

REPLIED TO REV. DR. MARSH.

MRS. ALLYN SPOKE ON SPIRITUALISM LAST NIGHT.

Some Quiet Sarcasm Indulged in at the Expense of the Speaker on "Spiritualism is Demonism."

There was a large gathering in the A. O. U. W. Hall last night, when Mrs. C. F. Allyn, a spiritualist lecturer, of Boston, made a reply to the sermon preached by Rev. Dr. Marsh, of New York, in the Gospel Tabernacle last Friday night, in the course of which he referred to spiritualism as demonism. Mrs. Allyn's reply was a rather spirited one, although she said nothing unkind against the New York divine. Twice in the course of her address, which lasted nearly two hours, she displayed a fine brand of irony. In opening she said she wished to thank Dr. Marsh and Rev. Mr. Philpott for saying that hundreds of persons were going over to spiritualism. It was honest of them to admit this publicity. Other orthodox ministers knew it, but few admit it. The lecturer, who is a fluent and pleasing speaker, then said she would quote passages from the King James edition of the Bible, the title of her address being "What Spiritualism is From the Word of God." She said that she would not argue the various points raised. She then referred to many passages from the Scriptures in which spirits are referred to. If Dr. Marsh believes the Bible story of the woman of Endor it is his duty to try to convert spiritualists or stone them, she said.

Regarding the story of Balaam's ass, she asked if it is possible for a spirit to take possession of a four-legged donkey and cause it to speak, why is it not reasonable that a spirit can take possession of a two-legged donkey?

According to the gospel of St. Matthew and the Acts of the Apostles, Jesus was killed twice. If God's plan of the redemption provided that Christ should die on the cross, Jesus was simply a tool in God's hands for the carrying out of the crucifixion. Then why should Jesus be condemned? The Jewish race, according to orthodox preachers, supplied a sacrifice. Why then has the Jew been persecuted by Christians from that day to the present?

As the Bible declared that man should rest on the seventh day and keep it holy, why do Christians observe the first day of the week instead? Why do they not keep the seventh day?

In her concluding remarks, Mrs. Allyn said that there were many seeming contradictions in the published Bible, and that spiritualists tried to get at the truth. "God gave us brains to use and thoughtful people have been inquiring. It is not our fault if we refuse to accept the statements of preachers with blind faith, instead of investigating for ourselves." She said that in view of the fact that Dr. Marsh quoted Mrs. Wilcox as saying that spiritualists should not accept money for their services, she supposed that Dr. Marsh was preaching the word of God without money and without price.

Mr. S. S. King presided at the meeting.

CANADIAN CLUB.

Last Luncheon of the Season Next Monday.

The Canadian Club will hold its last luncheon of the season on Monday evening, April 27, at the Royal Hotel, from 9 to 11 o'clock. This will also be one of the best luncheons, the club being fortunate enough to secure Senator the Hon. G. W. Ross as the guest of the evening. There will be musical selections by several of Hamilton's best singers, and it is safe to say that this event will be a fitting wind-up of a most successful season. The affair will not be a formal one, and the tickets will be sold to the members at the usual luncheon price of fifty cents. The tickets may be had from Secretary John P. Hennessey, or may be ordered by phone. Mr. Ross will be a welcome visitor in Hamilton, and his subject is bound to create interest at this time. "The Historical Significance of the Plains of Abraham" is a topic concerning which every citizen wishes to be better informed.

DEAR PRUNES.

Good News For Boarders But Not For the Missus.

Chicago, April 22.—Prunes threaten to become a real luxury and disappear from the menu cards of many restaurants and boarding houses. Reports from the Sacramento Valley and Sonoma, Napa, Tehama and Colusa counties, in California, indicate that late frosts have damaged about 50 per cent. of the growing crop. Damage in the Santa Clara Valley also is thought to be heavy. The Plains of Abraham is a topic concerning which every citizen wishes to be better informed.

A normal crop of prunes will total about 17,000,000 pounds. Last year about 75,000,000 pounds were produced and this year merchants say the crop is not expected to total over 50,000,000 pounds. This deficit is expected to send prices skyward.

A large number of sorrowing friends attended the last sad rites in connection with the funeral of Mrs. George Midwinter, which took place at 2 o'clock this afternoon. The deceased was the wife of George Midwinter, proprietor of the Arlington Hotel, and the funeral took place from the hotel. Rev. Dr. Stoen, of Toronto, who performed the ceremony when Mr. and Mrs. Midwinter were united in marriage 33 years ago, and who also officiated at the wedding of their daughter to Mr. I. W. Lomas seven years ago, was to have officiated, but owing to a sudden illness could not attend. Rev. J. C. Symmore, of James Street Baptist Church, officiated in his place. After the funeral service the cortege proceeded direct to Hamilton Cemetery, where the interment took place. The pallbearers were Messrs. I. W. Lomas, J. Holden, J. Midwinter, R. Yaldon, A. Opposition Tried to Find Scandal in Engineer's Plans.

(Special Despatch to the Times.) Ottawa, April 22.—The Opposition sought to make a point before the public accounts committee out of the preparation of plans for a power dam at St. Andrew's Rapids, Winnipeg. E. H. Beaulieu, civil engineer, of Montreal, was on the stand, and his evidence showed that he had been employed to draw plans. There was no similar work on this continent, and he had been sent to Europe to examine similar French work. He had drawn the plans and had received at least ten thousand dollars. The masonry work had been done on the dam but not the steel work which he had designed. He insisted upon being paid for his plans as fast as he turned them in. It was estimated that thirty thousand dollars would be saved by adopting this style of dam. He said he had been studying the rapids in 1901, and to prepare plans in 1902.

THE MEMORY OF PITT

Should be Honored at Quebec Tercentenary.

London, April 21.—The Times, referring cordially to the appeal in connection with the Quebec tercentenary, points out: "His name has been barely mentioned either by the organizers in Canada or the committee in London, yet a name in some ways the most glorious and the most important of all. Great as is our debt to Wolfe, Saunders, Murray and Amherst for the conquest of Canada, it must not be forgotten the man who alone planned it all, who chose these men and inspired them with his own high courage and a sense of Britain's glory, was the great Minister who shattered his health in the stupendous task. This is the 200th anniversary of the greater Pitt's birth, and it is certainly not unfitting that it should be signified by associating his name prominently with the festivities in that part of the empire which we owe to him at least as much as to any single man."

CABRERA WOUNDED.

Students Make Attempt on Life of Guatemala's President.

Guatemala City, Guatemala, April 21.—An unsuccessful attempt was made on the life of President Estrada Cabrera in this city yesterday. The President was on his way from his private residence to the national palace to give an audience to the recently-appointed United States Minister, Wm. Helmke, when students fired at him, wounding him in the hand. The students were immediately surrounded by loyal troops and made prisoners. The situation at present is under the control of the military element.

BRITISH EX-PREMIER DIED THIS MORNING.

(Continued from page 1.)

believed that he will be buried without ostentation beside the body of his wife at Meigle, in Perthshire, Scotland.

David Lloyd-George, Chancellor of the Exchequer, on receiving the news of Sir Henry's death, said: "I never met a great public figure since I have been in political life who won so completely the attachment and affection of men who came in contact with him."

Sir Henry Campbell-Bannerman resigned the office of Prime Minister on April 5, suggesting in his letter to King Edward, who was sojourning at Biarritz, Herbert H. Asquith, Chancellor of the Exchequer and the then acting Premier, as his successor.

Mr. Asquith was summoned at once by the King, and received the appointment a few days later.

Sir Henry was born Sept. 7, 1836. He was the youngest son of the late Sir James Campbell, of Strathcathro, Forfarshire, once Lord Provost of Glasgow. He assumed the additional name under the will of his maternal uncle, the late Henry Bannerman, of Honton Court, Kent, who bequeathed to him a large estate. He attended Glasgow University and Trinity College, Cambridge. In 1860 he married Charlotte, daughter of Major-General Sir Charles Bruce. She died in 1906, and since then Sir Henry's decline in health may be dated.

