WEAR A DOROTHY DODD

And forget your foot troubles. You will no longer feel that drag to your step, that dead weight, that tired feeling.

THE ELEGANCE
—OF—
Gold Medal SHOES
IS THE RESULT OF BOTH BEAUTY OF
DESIGN and BEAUTY OF FIT.

MOST SHOES SIMPLY COVER THE FEET.

Both Dorothy Dodd and Gold Medal Footwear support, brace and aid the feet. One well fitted pair will prove this.

Geo. A. Slater's Famous Invictus Shoes are Flexible.

The foot feels as if it is rested on a cushion instead of a hard leather bottom.

The most thing about breaking in New Shoes is the hard stiff feeling of the soles. Every step is an effort to make the leather bend. You instantly notice the difference when you put on a pair of G. A. Slater's Invictus Shoes.

An Empire of Marksmen

A New "Daily Mail" Shooting Contest For Miniature Rifle Clubs—Lord Roberts's Stirring Appeal.

We have an announcement to make this week which will be read with interest by the members of all miniature rifle clubs throughout the British Empire. The enthusiasm which has been aroused by The Daily Mail Empire Day Rifle Contest, founded in 1908, has been of such a widespread nature that, at the request of Lord Roberts, we have decided to inaugurate a competition for the miniature rifle clubs of the British Empire.

Lord Roberts's Appeal.

The following is the appeal which Lord Roberts addresses to the miniature rifle clubs in his Majesty's dominions:

I am most anxious that every man and youth belonging to the Empire shall attain a thorough knowledge of rifle shooting, and the best means of doing so is to begin with the miniature rifle. Some of the most famous shots of to-day began in this manner, and I feel sure that if the movement became more general the day would not be far distant when his Majesty the King would reign over an Empire of Marksmen.

At present there are affiliated to the Society of Miniature Rifle Clubs over 2,000 clubs, representing a membership of about 250,000. Great progress has been made since the formation of the Society in 1903, but much still remains to be done.

As an incentive to further effort, The Daily Mail has kindly offered to present each year for competition a fifty guinea cup and silver commemorative medals, and I sincerely hope that every miniature rifle club at home and abroad which is affiliated or can become affiliated to the Society of Miniature Rifle Clubs will make a special effort to enter a representative team.

I would also appeal to the editors of the Imperial Press to assist in this movement, and I would suggest that this can be done by urging on their

readers the great importance of rifle shooting and encouraging them to form Miniature Rifle Clubs in order that there may be one vast organization entirely devoted to the welfare and development of this particular branch of rifle shooting, which is the easiest and cheapest form of bringing instructional facilities to the doors of the people.

(Signed) ROBERTS, F.M.

Conditions of the Contest.

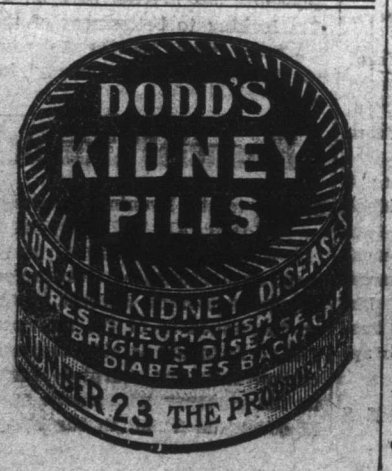

As a large amount of work will be entailed in connection with the organization of the contest, secretaries of clubs and all those otherwise interested in miniature rifle shooting are requested to communicate with the Organising Secretary, The Daily Mail Miniature Rifle Clubs' Contest, Carmelite House, London, E.C.

The following conditions of the contest have been drawn up by our committee, consisting of:

Field-Marshal Earl Roberts, K.G. (Chairman.)
Dr. R. J. E. Hanson, R.N.Y.R.
Mr. E. Newitt.
Members of Council of the Society of Miniature Rifle Clubs.
Colonel N. Lake (late R.E.), Secretary.
Colonel S. H. Winter, Assistant Secretary.

"The Daily Mail" Miniature Rifle Club's Contest, 1910.

(No Entrance Fees.)
To be shot for by club teams with miniature rifles and miniature ammunition on Lord Roberts's birthday (September 30, 1910), under the following regulations and conditions:—

Open to one team of 10 from any rifle club in the British Empire affiliated to the Society of Miniature Rifle Clubs prior to the date of the competition.

Distance—25 yards.

No. of Shots—10 deliberate, 10 in 90 seconds; 20 shots in all.

Competitors using repeating rifles in the rapid stage may not load them until the word "commence." Competitors using single-loading rifles may load and be at the present before the word "commence."

Position.—Standing, kneeling, sitting, or prone.

Targets.—The S.M.R.C. standard double No. 1 in the deliberate stage and the S.M.R.C. standard double secondary target in the rapid stage.

These targets are double, and 5 shots should be fired at each. In the event of a competitor firing less or more than 5 shots at one target he runs the risk of losing the value of any shot not distinctly visible. Targets will be despatched to competing teams as soon as possible after the receipt of their entry.

Any team not receiving its targets by September 23 should immediately communicate with the Organising Secretary, "The Daily Mail Miniature Rifle Clubs' Contest," Carmelite House, London, E.C.

No extension of time for shooting can be allowed, and no claims in respect of undelivered targets can be entertained after the date of the match.

Entries.—Entries must be received not later than the first post on September 1, 1910. Entries will only be accepted subject to the condition that the decision of the committee upon any point arising in connection with this contest is final.

