VICTORIA, B. C., TUESDAY, OCTOBER 12, 1909

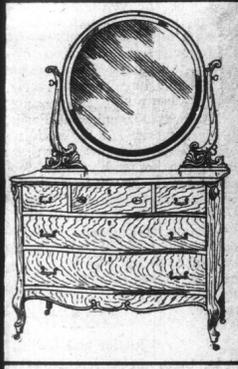

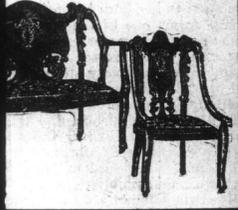

FIFTIETH YEAR

Woods Furniture

Values Like These Are Well Worthy of Your Immediate Attention

great many a stockroom,

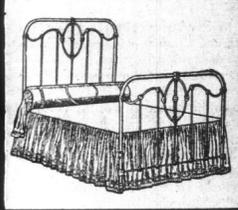

Suites \$29.00

Bedsteads \$15.75

We are showing an extremely bedsteads in our Broad street Friday. These are all full-size, and beautifully lacquered enamel. Extra special for \$15.75

Hotel Bedsteads

Famous Rupert Mattress at \$4.75

RESSSES—A specially good dress is the Rupert. We strongly recommend it. Friday we are offering them in single and three-quarter sizes at, each, \$4.75

Our New Illustrated and Winter Catalogue

PITTSBURGH BATS OUT GAME

Pirate, Sluggers Knock Tiger Pitchers Out of the Box and Win Hard-Hitting Game By 8 to 6 Score

FIREWORKS COME IN THE NINTH

Both Teams Score in the Last Inning But Detroit Just Fails to Even the Score—Many Disputes

DETROIT, Oct. 11.—In a game which turned out to be a slugfest between the hard hitters of both teams, Pittsburgh annexed the third game of the world's championship series played here today, by a score of 8 to 6. The game was sensational in every department, two Detroit pitchers being practically knocked out of the box by the Pirate sluggers. The real fireworks came in the final inning, when Pittsburgh batted out three more runs and Detroit scored twice after sensational baseball.

The score: R. H. E. Pittsburgh 8 11 2 Detroit 6 11 3

DETROIT, Mich., Oct. 11.—A leaden sky with an occasional glimpse of the sun and a damp field greeted the crowd as it made its way to Bennett park for the first of the world's championship games between Pittsburgh and Detroit in this city today. At no time was it certain that it would not rain, but thousands went to the park to witness the great battle.

The Detroit team was given a great ovation as it emerged from the clubhouse, led by Manager Hughie Jennings. The team trotted onto the field and went about its work in a determined and businesslike way. Cobb was chosen to open the game because of his brilliant work Saturday at Pittsburgh.

The selection of pitchers was puzzling to Managers Clarke and Jennings, and neither would make a definite prediction as to his twirler during the preliminary practice. Jennings may send Sumners and Mullin warming up. The Detroit manager wants to give Ed Sumners a chance at the National League championship game. The dark day puts Mullin's speed at a premium and Jennings may send him in for that reason and have Sumners for tomorrow's game. Manager Clarke had both Leffeld, his star twirler in the opening game of the series, working the kinks out of their arms.

Gibson will be behind the bat for Pittsburgh while Schmidt will catch for Detroit.

Following is the line-up of the two teams: Pittsburgh—Byrnie, 2b.; Leach, 3b.; Cobb, 1b.; Wagner, s.; Miller, 2b.; Abstein, 1b.; Wilson, c.; Gibson, c.; Leffeld, p.

Detroit—D. Crawford, c.; Delehanty, 2b.; Moriarty, 3b.; T. Jones, 1b.; Schmidt, c.; Sumners, p.; Adams, c.; O'Loughlin, p.

Dies of Heart Failure
CHEPPEVA, Ont., Oct. 11.—John Smith Macklem, one of the best known residents of this section is dead of heart failure, aged 68 years.

Falls From Tree to Death
LONDON, Ont., Oct. 11.—John G. Rawlings fell out of an apple tree at Westminster Saturday and broke his back. It is not known if he will recover.

Toronto Man Suicides.
TORONTO, Ont., Oct. 11.—Henry J. Orpen, 63 years old, committed suicide by shooting himself this morning. Dependence over the death of his wife was the cause.

Carnegie Gives to McGill
MONTREAL, Oct. 11.—It is estimated that Andrew Carnegie has made donation of \$100,000 to McGill University, which sum is to be added to the general fund of that institution.

DECLARES HE KILLED ETHEL KINRADE
MONTREAL, Oct. 11.—A special London cable says: "Edward William Bedford gave himself up to the police here today on the confession that he had murdered Ethel Kinrade by shooting at Hamilton, Ont., last February at the instigation of another man whose name he says he has forgotten, but who gave him \$500."

VANCOUVER CHILDREN RELEASE BRAKES OF WORK TRAIN WHICH RUNS AWAY AND DASHES INTO STREET CAR

Injured All Recovering Today—Train Ran Over Street Car Tracks and Caught Loaded Tram

TRAVELS EIGHTY MILES AN HOUR

Injured All Recovering Today—Train Ran Over Street Car Tracks and Caught Loaded Tram

VANCOUVER, B. C., Oct. 11.—A runaway work train on a grade of the British Columbia railway, over street car tracks in the east end of the city yesterday afternoon, ended its four-mile dash by a collision with a city passenger car, in which a dozen people were injured. No lives were lost and the injured are all doing well in the hospital.

Playful children loosened the brakes of the work train, which was standing over Sunday on sidetrack at Central Park, six miles outside the city.

Eight cars slid over on one of the main tracks of the double line entering the city, and gathering momentum, whirled through east end suburbs until at Cedar Cottage, three miles from the starting point, the runaways were going over sixty miles an hour. There is an even grade of 3 per cent all the way into the city, and the heavy cars made the latter end of the trip in time that appeared in the district of Great Ysland like a streak of lightning. Here the wreck occurred.

A car loaded with twelve passengers was running toward town, when the conductor heard the roar of the runaways behind. He yelled for the passengers to jump to the front of the car, and then he leaped to safety before the crash came. Fifteen feet of the car was crushed to match wood and the car carried bodily 200 feet before the runaways, now derailed, came to a standstill.

At Cedar Cottage, Foreman J. H. Pearson of the workmen who were supposed to be comparatively inexperienced, was overtaken. He was on a handcar, but he saw the runaways in time to get his car and himself off the track. When he started in pursuit inside Cedar Cottage the cars struck a sharp down grade and rushed through the district of Great Ysland like a streak of lightning. Here the wreck occurred.

A car loaded with twelve passengers was running toward town, when the conductor heard the roar of the runaways behind. He yelled for the passengers to jump to the front of the car, and then he leaped to safety before the crash came. Fifteen feet of the car was crushed to match wood and the car carried bodily 200 feet before the runaways, now derailed, came to a standstill.

Back through the front door to the engine of the car, and most of the passengers were cut and bruised on top of him. The most seriously injured was Mrs. J. Kidd, who was driving along side the car when the crash came, and on whom a section of one of the runaway cars fell.

SIR HENRI TASCHEREAU DIES
Passes Away at Montrovy, Near Paris, Aged 82 Years—His Career

MONTREAL, Oct. 11.—Justice Sir Henri Thomas Taschereau, K. C., died at Montrovy, near Paris, France, today, of kidney trouble. He was aged 82 years.

The Hon. Henri Thomas Taschereau was the son of the late Hon. Jean Thomas Taschereau, a former judge of the Supreme Court of Canada, and was a grandson of Hon. Jean Taschereau, who fought for constitutional liberty in the parliament of Lower Canada. He was born in the city of Quebec, October 6, 1841, being educated in Quebec Seminary and at Laval University. In 1862, he graduated from Laval with the title of B. C. L., and was called to the bar in 1863. While yet a student, he published a paper called the "Les Debats," which was the first attempt made, up to that time, to give a verbatim report in the French language of the debates in parliament. Later, he was one of the editors of the Liberal publication "La Tribune." The Hon. Mr. Taschereau was elected to the city council of Quebec in 1870, and represented the city on the North Shore Railroad board. At the general election, 1872, he was elected to the House of Commons for Montmagny, and continued to hold that seat up to the close of the third parliament, 1878. Throughout his political career, he was an ally and supporter of the Liberal party, led by the late Sir A. D. Dorion and Mr. Macdonald. He was appointed a puisne judge of the Supreme court of the Province, Quebec, in 1878, and has resided in the districts of Kamouraska, Gaspere and Terrebonne, being assigned to the last named district in 1887. He received the honorable degree of LL.D. from his alma mater in 1890. He was a member of the Roman Catholic church and married in 1864, Severine, daughter of the late E. L. Focand, of the Province of Quebec, he passing away in 1882. He married in 1885 Carole Angeline Globensky, widow of Henri Masson, of Montreal.

Uncle Sam—"Waal, waal, Bub, ther's quite a ship yev thar!" Johnston Bull Canuck—"Yeth, an' it inthn' a toy, either; it goes!"

VICTORIA BOY IS BIG STORM KILLED NEAR KAMLOOPS

A. Breidjord, Carpenter, Meets Death When J. Myrtle, Also of Victoria, Fires at Cougar and Explodes Dynamite

KAMLOOPS, B. C., Oct. 11.—A. Breidjord, of Victoria, aged 20, a carpenter in the employ of W. Drysdale, contractor for the new hotel at Penney's, was instantly killed Sunday afternoon by an explosion following upon a shot fired into a cave by his companion, Jack Myrtle, also of Victoria.

The latter knelt to fire at what he supposed was a cougar and the explosion followed immediately. Breidjord received the full shock, his body being terribly mangled.

Myrtle escaped with comparatively slight injuries. The supposition is that cases of dynamite were stored in the cave. Myrtle is in the hospital here.

Jack Myrtle's father received the news of his son's injury today and is making arrangements to go to Kamloops.

At the offices of W. Drysdale this morning no statement was forthcoming beyond confirmation of the report.

LAST OF VICTIMS
Three More Miners Killed at Extension Interred at Nanaimo Today—Investigation Still On.

NANAIMO, B. C., Oct. 11.—The last of the three victims of the Extension mine explosion were buried here yesterday. They were Peter Nealand, Herman Peterson and Andrew Moffat. The examination of the mine is still proceeding. It is understood that an English mining expert. This course was suggested to the government and was immediately acted upon.

It is improbable that the examination will be concluded in time for the inquiry on Wednesday. Permission was obtained from the government to resume work in mines Nos. 1 and 2. These mines were never affected by the explosion and it is understood that work will be resumed in them tomorrow.

Borden Asks Organization
MONTREAL, Que., Oct. 11.—Addressing La Pointe Club Saturday night R. L. Borden said if the Conservative party wished to reach power and do something for Canada, the question of perfect organization was of supreme importance and must be immediately attended to. Success could not be attained without united action on the part of the Conservative party, and more especially on the part of young men.

HAVANA, CUBA, WASTE

Ships Sunk and City Paralyzed By Terrific Hurricane—The Storm Was Felt Off Coast of Florida, Too

HAVANA, Oct. 11.—A storm of hurricane proportions struck the city early today, and raged with unabated fury for several hours. No fatalities have been reported this morning, but the property losses from wind and rain probably will be enormous. Many lighters and other small craft in the harbor have been sunk or driven ashore. All telegraph wires in the city are down, the electric power service is crippled, and scarcely a tree is left standing in Havana.

Torrential rains have fallen ceaselessly during the past two days. At 2 o'clock this morning a storm of tremendous severity which had gathered in the west, swooped down on the city, and for six hours wrought damage similar to that done by the great cyclone of Oct. 17, 1906. The wind tore through the city, uprooted or broke down every tree in its path, put out of operation the electric light system, the overhead trolley lines and the many works dependent upon the electric power plants. While the wind was still doing its worst, the downpour of rain flooded the streets, making it impossible to open the shops. The smaller craft in the harbor were at the mercy of the storm and today many of these are thrown high on the shore, while others have been sunk at their anchorage.

At 9 o'clock the storm had lessened sufficiently so that some idea of the damage could be had. It is enormous, apparently, but what it will represent in dollars cannot be said as yet. No papers were issued this morning, the newspaper plants being crippled by the flood.

The steamers of the Ward and Plant lines, as well as the steamer from New Orleans, which are due today, had not arrived this morning. As the morning progressed the wind continued to subside, but the terrific sea was still running.

Noted in United States
WASHINGTON, D. C., Oct. 11.—A destructive hurricane which probably will pass northward over Florida, is indicated in advice to the weather bureau today. The storm is blowing fiercely off the Florida coast, shipping has been warned all the way from Mobile, Ala. to Charleston, S.C., and hourly observations have been ordered in hurricane territory.

Caught in Vancouver.
VANCOUVER, Oct. 11.—A real estate operator named W. L. Burgess was arrested here today charged with highway robbery and theft amounting to \$4,000 in Truro last May.

An aged Thamesford man died while ploughing. He ploughed but death reaped.

ISSUE CIRCULARS WITH KNOCK AT JAPAN

Body of Chinese in North China Disseminate Information That Arouses Japan to Anger and Action

TOKYO, Oct. 11.—Copies of circulars issued in North China by a body of Chinese calling themselves the Popular Association of the Free Eastern Provinces, have been received in Japan after having been spread broadcast among the Chinese of the lower classes. The circulars contain inflammatory statements against the Japanese. They bear upon what is called the weakness of poor China and "the insulting aggression of Japan."

The assertions are made that Japan has devastated the arid lands of North China and has enslaved laborers along the line of the An Tung-Mukden railroad and that Japanese officials have beaten the men, insulted the women and terrorized the people. The circulars point out that the weakness of China in a military sense makes it impossible for her to resent the Japanese aggression of Japan.

The document concludes with the request that Chinese vessels and railroads refuse to carry Japanese goods. An endless chain is sought in the request that patriotic citizens into whose hands the circulars fall will have them re-printed and scattered broadcast until Japan is completely shut out from all commercial communication with China.

These circulars have created something of a sensation in Japan. Efforts are being made to prevent the spread of their contents among the Japanese of the ignorant class, because the danger of arousing feeling is recognized. Meanwhile there is reason to believe that Japan has called or will immediately call the attention of the Chinese to the illegality of the boycott propaganda, demanding that the circulars be outlined as illegal documents and "that the Popular Association of the Three Provinces" be disciplined.

Cruiser Strands on Piles.
ST. PETERSBURG, Oct. 11.—As a consequence of a fall of two feet below normal in the Neva, the torpedo boat cruiser Emir Buhara, which is undergoing repairs on the river, settled on some old and long-submerged piles today. It is feared that the cruiser's back will be broken if the water continues to recede.

Overcome by Gas.
ST. CATHERINES, Ont., Oct. 11.—Four employees of the St. Catherines artificial gas works were overcome by escaping water gas while engaged in making changes in the machinery this morning. They were restored to consciousness some hours later.

DEFEND GODS TRIED DEATH OF THEIR FATHERS

Chinese Laborers Cause Riot at Meeting in Chinese School Yesterday When Joss House Abolition Comes Up

MERCHANT ASSAULTED IN RUSH ON BOXES

Coolies Refuse to Ballot on Suggestion Made By Intelligent Merchants and Police Are Needed to Quiet Things

The question of whether the joss houses in Victoria should be abolished led to an unusual scene of turbulence at the Imperial Chinese school, Fisguard street, yesterday, which was only quieted finally by the intervention of the police, but not before a local Chinese merchant was assaulted and as a consequence it is expected that a summons for assault will be taken out against a yellow laborer.

On Saturday, the birthday of Confucius, the founder of the moral cult of Confucianism, was celebrated. In connection with the celebrations the question of whether the joss houses in the city should be done away with was introduced. It was decided to hold a mass meeting in the Fisguard street school on Sunday and take a ballot on the question among the inhabitants of Chinatown. The ballot boxes were all prepared, and the Chinese merchants, who wanted to abolish the joss houses, and the laboring element, who are opposed to their abolition, attended in force.

