#### TO PATRONS

Manager Brisco Writes Patrons an Open Letter-Some Splendid

I desire to thank the citizens of Chatham for the excellent patronage extended to last evening's presentation of Florodora and am glad to know it was so much enjoyed. In this connection I am making a spethis connection I am making a special effort to secure for our city a number of the season's best productions and desire to solicit your kind co-operation. "The Isle of Spice," which plays here Monday, is one of the finest musical productions Chatham has ever secured. It is absolutely the same company and cast which clayed the Detroit Opera House with Such success, and I anticipate fully as much satisfaction as House with Such success, and I anticipate fully as much satisfaction as was evidenced in the Florodora production. I am particularly desirous of encouraging Mr. B. C. Whitney, the proprietor, to favor Chatham with all his magnificent productions. I have already arranged for the presentation of the Isle of Spice, the Isle of Bong Bong and Piff Paff Pooh and earnestly ask the encouragement and co-operation of all patagement and co-operation of all pat-rons in making these big houses and thereby assuring me of success in my andeavors to secure more of these splendid metropolitan companies.

Respectfully yours,
FRED. H. BRISCO.

# MEN REFUSE TO PAY TAX

Hungarians Employed by the Electric Road Are on Strike

Will Quit Rather Than Contribute Poil Tax to the Civic Coffers

A few days ago P. C. Tom Groves, collector of poll tax, ran out of raw material. All of the eligible young men of the city had contributed their sweat-stained gold to the civic cof-fers and he viewed the possibility of the golden stream ceasing to flow if more contributions were not forth-

with this in view he bethought himself of the Hungarians at work on the electric road.

Approaching one of these foreigners the big P. C. said in his most individual tones. "Got poll tax for sinuating tones, "Got poll tax for me?" The reply was a stolid stare. "A dollar," Tom explained—still no

signs of comprehension.
"One dollar,' the P. C. reiterated-"money, dough, one samoleon." See-ing he was not yet understood Mr. Groves redoubled his efforts—"Give me one dollarsky for poll taxavitch,"
he labored, trying Russian but with

he labored, trying Russian but with no success.

"Doney-moi une-une-plunk," he tried-still with failure. Having reached the end of his linguistic accomplishments the P. C. started to make himself understood by means of pantomine. Digging down into his jeans he pulled iorth one dollar of the currency of the realm and signified that the Hungarian should do likewise. Here, at least, was something the latter could appreciate this gentleman with the gold buttons was, in reality, a good fairy tons was, in reality, a good fairy godmother. He plunged his hand down into his pocket fully expecting that he would be able to bring forth as much as the P. C. did. He showed

his chagrin when he came forth empty handed. The sequel to this occurred this morning when the Hungarians walks ed out on strike. It seems that some person had sacceeded in convincing them that, if they did not pay the tax, they could be arrested. The Mayor was called upon to settle the difficulty. It seems that the men are liable, according to the opinion of the city solicitor. The city officials wished the company to become liable

for the indebtedness, but the company did not see their way to do this. As no agreement could be reached the matter was left in abeyance, all being agreed that the fine weather! should not be wasted. On this understanding the men returned to work.

Over Soya Straits Clause of the Peace Treaty.

40 ANTI-PEACE MEMORIALS

One Signed by Six Imperial University Professors Says the Nation Is Hu miliated by Agreeing Not to Fortifly Soya Straits-Kotaka Town Is the Only Place Which Re-

joices Over the Peace. Tokio, Sept. 23.-The number of diect memorials to the throne from difrect memorials to the throne from dif-ferent associations and individuals condemning the peace treaty and ask-ing that it be not ratified exceeds 40, among which is an address signed by six professors of the Imperial Universixy. This memorial strongly urges the necessity for refusing to ratify the peace treaty and condemns it as entirely annuling the purpose of the war as set forth in the declaration of hosas set form in the declaration of host tillities. It also stated that indisputable reasons existed for refusing to ratify the creaty, which is deemed to be pres-nant with elements of humiliation and future danger to the national interests. It transpires that in spite of Premie Katsura's assurance to the contrary to the editors there exists a clause in the peace treaty by which Japan under-takes not to fortify Soya Strait. As a result intense indignation is felt among the influential classes, as this is deemed to be the greatest humiliation Japan has ever suffered.

The restriction thus placed upon her territorial liberty is looked upon as being an unbearable indignity and as constituting the blackest record in the history of a country which has never experienced defeat at the hands of other nations. Not a few papers to-day are expected to print strongly worded editorials on the subject. Soya Strait is more generally known as Laperouse Strait. It separates Yezzo from the Island of Sakhalin and separates, the

Island of Sakhalin and separates the Sea of Japan with the Sea of Okhotsk.

TO STOP FISH POACHING.

What Canada's Minister of Marine Will De If Necessary.

Cleveland, Sept. 23.—Pon. Raymond Prefoniaine, Canadiam Minister of Marine, with a party of Canadians, was a visitor to the yards of the American Shipbuilding Company here yesterday.

In an interview relative to the recent firing upon American fish tugs by the Canadian crusier Vigilant, Minister Prefontaine said that if it was necessary to protect her fishing rights in the great lakes, Canada would build a second Vigilant and put it in patrol service. He said that Canada would build a second Vigilant and put it in patrol service. He said that Canada was determined to break up the practice of American fishermen poaching in Canadian waters. The Minister said that if it was necessary extreme measures would be resorted to.

"The fact that the fish seem to have a preference for Canadian waters is our good fortune," said the Minister.
