THE SAANICH SHOW

A Thoroughly Representative Exhibition of the Products of This Fertile District.

Special Attractions for the Entertainment of To-day's Visitors-List of Prize Winners.

The North and South Saanich Agricultural Association opened their 29th annual exhibition yesterday, with a considerably increased number of exhibits H. Simpson, 2. and—as a natural sequence—a better show than last year's. The work of preexhibits, on the principle of work before play, while to-day will be made more interesting to the general public by the presentation of a programme of races for farmers' horses, sprinting contests and blevele events—the festivities conclude the programme of the contest and blevele events—the festivities conclude the contest and blevele events—the festivities conclude the contest and blevele events—the festivities conclude the contest and the farmers' horses, sprinting contests and bicycle events—the festivities concluding with the society's annual ball in the

Great changes have been witnessed in the Saanich peninsula—in fact through-out the entire province—since the society came into existence, for it enjoys the ena tent-its second in a school-house- ticket in error. and then, though but two years old, it and then, though but two years old, it acquired grounds and buildings of its own overlooking as fine a stretch of farming country, though limited in extent, as one could wish to see. The present show illustrates most satisfactorily the capabilities of the district for mixed farming, and though less pretentious than many a city fair is more indicated.

BOOTS.

Early potatoes, S. Fairclough, 1; A. Rose, 2; late potatoes, F. Turgoose, 1; E. Brethour, 2; Swedish turnips, S. Roberts, jr., 1; J. T. Harrison, 2; Aberdeen turnips, J. T. Harrison, 1; W. Thomson, 2; any other turnip, J. T. Harrison, 1; F. Turgoose, 2; mangold wurtzel, S. Sandover, 1; W. M. Caswell, 2; long carrots, S. Sandover, 1; S. Fairclough, 2; short carrots, J. Luby, 1, H.

fine beasts are this year shown by Messrs. Rigley & Fox, Mr. Caswell and others, the animals being on the whole well above average quality. The same may be said of both fruits and vegewell above average quality. The same may be said of both fruits and vegetables, which are especially large, clean, shapely and well-flavored — while the butter and bread testify eloquently to the fact that the ladies of the district retain all their old-time skill as housewives, in which role they are famous the province over. When last year's show was commanding the attention of the public it was confidently anticipated that the present summer would see a model the present summer would see a model co-operative creamery in the field to

growing plants, the fruits, the grains, the vegetables and the ladies' work, the the vegetables and the ladies' work, the main building is stocked to almost the limit of its capacity. The exhibits one and all are deserving of attention, and yet one cannot but experience a feeling of surprise that room has not been found for a single sample of hops, the crowning glory of the district and a product which this year has vielded most abundantly.

Brown Leghorns [Johns Bros., special], H. Simpson, 1; The shipment comprises 31 cases of apples, the pioneer shipment of this trait from the state to Siberia, "says the Tacoma Ledger. "The shipment comprises 31 cases of apples, the pioneer shipment of this trait from the state to Siberia. They are put up in small kegs about the size of a nail keg and in tubs, all of which eggs, G. Thomas, 1; W. Thomson, 2. this year has yielded most abundantly No reason seems to be obtainable for the

reason alone, an important event. The railway enables the town folk to enjoy the run out into the country with practically no loss of time or sacrifice of convenience, and in consequence to-day's afternoon and evening visitors will undoubtedly be many. For the entertainment of the day visitors three important races have been arranged for farmers' horses, the list being as below:

Trotting and pacing, three-eighths of a mile—best two in three heats.
Running, three-eighths of a mile dash and repeat, open. Running, three-eighths of a mile dash,

for pioneers over 60. There will also be bicycle and foot races and other sports for the afternoon, and in the evening the Haines orchestra from Victoria will provide the music for the annual ball, preparations for which have this year been made by a committee comprising Messrs. J. John, F. Turgoose and G. Harrison, with the ladies of the district. The officers to whose energy the present exhibition is due are Messrs. H. Simpson, president; Fred. Turgoose, vice-president; H. F. Haldon, secretary—and a good one too; B. W.

co-operative creamery in the field to supply the Victoria market with choice dairy products and relieve the womenfolk of one of their representative industries. The wives and daughters still make the butter in Saanich, however, that creamery being just as far away as ever; in fact since the question of site has developed the customary sectional prejudices it appears much more unlikely to be established than it did one year ago.

Mr. Caswell alone has taken a step forward in this connection, he having seem sufficient profit in the venture to justify him in putting in operation a creamery plant of his own which utilizes the milk of his splendid herd of Durhams. Thus far the experiment has proved a conspicuous success and Mr. Caswell is to be congratulated on his enterprise having had its reward.

With the highly creditable display of growing plants, the fruits, the grains, FRUIT AND FLOWERS

One Every Night.

The Sealer "Geneva" Returns Home Leaking, the Result of an Accident.

Apple Shipment on the "Braemer for Siberia-New Central American Liner.

By the return home of the sealing schooner Geneva yesterday morning the crew fresh confidence in her seaworthi- follows: ness and new faith in her reliability. Sail after sail gave way to heavy winds and finally the tore gaff yielded to a terrific gale. But the schooner's greatest peril was while off the Kamschatkan coast on the Russian side. Here she ran hard on a rock belonging to Karaginska island and unchartered. The accident occurred about 5 o'clock on the evening of September 12, and for about twenty minutes the vessel bumped heavily on the treacherous reef. Captain O'Leary lost no time in extricating her from her dangerous position, but, notwithstanding, the vessel is still weeping a little water as a result of the mishap.

There was no way of ascertaining the avtent of her injuries at the time.

