M. A. WINTER, B.A., Editor

TUESDAY, NOVEMBER 28th, 1916.

Citizens' Committee

Appreciate The Evening Telegram's Editorial Remarks and Reporter's Account of Meetings Thought Highly of.

At the regular bi-weekly meeting of the Citizens' Committee held in the Board of Trade Rooms last night, the Vice-Chairman Mr. Walter A. O'D. Kelly presided and a large number of the committeemen attended. Prior to commencing the regular business of the evening the Vice-Chairman in a brief but very fitting address spoke very highly of the splendid support and encouragement in their work they had received from the Evening Telegram. Other members of the committee also spoke endorsing the remarks of the Vice-Chairman and by a unanimous vote the following minute was made and ordered to be recorded in the Minute Book:—

"The Committee appreciates very highly the editorial remarks appearing in the Evening Telegram, of Friday, the 24th instant, and also the very regular attendance of the Telegram reporter at the committee's meetings and the satisfactory reports of its proceedings which have from time to time appeared in the columns of that Journal."

From business arising out of the minutes of a previous meeting the matter of the appointment of a Board of Adjustment came up for discussion. The duties of this Board would be to eliminate as far as possible slums and all places unfit for habitation, to act between landlord and tenant in the case of the former attempting to deal unjustly with the latter; this would only apply to working men's homes where the annual rent does not exceed about \$120.00.

Touching on section 236 wherein His Majesty's Buildings, Churches, Schools and Charitable Institutions, shall not be subject to taxation, except such reasonable rates for protection and water as the Council shall determine, was passed without a dissenting vote.

Section 237 embracing Section 211 and 217 to 220 inclusive, wherein a new principle has been introduced into the Municipal Government of the city, whereby the Council shall have the power to estimate their expenditure for the ensuing year, and then proceed to raise the taxes if necessary to cover the shortage, after deducting the probable amount that would be yielded by the duties, license fees, rents, etc., the difference would be chiefly made up by increasing the annual water and sewerage tax which at present is assessed at 1 1/2 per cent. This, in the opinion of the Committee was high enough rate to pay for such privileges, and at the next meeting will further discuss the matter.

Rev. T. Nangle, C. F.

Appointed to the 29th Division and With Ours.

We have been permitted to read a communication from the Rev. T. Nangle, C. F., in which he states: "I have received my appointment to the 29th Division B. E. F., to-day, November 5th. It came to me direct from the Chaplain General at the B. E. F." As is well known the Newfoundland forces at the front are attached to this division. We also learn that in the Newfoundland Regiment in France there are more Roman Catholic soldiers than in all the remaining regiments of the 29th Division.

VALUABLE FISH SHIPMENTS.—The steamers Honovera and Barbara sailed from here last evening for Mediterranean ports, taking between them nearly fifty thousand quintals of cod-fish valued at approximately four hundred thousand dollars.

Hymeneal.

The marriage of Mr. Harry Anderson Winter, B.A., third son of the late Sir J. S. and Lady Winter and Editor of The Evening Telegram, to Miss Frances Winter Goodridge, of Orange, N. J., second daughter of the late Fred and Mrs. Goodridge, was solemnized at St. Thomas's Church, at 3 o'clock this afternoon, the Rev. Dr. Jones officiating.

The bride who was attired in a costume of white messaline with a net veil and carried a bouquet of white chrysanthemums, entered the church leaning on the arm of her uncle, Mr. Harry P. Winter, of New York, who acted as father giver. The groom was supported by Mr. P. E. Outerbridge, while the ushers were Lieut. Herbert M. Winter and Lance Corporal M. G. Winter, Jr., 1st Newfoundland Regiment. Only the immediate relatives of the contracting parties were present. After the marriage ceremony the wedding party drove to "Winterholme," the residence of the Hon. M. G. and Mrs. Winter, where the wedding reception was held after which the happy couple motored to Topsail where the honeymoon will be spent. Returning to St. John's residence will be taken up at Bee, Orchis Terrace Queen's Road. The bride's travelling costume was of blue broadcloth.

The groom's present to the bride was a handsome gold brooch mounted with pearls and sapphires. The other presents were numerous and costly testifying to the esteem and popularity in which the young couple is held. The Evening Telegram joins with the many friends of the contracting parties in extending hearty felicitations.

Will Be Present.

His Excellency the Governor and Lady Davidson have signified their intention to be present at the Popular Evening Concert, which is to be given on Wednesday next, the 29th, in the Methodist College Hall. All men of the Newfoundland Regiment and the Royal Naval Reserve, in uniform, will be admitted free.

Fisherman Convicted.

At 3 o'clock yesterday afternoon the case of the larceny of \$315, preferred against a Placentia Bay fisherman was continued before Judge Morris. Supt. Grimes reviewed the evidence from the standpoint of the prosecution and Mr. R. T. McGrath, B.L., stated the case for the accused. The Judge convicted the accused on circumstantial evidence, because the charges made by the Crown had not been, in his opinion, rebutted. He thereupon sentenced the prisoner to six months imprisonment.

Futile Campaign.

Capt. T. Fitzpatrick, Customs officer at Placentia, and Sergeant Nugent, a returned veteran and hero, who had been on a recruiting campaign for the past fortnight in Placentia Bay, are back to the city and report for no recruits, though several promises were made by young men to enlist. All the important centres in Placentia Bay were visited and stirring and convincing addresses made by the campaigners, but their appeals were in vain.

