Preceding, such license is absolutely refused.

Grief, excessive anxiety, or prolonged study will produce infirmity in the nervous system, in proportion as the strength of that system is expended upon the mind in troubled thought, so are the organs of digestion, assimilation and nutrition, rendered inactive and sluggish in proportion as the system becomes infirm. Every individual has some one organ weaker than the rest, and this is always the first to suffer during nervous prostration; for example, afflicting news sometimes causes total suspension of the muscular action of the heart, when the patient is debilitated, producing sudden hemorrhage and death. No doubt any longer remains of the practicability of restoring the nervous system, and through the nerves the muscles of the impaired organs. Fellows' Compound Syrup of Hypophosphites has been groved toposses such power in numerous instances. It will impart strength to overcome trouble and affliction. Persons who are accustomed to look upon the dark side, and who see no pleasure in living, on using this Syrup soon learn to value and enjoy life, and those who study deeply or through long hours, will find in the Syrup a promoter of the power of endurance in the brain.

BREARMAST—EFPS'S COCOA — GRATEFUL and COMPOSTNO.—By a thorough knowledge of the natural laws which govern the operations of digestionand nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctors bills.—Civil Service Gazette. Made simply with boiling water or mill. Each packet is labelled "James Epps & Co., Homeopatic of Epps's Milky Cocoa (Occoa and Condensed Milk.)