Ground feed, per ton. extent of her injuries at the time, and corn, whole, per ton the sealer will now be either docked or "cracked, per ton the sealer will now be either will now be either will now be either will not be either will not be either will not be either will now be either will not be ei beached as soon as convenient, so that Commeal, per 10 lbs. the total of damage may be learned and made good. or three parties went to the jail and roused Constable John Miles. The sup-position is that the would-be murderer was a house breaker, and was looking for some suitable tools in the blacksmith shop with which to ply his trade.

This morning it is learned that Dr. La Bau's diagnosis of Woods' wound reveals the fact that the bullet struck the shoulder bone and then deflected, enter ing the right lung, where it now lodger and from whence it is almost impossible to extract it. This makes the case much more serious than it was at first supposed to be, but no immediately fatal results are anticipated.

THE RETAIL MARKETS.

last of the Copper island fleet of 1896 is second of the Copper island fleet of 1896 is week affect oats and bacon, the former accounted for, the last comer reaching having dropped to \$18 and \$20 per ton, port in probably worse condition than while on the other hand an advance of show than last year's. The work of preparation has been most efficiently handled, system being shown in every detail of arrangement, and the fair of 1897 may be accepted as a model district exhibition. As customary, the opening day was largely taken up in the judging of exhibits on the principle of work before.

Draught—Stallion [Nicholles & Renouf special], A. Menagh, 1; span horses, W. M. Caswell, 1; J. T. Harrison, 2; single horse, with special], A. Menagh, 1; span horses, W. M. Caswell, 1; J. T. FOOTBALL.

VANCOUVER DEFEATS WESTMINSTER. New Westminster, Oct. 7.—(Special)

The Rugby football match at the exi —The Rugby football match at the exhibition grounds to-day resulted in the defeat of the home team by three goals and a try to nil. The Westminsters were obliged to fill up important positions with juniors, while Vancouver had a very strong team on the field.

LACROSSE.

THE CHAMPIONS HOLD THEIR OWN. WESTMINSTER, Oct. 7.—(Special)—The exhibition lacrosse match at the fair today was still another victory for the lucky Vancouvers, who scored 4 out of the 6 games played. Here is the summary

Game.Won by ..Vancouver.....Williams . Williams . . 2 min . Pittendrigh . 8 " . W. Miller . . 8 " . W. Miller . . 18 " Westminster ... Vancouver..... . Vancouver... Pittendrigh . . WestminsterVancouver..... Wright..... 4 THE INTERMEDIATE CHAMPIONS.

By defeating the Vancouvers on the Royal City grounds the Westminster team on Tuesday afternoon established their right to the intermediate championship of the province.

LAWN BILLIARDS.

THE VERY LATEST OUTDOOR GAME. Lawn billiards is the latest suggestion for the enlivening of garden parties. The game is as yet so little known that it merits a word or two of description. A ground about the same size as that used for croquet is rolled as smoothly as possible and its boundaries banked up a few inches in imitation of cushions. Croquet halls can be used and holes in the turf take the place of the regulation pockets. The D and balk line are marked with white chalk, and for cues a broad pointed is employed with a small roller at the end on its under side to enable it to run with ease over the surface of the grass. No stooping is required, and those who have tried the game with appliances made to their own order and lawns prepared by themselves are convinced that if the requisites were easily procurable and grounds upon which it could be played more numerous, lawn billiards would attract to garden parties many who at present attend them more for duty than pleasure. 'Kiss' cannons would, of course, be love."

THE HOSPITAL BOARD.

At the regular meeting of the directors of the Jubilee hospital last evening there were present Messrs. Joshua Davies, resident, in the chair, J. S. Yates, W. M. Chudley, Alex. Wilson, Chas. Hayward, J. Braden, W. J. Dwyer, G. Byrnes, Thos. Shotbolt, J. L. Crimp, A. . Flumerfelt, H. D. Helmcken and F.

B. Pemberton. A letter from D. Devereux offered \$15 for certain gunsmith's tools left at the hospital by a deceased patient. Referred to committee of the month. A report from committee, recommend-

ing the adoption of Moore & Co.'s tender for supplying drugs, was adopted.

A plan for providing another room for pay patients, by throwing two small rooms into one at an expense of about \$100, was briefly discussed and referred

to the committee of the month. Dr. Richardson, the medical officer, in Mr. B. J. Perry's b.m. Mayflower (a), his monthly report stated that the pri-3c lbs.

mences to be used, as the nurses' quart-Mr. J. Shaws' b.f. Bright Eyes (3), 125 lbs.

Mr. J. French's b.g. EveningCloud (3), 125 lbs.

Mr. J. Parkerten's Circle (3), 125 lbs.

The matron reported that Miss Ida The following is Rule 141 of the Rules | Halliday has completed the two years'

actions lately been undermining her authority with the nurses, by inviting them to state their grievances before the board and otherwise. It transpired that the directors referred to were probably of the special committee on training school matters, some of whom had visited the hospital for the purpose of interviewing the matron and nurses with a view of eliciting information. Mr. Byrnes was indignant that such a letter should be addressed to the board; but Mr. Wilson argued that the directors should not have interviewed the nurses as they had done, but should have dealt only with the matron. It was at length resolved to table the letter until the special committee's report is received. Accounts for September, totalling \$1,290, were presented and ordered to be paid when funds are available.

A resolution of thanks for \$333, the result of the Labor Day celebration, and \$40 received from the plasterers' union, was adopted.

The board as a whole were appointed a committee to assist the ladies' auxiliary in connection with the approaching hospital ball.