For nearly 40 years he sat for the same seat—the Stirling Burghs—and his record of office goes back to 1871, when he was Financial Secretary to the War Office, which post he held a second time, from 1880 to 1882.

During the next two years he was Secretary to the Admiralty, and in 1884 he succeeded Sir George Trevelyan as Irish Secretary, filling that office until the fall of the Gladstone Ministry in 1885, in spite of the fact that the Irishmen described him as "The Scotch Sandbag." In the short Government of 1886 he was Secretary for War, and to that post he returned under the last Liberal Government. The Unionists suggested him as a candidate for the Speakership, to which Mr. Gully was appointed. He was chosen leader of the Liberal Opposition in succession to Sir William Harcourt in February, 1899. The Boer war proved a stumbling block to his administration, but notwithstanding the differences between Liberal Imperialists and other Liberals over this question, a unanimous vote of confidence in his leadership was carried at a meeting of the Liberal party held at the Reform Club in July, 1901.

In 1902 a passage of words took place between him and Lord Rosebery over the doctrine of the "clean slate" in regard to the Irish question and other public questions, and the Liberal League was formed. Sir Henry again received the solid support of the Liberal party in the House in 1903, 1904 and 1905, in opposing the education and licensing acts. Mr. Chamberlain's fiscal policy, and the Government's action with regard to licensing and to Chinese labor in South Africa. On the resignation of the Balfour Administration in December, 1905, Sir Henry was summoned by the King and formed a Liberal Cabinet, himself becoming First Lord of the Treasury, and Prime Minister.

The general election followed, and Sir Henry Campbell-Bannerman entered the new Parliament with the greatest majority ever given to a British Premier.

Y. M. C. A. LADIES.

Enjoyable Social Event at the East Branch.

About thirty of those interested in the Ladies' Auxiliary of the East Hamilton Y. M. C. A., also some ladies of the Central Y. M. C. A., spent a very pleasant time at the East Hamilton branch yesterday, on the occasion of a birthday party. Mrs. R. E. Gallagher and Mrs. W. A. Robinson gave short addresses on the Stratford convention which were very helpful. The ladies present outlined the work for the coming season and decided to assist in the membership social for the East Hamilton members on May 7th. Tea was served at 4 o'clock, a considerable sum was realized from the birthday offerings. Several ladies became interested in the work of the ladies auxiliary and expressed their desire to become members.

ASIATICS AFTER MONEY.

Claim They Represent Oppressed Christians.

Toronto, April 22.—The Methodist and Presbyterian ministers of the city have been warned against the Asiatics, supposedly from Kurdistan, Persia, who are endeavoring to collect funds for the relief, as they claim, of the down-trodden Christians in Persia, who are being terribly oppressed by the Mohammedans. The ministers have been warned by the head missionary offices not to assist the men by allowing them to use the church pulpits or in any other way.

IN VICTIM'S HOME CITY.

Moir, the Fugitive Soldier, Seen at Stratford.

Stratford, April 21.—Moir is in this city. This is the definite story which has come to the ears of the police.

Moir is believed to have reached the city last night. He limped and seemed desperately foot-sore and tired. Moir had the nerve to visit a hotel this morning. He called at 6 o'clock and asked for breakfast. It was too early. He was given a handout. No one recognized him at the time. Moir was anxious to secure a drink, and offered to pay a good price for some whiskey, but it was understood to have been refused.

Teachers' Visit to Britain.

London, April 21.—An influential reception committee has been appointed in connection with the visit of United States and Canadian teachers next fall, in which the greatest interest is being taken in educational circles.

Mr. David Milne has declined the Liberal nomination in West Lambton for the Legislature.

"It's easy enough to make money," remarked the successful man. "Yes, the trouble is to pass it without getting caught," replied the counterfeiter.