From the turmoil which attended the opening of the meeting it was evident that an organized plot to prevent the ballot being taken was in the air. The meeting never came to order. The laborers who were present, 300 strong, intimidated a body that they and their compatriots up-country had subscribed to the up-keep of which the gods which they had lifted up, and that they refused to be coerced into even balloting on the subject of their removal from the joss house shrines. Shouting, gesticulating, even yelling, the discordant elements immediately along the line of the An Tung-Mukden railroad and that Japanese officials have beaten the men, insulted the women and terrorized the people.

The scene of disorder finally attained such dimensions that the police were summoned. Two constables were despatched and order was quickly restored. The prominent Chinese in the city are very reticent over the whole affair, but it is understood that, owing to the enlightenment inspired by Western civilization they are still anxious to do away with the joss house, a matter which will apparently cause their contemporary, the British judge, yesterday's display of force on the part of the laboring class.

ROBS G. N. OFFICE IN SEATTLE
SEATTLE, Oct. 11.—Blinding and gagging the chief night clerk and his assistant and carrying them to an upper story of the building, a lone highwayman robbed the office of the Great Northern here, securing several sacks of gold and silver and a large amount of paper money.

The total amount runs into the thousands.

SHERMAN DIES OF STUBBORN ILLNESS
Late President United Mine Workers Passes Away at Fernie—Family in Poor Circumstances.

BERNIE, B. C., Oct. 11.—Frank H. Sherman, late president of District 15, United Mine Workers of America, died this morning in the Fernie hospital at 8:30 o'clock after a long struggle against a stubborn malady. The end was not unexpected and his wife and family were at his bedside at the last moment.

Mr. Sherman leaves a large family including a blind boy in straightened circumstances and his death is deeply regretted by a large circle of friends which reaches far beyond the organization of which he was so long the leader. The funeral will take place at 4:30 p. m. Wednesday, from Miner's hall, Victoria avenue, Fernie.

Overcome by Gas.
ST. CATHERINES, Ont., Oct. 11.—Four employees of the St. Catherines artificial gas works were overcome by escaping water gas while engaged in making changes in the machinery this morning. They were restored to consciousness some hours later.

ITALIAN WOMAN MAKES A DESPERATE EFFORT TO COMMIT SUICIDE EARLY TODAY BUT IS RESCUED BY FORCE

Employee of Victoria Truck and Dray Company and C. P. R. Wharf Superintendent Pull Her From Water

NOW RAVES IN STRAIGHT-JACKET

Employee of Victoria Truck and Dray Company and C. P. R. Wharf Superintendent Pull Her From Water

Evidently in a fit of mental aberration a middle-aged Italian woman of the working class, named Mrs. Scaft, made a desperate attempt to end her life in the waters of James Bay early this morning. Shortly after 7 o'clock Charles Nelson, an employee of the Victoria Truck & Dray Company, was passing by the J. B. A. club house when he noticed a woman struggling in the water near the boat house float. He immediately went to her assistance and succeeded in effecting a rescue. The woman fought hard to make her way to the water again, and Jack Campbell, the C. P. R. wharf superintendent, came to the assistance of Nelson. The woman fought hard to make her way to the water again, and Jack Campbell, the C. P. R. wharf superintendent, came to the assistance of Nelson. The woman fought hard to make her way to the water again, and Jack Campbell, the C. P. R. wharf superintendent, came to the assistance of Nelson.

The woman was taken to the police station, where she was put in a straight jacket. During the time of her struggle with the two men, who prevented her from entering the water a second time, she never uttered a word. Campbell, when asked about the occurrence, said that both he and Nelson asked her several times for her name, but her speech was evidently stifled by the amount of salt water she had swallowed. It is not known where she entered the bay, but footmarks at the corner of the entrance to the J.B.A.A. club house indicate that she waded in, and had reached deep water opposite the float when her struggles were noticed and a rescue effected.

The woman, who was apparently about 40 years of age, was dressed in a blue serge skirt and black jacket. She wore a black hat with white trimmings. On the right hand little finger was an unpretentious gold ring. Her hands were hard, indicating that she had engaged in manual labor. She is married, her husband being engaged in civic work.
