YOUNG LADY IN BROCKVILLE. A Case that Created Much Interest-Weak, Almost Bloodless and Frequent ly Confined to her Bed-Again Enjoying Complete Health. rom the Breckville Recorder.

Readers of the RECORDER have p oubt followed with interest the many nstances related in these columns of re overies—sometimes of a very remarkable nature, of persons affected with diseases of different kinds, by the use of Dr. Williams' Pink Pills. Apart from the marveilous recoveries, the accounts br. Williams Pink Pills. Apart from the marveilous recoveries, the accounts were interesting to the people of Bieck ville and vicinity from the fact that this town is the home of the Dr. Williams Co., and the place where the celebrated medicine is made. The family of Mr. Thomas Humble, residents on Park street north, furnish a case of such recovery no less notable than many previously published, that will be of particular interest in this community. Mr. Humble is an employee of Bowie & Co., brewers, and is well known and highly respected by many of our citizens. The member of his family whose cure we have mentioned, is his eldest daughter Carrie, a girl of about nineteen years of age. The facts in the case were first brought to the notice of the Recorder by Mr. Wm Birks, a well known merchant tailor, who on one occasion assisted in removing Miss Humble, who was attacked with a fit of extreme weakness while attending service in the George street Methodist

casion assisted in removing Miss Humble, who was attacked with a fit of extreme weakness while attending service in the George street Methodist church. The other evening a reporter visited the home of the family in question, and upon stating his mission to Mrs. Humble, the story of the case was briefly related, not however, with any desire for notoriety, but rather a determination on her part that it should be given if it might in the least be of benefit to others similarly afflicted. According to her mother's story, Miss Humble's illness dates back to the summer of 1889. Her trouble was extreme weakness and exhaustion, caused by weak and watery blood. She was subject to severe headaches, heart palpitation, and other symptoms which follow a depraved condition of the blood. Often while down street on business the young lady would become so exhausted by the walk as to be exarcely able to get home, and she was frequently confined to her bed for weeks at a time, and had to have her meals carried to her. For a period of over three years she was almost continuity under medical treatment. The doctors' medicine would prove of benefit while being taken, but as soon as the

and the result proved most gratifying, as the girl's health has been completely rethe gri's health has been completely re-tored, and she is to-day as well and strong as any girl of her age. Mrs. Humble told the story of her daughter's illness and recovery with an impressive-ness that carried conviction of its abso-late trathfulness. Miss Humble also correborated her mother's statements and they can be voached for by many of her firersh in the cheached the