Died at Salmonier.

On Sunday, the 19th inst., there passed peacefully away after many months of suffering borne with resignation, Anastasia, wife of Patrick Critch. The deceased was a Miss Adams, of St. Mary's, born there about eighty years ago. She married Terrence Baldwin, of Tor's Cove, who died a few years after their marriage leaving her with two children, Constantine and Mary, both of whom are now dead. She married Patrick Critch about forty-three years ago, and lived that number of years at Newbridge, Salmonier, a well respected resident. She leaves her husband and two sons, Patrick and Thomas, to mourn the loss of a devoted wife and loving mother. To those sorrowing relatives we extend sincere sympathy.—R.I.P.—COM.

Duckworth Street and
Military Road.

Serious Motor Accident

Michael Kennedy, a nine-year-old school boy of Lime Street, was the victim of a motor car accident yesterday afternoon and now lies at the General Hospital in a precarious condition. The facts, as accurately as could be gleaned, are briefly that shortly after 3 p.m. Mr. John Clouston, Manager of the big fish plant at Bay Bulls, left his home on Quidi Vidi Road in his motor car, taking his wife and her sister for a joy ride, intending to go a few miles countrywards. He went up Military Road and when almost directly opposite the R. C. Cathedral he saw a couple of small boys ahead. Michael Kennedy was one of them and he began to run back and forth the road, seeing how often he could do this before the machine passed by. The car was going up grade and at a very slow rate of speed. As the car approached nearer to him the boy continued his manoeuvre, not seeing the danger of his thoughtless, yet boyish frolic. Unfortunately, however, on this occasion, the little lad misjudged his distance, and despite the efforts of Mr. Clouston, the dash-board of the motor car struck him and threw him violently to the ground where he lay prone until picked up, apparently lifeless, by Mr. Clouston, who meanwhile had brought the car to a standstill, and tenderly borne into the Mercy Convent. Dr. Mitchell was summoned and responded hurriedly. On examination he found the boy unconscious, that he suffered from a wound over the temple, but no bones were broken. The victim was then ordered to the General Hospital whither he was taken in the ambulance. The motor driver then reported what happened to the Inspector General of Police. The occurrence is regrettable and no one is more sorry about it than Mr. Clouston, who was at the bedside of the little victim all last night at the hospital. He had not regained consciousness up to this forenoon.

Another Gruesome Find

Body of Fisherman With no Head Picked Up.

Last night Mr. R. J. Devereaux, M.H.A., received this message from Trepassay: "The body of a man was picked up yesterday morning on the east side of Trepassay Reach. The head was gone. It is believed to be another of the crew of the Bonnie Lass. The body has been confined and will likely be taken to Salmonier for interment." This is the third body found of the schooner Bonnie Lass, which, it will be remembered, met her fate in the disastrous and historic gale of Sept. 24th last while crossing Trepassay Bar. The schr. carried a crew of six all told. All hands were lost and three of their bodies have not yet been recovered.

MORE DIPHTHERIA.—Another new case of diphtheria was reported to the Health Authorities yesterday afternoon. This time the patient is a one-year-old boy of the Southside.

Recruiting Meeting Last Night.

Mr. Geo. Adams, father of two soldiers now on active service, presided at last night's recruiting meeting in the British Hall and introduced the speakers on the occasion who were Commander McDermott, R. N., and Mr. H. E. Cowan.

The Naval Commander in opening expressed regret that a large number of young men suitable for the navy were conspicuous by their absence. In speaking of the Newfoundland Field Forces he said: "It will require about 130 volunteers a month to keep it up to fighting strength. If the young men in the outports would realize their duty to King and Country that number could easily be accounted for."

Mr. H. E. Cowan in addressing the audience made a strong appeal to the young men of to-day to come forward and maintain the reputation of Newfoundland as a loyal daughter of the Empire.

Mr. George J. Adams in proposing a vote of thanks to the previous speakers felt that every red-blooded man should lose no time thinking the matter over, but should come forward and come quickly, as it was at this very moment England needed men and still more men to insure our women and children against the infamies perpetrated in Belgium, Serbia and Poland.

The following young men then stepped to the front and signed the roll:—W. Walters, Goulds, G. Adams, Hr. Grace, J. Murphy, Argentina, W. Manuel, St. John's, W. Morrissey, St. John's, C. Howell, St. John's.

ANNIE H. HAYWARD, Convenor Packing and Shipping Committee.

ROSSLEY'S PICTURES DELIGHT CROWDS.

Last night Mr. Rossley opened the British Theatre to a large audience and the pictures called for great praise. The three-reel feature "A Flirting Bride," was one of the most delightful films ever seen and the acting and setting was magnificent. "A Bridge of Danger" gives forth more thrills than one could imagine; a young girl leaping from one flying train to another. Another dandy picture showing a young collegian who was determined to make money somehow. In all of the six pictures shown each one was better than the other. On Friday night Mr. Rossley will conduct his usual amateur contest. Names are already coming in and a sure crop of the blues will be in the great Havelaugh Competition. Don't miss any of the Rossley new films. Rehearsals are going ahead for Christmas.

RHEUMATISM CONQUERED

"I have been for the last two years a victim of Rheumatism and Gouty Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider
