# Landis Holds Up Ruth's

CHICAGO Nov. 3.—Babe Ruth's receipts, together with the shares of Bob Meusel and William Pierof Bob Meusei and whitain rec-cey, who accompanied Ruth on the barnstorming tour though warned they were violating base-ball rules, remains unpaid, it was learned today.

Distribution of the players' shares of the series purse is directed by the commissioner, Judge Landis. When Judge Landis learned of Ruth's exhibition tour in defiance of his orders, it is said, he sent word to the owners of the Yankee team of his intention to hold up the offenders' shares and this report, it is said, might have caused Ruth to abandon his tour.

Three City League Basketball Games At "Y" Thursday

towns have had to start out with green falent and with proper coaching, teams developed like this have furnished some of the biggest surprises in the O. H. A. Kingston Frontenaes and the original Union Jacks of Kitchener were examples of what could be done with raw youngsters when properly handled. London fans will hardly expect a Cance Clubbunch the first year out and they are not likely to get it, unless some wonderful finds come to light.

While the intermediates are in good shape, new players will certainly not behanded any harsh eye-fulls, and a much larger squad than that which went into training at the eleventh hour last fall may be looked for this season.

ELKS 29, SKEETERS 12.

Askin Street Elks had an easy time with the Skeeters in a class "B" series game and won out by the score of 29 to 12. Their combination was the best displayed on the floor last night. The Skeeters tried hard in the last half to tie the score, but the Elks' lead was too much.

THISTLE MEETING DECIDES 1ST W.O.R. AND P. CURLING LEAGUE'S FATE U.'S IN 2ND CUP

Industrial Circuit Likely To Be Given Another Trial-North Enders Elect Saturday Night.

A second start on the industrial Curling League which was originated last year at the Thistles, but which came more or less a cropper owing to the bad weather conditions, will probably be planned at the annual meeting of the northenders, which will be held Saturday night.

The election of officers and a general discussion of the 1922 program of the club in both curling and bowling will be the main items of business.

Should the committee in charge of the industrial league find sentiment against its continuance, this idea, which was novel at least, will be lost. However, there is no reason to believe that the industrial league will not be given another trial.

A Good idea.

Its object, which is to produce new competition instead of the usual program of weekly bonspiels, and to develop new players more rapidly, is a good one, and so considered by most of the younger curlers who remember their own hard path to the select circles. Last year, unfortunately, just when everything was set for a real start and try-cut of the circuit, the weatherman became extremely irregular in his output, and it was impossible to stick to the schedule, which called for several nights each week.

Tom Benson, president of the club in 1921, will probably be given a second term if he elects to stand.

The New York State Boxing Commission may be inconsistent, but it probably is doing its best. Nothing more uncertain than obtains in the boxing game, or that part of it which comes under this august body, could be imagined. They are holding up Johnny Wilson's purse because he "didn't fight," and the question of prosecuting 91,000 spectators who witnessed the Dempsey-Carpentier, or those who had anything to do with it, is still being legally discussed. No money if they don't fight, and jail if they do. The poor fistic pastime gets it coming and going.

a li'tle distance from football, nearly did the unusual and dropped a game iast Saturday, but tomorrow they'll likely stay on the ground and play the game they are capable of, in which case they'll still rule as favorites. Both teams will use much the same with and as both have put in some good workouts during the week, it will be a full innety-minute go.

W. O. R.'s chances are considerably innitial part of the poor fistic pastime gets it coming and going.

The decision to cut the fight managers' share of the house down to 33 1-3 per cent is a step toward putting the game on the businessike basis it has been placed in Australia. Down under, promoters do business with the fighters only.

3--3 Tie Last Week Makes It Fresh Start.

BETTER FOOTBALL

Expectation That P. U.'s Will Return To Their Own Style For This Game.

Public Utilities and First W. O. R. are just where they started as far as the McCutcheon cup tie series is concerned and tomorrow will see an attempt made to declare a winner at Tecumseh Park.

Last week's game gave promise of some excitement and there was lots of it in the 3-3 tie mix the two teams played. This time it will be heightened somewhat owing to various circumstances.
Utilities and Game.

Public Utilities, through getting away a little distance from football, nearly

gained last week. Nobody questions Utilities' ability and W.O.R. probably weren't in the questioning mood they will be tomorrow, since they've tested out some of the champions' weaknesses.

Schoolboy Curtain-Raiser.

The international between Canadian and English schoolboys, which last Saturday went to the Canucks by a 3-0 verdict, will again be the curtain-raiser for the main event. The English boys promise a reversal of form.

Noble, who handled the big game last week, will again officiate.

# **EX-SARNIAN HAS**

Tommy Murphy, veteran turfman again leads the field both in money and in races won on the Grand Circuit

for the season of 1921. In addition to winning six races at Columbus and five races at Lexington, Murphy pulled down the four-year-old trotting record to 1:59½ with Arion Guy and also set a new world's trotting record with the gelding, Peter Manning in 1:5734

record with the gelding, Peter Manning, in 1873.

Murphy held a strong arm throughout the season with three-year-old trotters pulling the leather. He opened his hand by winning three races with Eunice Belle. This fast little trotter was timed for the last half of a heat at Toledo in less than a minute and she was at once marked as one of the future winners of the matron and championship stallion stakes.

Murphy followed this with a row of victories with Silladar, and before he met with defeat at Hartford, he had groomed Rose Scott and kept on copping frequently with her for the bilance of the season.

After Murphy slipped out of the Hartford running, he entered Rose Scott in the 2:07 class at Syracuse, She finished second, coming close to Jane the Great. But the following week at Columbus she defeated a field of 12, including Guardian Trust, in 2:04½.
