Annopolis  
Sunk by Sub.

Message received in the city yesterday from the Old Country stated that the Furness Liner Annopolis, left here 11 days ago, had been by a Hun submarine. The exact reason was not given but we presume it was off the Irish Coast. We informed by the Postmaster General that the ship carried five bags andampers of mail, practically all of which was consigned to the G. P. O., Hon. Nfld. Pay and Record Office, St. John's, and a large quantity of letters and packages would be posted from Saturday afternoon, April 21, to Tuesday, the 24th. The cargo also included a large quantity of pulp and paper from here, and we are glad to state, on the authority of Hon. R. Watson, the report correct that she had on board the for St. Dunstan's. These, so far known, are still safe.

### AMERICANS.

Since talk of war is flying wide, and flags hang from the outer wall, I note, with pleasure and with pride, the hyphenated crowd is small. The men who came across the sea, to make their home upon this shore, and found the country of the all blue prints claim, and more, traitors to their salt, this come their motherland; and if times they'll gladly vault upon chargers, lance in hand. "We Americans," they cry, "and will be this life endures; the flag that stripes on high is ours, as it is yours. Our loyalty to Sam, who gave us welcome to res; if warfare comes, just as slam the stuffing from the bores." Americans, wherever Berlin or in Broken Bow! There is a thing of scorn, when there of war and woe. Americans, shades of gloom are on our Sammy's brow! Americans, no room for any other people

FRENCH BRACES . . . . 70c. pair

### Interview With Tarvia Expert.

Mr. C. E. Manning, representing The Carrille Paterson Manufacturing Co., Ltd., who was here last year, on invitation of the City Council, in connection with the laying of a tarvia pavement on a portion of Duckworth Street, is at present in the city on business for his firm. In a brief interview with the Telegram he said he was aware that public opinion here was opposed to tarvia, though undeservedly so, because last year's job had turned out unsuccessfully. It was the initial work of its kind done here and was not a fair test to tarvia, as he went on to explain. There were circumstances surrounding that experiment over which he had no control. For its non-success lack of facilities for the carrying on of the work was mainly responsible. The crude method used for heating purposes caused the street to get burned. Another factor that helped materially to the detriment of the new road was the long stretch of street at either end, and as a consequence an abundance of mud brought on the tarvia in its early stage aided in spoiling it. Mr. Manning was emphatic in stating that the worth and durability of tarvia is unquestionable. It has proved a success everywhere else it has been used, beyond all doubt. In Moncton, N.B., it has been used for five years, and the approaching summer will see the laying of twenty thousand yards, thus completing a large contract. The company has also been working steadily in Sydney, N.S., for three consecutive years past on a big contract, and in the town of Truro, N.S., for eight years. He is optimistic as to its success here, provided there is proper equipment to do the work with; that is, if what is known as a "mixer" could be available. A "mixer" is an appliance with a portable boiler for heating stone. To get one here would cost about two thousand dollars, or if a contract was secured here large enough to warrant the expenditure he would bring a "mixer" here. Equally sanguine and confident as to the results that can be accomplished by the use of tarvia if given a fair trial, Mr. Manning says, is the present Civic Board, particularly the Mayor, and very many other citizens as well. In support of his contention Mr. Manning is prepared to give a five years' guarantee. We understand that he proposes experimenting with tarvia over the curbstone in a central portion of Water Street. At their expense he will lay one thousand yards of this new covering. When finishing vehicular traffic will pass over that section of Water Street noiselessly. The covering to be put on the curbstone promises to be two inches thick; ordinarily the road covering is six inches in thickness.

Our informant wishes us to say that any repairs that were made by him last fall to the new tarvia road were done free gratis and at no expense whatever to the city.

### Couldn't Keep Back Tears

When the Nervous System Broke Down—Queer Feelings in Back of Head Caused Much Alarm.

Midland, Ont., April 24th.—Collapse or breakdown of the nervous system leaves one in a most pitiable condition. Strong, healthy-looking women, and men, too, will weep from helplessness and despair.

The case reported here was a most severe one, as is indicated by the hysterical condition, the pains in the back of the head and the futility of the many treatments used.

This is further evidence that the regular and persistent use of Dr. Chase's Nerve Food for a reasonable length of time will positively restore the most exhausted nervous system.

Mrs. S. Sharp, Midland, Ont., writes: "About eleven years ago I had a serious nervous breakdown, and was so bad at times that I could not keep back the tears. I also had a queer feeling in the back of my head. Sometimes I seemed to be going backwards. I could not do any sewing, and finally could do no work at all. I tried other remedies and doctors' medicines, but they only gave me temporary relief.

Last Fall I commenced using Dr. Chase's Nerve Food, and had not taken very many until I found I was getting better. I kept on taking them, and am at present greatly improved. I am now able to do my work, and they have strengthened me splendidly. I can highly recommend Dr. Chase's Nerve Food for nervous trouble of any kind."

Dr. Chase's Nerve Food, 50c. a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmansons, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

### Another Nfld.

### Vessel Sunk.

The Danish built schooner Thomas, Captain Keeling, while on her way from Cadiz to Belleoram with a cargo of salt, was torpedoed and sunk off Gibraltar recently. The vessel was owned by Messrs. Harvey & Co. Ltd., and carried a crew of six altogether.

Our Spring weather is usually accompanied by rain storms. Why not be prepared? Our Wind-brellas are just the thing for wet and windy weather as if they blow inside out you can pull them back again without breaking the Umbrella.

Price : \$1.85.

### SHIRTS!

In Shirts we have the best produced in England and the United States. A special line of broken sizes is being sold,

3 for \$5.00.

Regular \$2.00, \$2.25 and \$2.50 each. Then we have other prices, \$1.25 to \$8.50 for Silk Shirts.

Then again your old Rain-coat or Raglin may be the worse for wear; we can replace it for

\$13.50 or \$15.00,

or perhaps you prefer the Jaeger, Dexter or Burberry all guaranteed coats. Prices:

\$20.00 to \$45.00.

### SOFT and STIFF HATS.

These are a few of the prevailing shapes in the famous

### Christy Soft and Hard Felt Hats,

which have a reputation all over Nfld. of 25 years standing. They stand for all that is best in Hats, and fit like an old one.

Our service is unbeatable, this is surely some boast, but let us prove it to you as we have proven it to thousands of others.

'Phone 726.
