenge must be accepted. Efforts are being made to secure a mitigation of the sentence. The newspaper, of seven other editors of newspapers, including Prof. Mitrokhin of The Svo Bodanovsk and M. Hessen of The Provo are still pending.

The technical accusation against M. Souverin was incitation of the people to high treason by publishing proclamations and statements designed to instigate riot, sedition and armed revolt and tending to cause the bankruptcy of the state. The charge was based not only on the publication of the manifesto, but on a series of sensational proclamations by the Postal Telegraph Union applying to the revolutionary power adjusters traditionally sacred to the Emperor, and also on the appeal of the League of Leagues, in which it was stated that the political liberty of the people was obtainable only through an armed uprising for a great battle against the autocracy.

M. Souverin pleaded in his defence that the communications and the proclamations published in his paper in his opinion gave facts of political life of such importance to all circles of society that it was impossible and contrary to the interests of the Government to pass over them in silence.

Qualified to Vote. The period allowed for the registration of voters has ended and the number of primary voters registered is 36,000.

No "Red Sunday" Trouble. There is general confidence that today, the anniversary of the historic march of Father Gapon and his followers to the winter palace, brought to the city, will pass without serious occurrences in St. Petersburg and in Moscow, though there may be collisions in the provincial towns.

Yesterday passed quietly, although all the workmen at liberty, and last night St. Petersburg was tranquilly sleeping.

LOOK AFTER THE LISTS.

Next Fall's May Be Those On Which Elections A Held.

Montreal, Jan. 22.—R. L. Borden, M. P., took part Saturday evening in the opening of the new Junior Conservative Club rooms, and he was accompanied by Mr. Monk, M. P.; Bergeron of Beauharnois, and others. Mr. Borden held out hope for the return of the Conservatives to power, although he declared that it could not be done unless they looked after the lists. Those of next fall would, he believed, be the lists of next general election. He contended that a party that did not hold its own at the bye-elections had doomed itself to defeat. The Liberals had done this in Ontario, and their majority had been greatly reduced in Antigonish.

Stealing a Constituency. Prince Albert, Sask., Jan. 22.—The result of the election trials of Deputy Returning Officers Nelson and Sutherland Saturday for not holding an election in their polls in the northern part of the district, and most barefacedly attempted in Canada.

The two officers admitted on the stand that they held no election, and yet sent in a vote of 150 for the Conservative candidate, who was elected by Tyerman, Liberal candidate. They were fined \$200 and costs.

Electing a P. Donaldson. Provincial Rights candidate, is now certain, as Tyerman had a lead of less than 50.

More revelations are expected, as J. McLeod another deputy returning officer, has been summoned, and his case will be heard Monday.

Eighteen Trampled to Death. Philadelphia, Pa., Jan. 22.—Eighteen persons were killed and probably half a hundred injured in a panic following the cry of "Fire" last night in St. Paul's colored Baptist church on the west side of Eighth street, between Poplar street and Girard avenue. The cry of fire coupled with the sight of the smoke threw the congregation into a panic. In a wild rush eighteen persons had the life stamped out of them before the panic ended.

Looked For Gas Leak With Lamp. London, Jan. 22.—The acetylene gas lighting tank at the rear of the St. John Methodist Church, five miles from this city, exploded last evening. W. R. Westlake's left arm was fractured, the muscles of his leg was torn and his face and hands badly burned. Charles Nethercott's hands were badly burned and a large part of his hair was singed off. They were looking for a leak with a lamp.

Seven Killed by Snowslide. Salt Lake City, Utah, Jan. 22.—Seven were killed by a snowslide at the mining camp at Alta yesterday, according to a telephone message.

A LACK OF CONFIDENCE

Prevails at Algiers and Morocco Delegates Are Glad.

France and Germany, Through Their Delegates, Are Unable to Get Inkling of Scope of Each Other's Intentions and Those of Great Britain—How the Conference Will Dodge the Vital Question a Little Longer.

Algiers, Jan. 22.—Behind the screen of amiability that envelopes the relations of the envoys of the powers to the Moroccan conference, a rising feeling of distrust is observed, due seemingly to the unwillingness of both France and Germany to define their positions beyond their adherence to the open door, the sovereignty of the Sultan and the integrity of his territories.

The French delegates in all their conversational reconnoissances with their opponents, have been unable to learn precisely what is the position of Germany, nor apparently have the German representatives been able to ascertain the joint intentions of France and Great Britain.

The Moroccan delegates have become conscious of this and take satisfaction therefrom.

The committee on contraband of the Moroccan conference met again Saturday. The principal points discussed were the question of the right of seizure by the Sultan or by authorized police, and of the authority of the vessels carrying contraband to enter Moroccan harbors.

The committee has completed the draft of an agreement which will be submitted to the conference to-day. The agreement appears to be purposely framed to defer the main issues between France and Germany.

The committee's report provisionally and lay it aside for final action.

The reform of the finances of Morocco will next be considered. Thus the conference for some time will yet dodge the question of the organization of the Moroccan police, which involves the vital issue between France and Germany.

The delegates are beginning to show signs of weariness of the limited versions of the news and therefore they welcome the announcement of a bull fight Jan. 28, in which three noted matadors will participate.

PREPARING TO FIGHT.

Venezuela Garrisoning Ports and Furnishing Troops With Supplies.

Willemstad, Curacao, Jan. 22.—The Venezuelan Government is actively engaged in garrisoning the ports of the republic and in furnishing the troops with supplies.

According to the advice received here the general public in Venezuela received the news of the rupture of diplomatic relations between Venezuela and France with the utmost indifference, but diplomatic circles at Caracas are indignant at the action of the Venezuelan Government in not allowing Mr. Taigny, the retiring French charge d'affaires, to return to the shore after he had gone on board the French line steamer Martinière at La Guaira Jan. 14, in order to obtain his correspondence.

The Venezuelan Government is considering a project for laying a cable between La Guaira and Porto Rico.

Washington Gives Consent. Washington, D. C., Jan. 22.—Consent of the sincerity of the assurances received from France regarding her loyalty to the Monroe doctrine and all that it involves, the Washington Government has given the Paris Government a free hand in the execution of its program for the solution of the Venezuelan problem.

Awaiting Taigny's Report. Paris, Jan. 22.—It appears to be certain that the French Government has resolved to take no action with regard to Venezuela until the full report of Mr. Taigny, the late charge d'affaires at Caracas, reaches the Foreign Office. This report is expected to come by way of Washington, where Mr. Taigny will turn it over to M. Jusserand, the French Ambassador.

Conscience that is mainly exercised within the limits of the personality, is thus set to guard and increase the common stock of righteousness.
