Lectures.

Echlin's steam thrasher has been in this neighborhood this week. Dan says this is the gayest spot they have crossed in their travels.

Miss Beatrice Fulford, of Goderich, is visiting friends here at present.
The annual missionary meeting of the Bible Christian church was held on the evening of the 10th inst. There was a fair attendance despite the rain. Addresses were given on missionary work by Rev. Messrs Kennor, Kelsey and the pastor. Misses Helen Burke and Martha McManus were reappointed collectors. This is the third year these ladies have been appointed collectors.

East Wawanosh.

HYMNAL.—On Wednesday of last week our usually quiet community was thrown into some excitement by Hugh Ross, of Puslinch, leading to the altar of Hymen Miss Annie Bretz, eldest daughter of Gihard Bretz of this township. Miss Bessie Bretz, sister of the bride, acted as bridesmaid and James Ross, brother of the groom, was "best man." The interesting ceremony was conducted at five p.m. by the Rev. Mr. Chown, of Belgrave, in the presence of a select number of friends. The assemblage then gathered round a richly and heavily laden table, and, having satisfied the "inner man," resorted to games and amusements and finally engaged in a social "hop," which was kept up until the "wee sma' hours." The bride, who was highly esteemed by all who have had the pleasure of forming her acquaintance, was made the recipient of a goodly number of presents. Mr. Ross is a well-to-do farmer of Puslinch, to which place the happy couple started on Monday, followed by expressions of kindly feelings and the good wishes of the community.

Hullitt.

FATAL ACCIDENT.—Many of our readers will learn with the deepest regret of the terrible and fatal accident which befell Thomas Moon, of the township of Hullitt, on Monday last. On that day Mr. Moon went to visit a neighbor, Mr. McVittie, where a threshing machine was at work. While standing round his clothing in some way caught in the tumbling rod or the machine, and before the machine could be stopped he was wound around the shaft, and cut and mangled in a terrible manner. When extricated life was not extinct, but he died from the effects of his injuries soon after. He had been in poor health for several months. Mr. Moon has long been a prominent and useful citizen of the township of Hullitt, and has frequently occupied important public positions, having been a member of both the township and county councils. He was an extensive and enterprising farmer, and took a most active interest in everything tending to the advancement of agriculture. He was possessed of more than ordinary ability, being a fluent and forcible speaker, and a ready writer. He was, in short, an intelligent, useful man, and his sad and sudden death will be a public loss. He was a man in the prime of life, and leaves behind him a family comfortably provided for.

"Battle of the Books."

The "Literary Revolution" which caused such a sensation a few years ago, and which was supposed to have been thoroughly overthrown and done for, seems to be "ablaize" again, more fierce and flourishing than ever. Its "1000-page catalogue, free," and "books sent to any one to be mailed for after receipt and examination, evidence of good faith being given," are now being advertised in thousands of papers, and it opens one's eyes to see the books offered—this time thoroughly beautiful typography and the best of paper, presswork and binding, instead of small type and cheap work, as formerly. And one must acknowledge that they are indeed "the lowest prices ever known." We quote a few samples, the books being always unabridged, and in large type:
Tennyson's Enoch Arden, 2 cents.
The Cotter's Saturday Night, 2 cents.
Caesar's Commentaries, Cicero's Orations, and numerous other "Ancient Classics for English Readers," reduced from \$1 to as low as 15 cents each.
Bacon's Essays, 25 cents to 40 cents.
Dore's famous Bible Gallery, \$2.
Irving's Sketch Book, 25 cents to 60 cents.
Irving's Works, in 6 large and most beautiful volumes \$4.
Ancient Egypt under the Pharaohs, reduced from \$15 to \$1.25.
Scott's Waverley Novels, reduced from \$50 to \$7.50.
George Eliot's Works, reduced from \$12 to \$3.75.

And a whole host of the great poets of the world, ranging from 40 to 50 cents upwards; also plenty of other books equally interesting and astonishing to the old-time book buyers. The books are sold only to buyers direct, and not through booksellers. Those who would be inclined to believe such claims fabulous, are confronted with the "privilege of examination before payment," and the witness of one's own neighbors on every hand who have already received their books. It is certainly worth a postal card to get the "catalogue free." For that, address John B. Alden, Publisher, 18 Vesey St., New York.

Eden's Cocoa, GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Eden has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Food Service Gazette*.—Made simply with boiling water or milk. Sold only in packets and tins, and, by Grocers, labelled "JAMES EDEN & CO. HARMONIC CHOCOLATE, London, Eng."

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