Rifles and Ammunition.—The rifles and ammunition to be used in this contest must comply strictly with the following specification:—

A miniature rifle may be of any pattern, single loading or repeating, of any calibre not exceeding .23 of one inch, or of larger calibre fitted with any device for firing any of the cartridges defined in the next paragraph.

The .22 rim fire long rifle cartridge.
The .22 rim fire long cartridge.
The .22 rim fire short cartridge.
The .23 rim fire central fire long or short cartridge.

The rifle may be equipped with sights of any pattern which do not contain glass.

The trigger pull must not be less than 4 lb.

Each competing team must shoot on Friday, September 30, 1910, in the

presence of two umpires (see qualifications as to umpires). The targets used must be signed by the umpires, and, accompanied by the umpires' certificate, must be enclosed in the envelope sent with them, and posted by one of the umpires not later than October 1.

The date of posting will be attested by the post mark, and targets posted after October 1 will not be accepted.

The umpires must have one or other of the following qualifications:—(a) A justice of peace, (b) a minister of religion, (c) a county, district, or parish councillor, (d) a commissioned officer of any branch of His Majesty's forces, active or retired, (e) a solicitor, barrister, or chartered accountant, (f) a medical practitioner, (g) a police officer, not below the rank of inspector, (h) a member of the council or advisory committee of the Society of Miniature Rifle Clubs.

The umpires must be present and witness the whole of the shooting, must initial the targets before they are fired at and sign them afterwards, and must also sign the certificate sent with the targets.

Umpires are particularly required to count the number of shots fired in the rapid stage, and if more or fewer than ten to certify the number upon the target.

Sighting shots may be taken at other targets before each series of ten shots.

Where not otherwise provided for, the shooting regulations of the Society of Miniature Rifle Clubs will govern the contest.

Ten points will be deducted from any target in respect of each shot in excess of the required number.

In the rapid stage ten points will be deducted in respect of the first shot fired before the word "Commence" or after the word "Cease fire" a second shot entails disqualification.

No allowance of time is to be made in the rapid stage in respect of jams or misfires.

The scores should not be counted nor may the targets be touched by any person other than an umpire after being fired at.

The award will be made by the committee as soon as possible after the return of the targets.

PRIZE LIST FOR 1910.

To the team other than the winning team, making the highest aggregate score, ten silver commemorative medals.

To the team making the second highest aggregate score, ten silver commemorative medals.

McMurdo's Store News

Many cases of falling hair are due to, or associated with, failure of the general health—an anaemic or bloodless condition. For such cases "J. P. Hair" Producing Capsules are strongly recommended. By acting as a tonic to the whole system, and increasing the red corpuscles in the blood, it is claimed that they make the hair healthy and strong, and stimulate scalp to supply a new growth. They should be found useful in connection with the local treatment by "Salvia" and other preparations of the kind.

"One Night" Corn Cure is still well to the front. Its good results are well known to many, who are recommending it to their friends. You need not suffer from corns when this remedy is to be obtained. Price 15 cents.

Personal Notes.

Miss Nora Flynn, daughter of Mr. M. T. Flynn, Mortier Bay, returned home by the S. S. Glencoe yesterday, having been attending school at the Mercy Convent, St. John's, the past year.

Mrs. Maud Lawlor is dangerously ill at her home, Cookstown Road. The doctors have given up all hope of her recovery. Mrs. Lawlor was a Miss Duffy, at one time head of the millinery department of G. Knowling.

Fell Over Bell Island Pier.

Saturday afternoon a thrilling accident occurred at Bell Island by which a man named Isaac Batten, of Coley's Point, was severely hurt and now lies in a precarious condition in hospital on the Island. The man was at work on one of the piers there and fell over it, going into the water over a hundred feet below. All the workmen on the pier were horrified when they saw him fall, and believed that if not killed outright when he struck the water that he would be drowned. Boats hastily put out to the rescue and the man was picked up unconscious and floating on the water. It is believed that he struck a plank which was found floating near him. He was terribly injured, was a long time unconscious and gave grave fears for his recovery are entertained. People who arrived over from the Island yesterday and came in by last night's train say that the man is single and about 50 years old. He has relatives in Topsail, who fear at any moment that they will hear of his death.

Big Banking Voyage.

Yesterday the schr. Uda A. Saunders, Capt. Corkum, arrived here from the Banks for water and bait. She is a fine vessel, built at Lunenburg and is of the knockabout type. She is perfectly new and only launched the past April, and is about 120 tons gross. She has landed 1,000 qtls. of fish for her spring's voyage to the Banks. The vessel fished latterly on the eastern end of the Bank and has on board now about 1,600 qtls. of fish, which makes her voyage to date 2,600 qtls. for 7 dories. The vessel, considering that the season is yet comparatively early, will make a good bid to be high liner of the Lunenburg fleet. She will sail for the Banks this evening. The crew say that squid were making their appearance on the Bank and that dogfish were very numerous and a great nuisance to the fishermen, as they eat the bait from the hooks. Several schooners were giving up fishing for the time being owing to the presence of these pests on the Bank.

WELL PATRONISED.

The outgoing trains were well patronised yesterday, and though the weather was cold, many people went to the country to spend the half holiday. A large number left at 8.45 a.m., and 255 went out by the 2.30 excursion train. A special left at 4 p.m. with 100 passengers, and the regular at 6 took out 130. Nearly all these arrived here by the 9.45 train last night.

Telegram Again Scores

On Tuesday evening the Telegram advertised the loss of a purse containing a sum of money owned by a poor girl and which she could ill afford to lose. The honest finder, Miss B. J. Kavanagh, read the little ad. in the People's Paper and promptly returned the cash to the delighted owner this morning. Telegram ads. always bring satisfactory returns.
