The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

NEWFOUNDLANDERS

Carry On!

You made yourselves a great name across the sea, now--for Newfoundland herself in stress, Carry on!!

Newfoundland's men and women in hundreds are idle, her industries closed, the wolf is at the poor man's door. Drive him away! open the factories! keep your own men and women busy! keep the stranger outside not "within thy gates." Buy the goods made by your own folks at home. If they are good enough to be made by Newfoundlanders, who pride themselves on their workmanship, then they are certainly good enough to be used by Newfoundlanders.

Help yourselves! help them! and help your country by keeping Newfoundland's dollars circulating in Newfoundland.
