MR. CROCKET UNDER THE MICROSCOPE

In placing Mr. O. S. Crocket under the editorial microscope, and telling the country the result of this somewhat unpleasant inspection, the Toronto Globe performs a public service of some merit. Such an examination can, perhaps, be better conducted by a journal removed from the region of New Brunswick politics, as the Globe is, and interested in Mr. Crocket only because he is a persistent defamer of public men and a heinous and divided person who has made himself somewhat of a public nuisance at Ottawa by continually yelling "Wolf."

Here in New Brunswick, where Mr. Crocket is known, where his false activities have long caused a sort of contemptuous amusement among his opponents and something like shame and confusion among his friends, the public has long been wondering why the serious men of his own party gave him so much rope. They have been willing, apparently, that Mr. Crocket should pursue tactics with which they themselves would have nothing to do. The Globe explains that they are not responsible for him.

The Globe regards the man from York as a monomaniac, and while it is true that he has been a nuisance, it really does him more than justice, for it is a nuisance enough to believe that some of the things he says, or insinuates, are true. As the Globe points out, men of his own party are not moved by the scandals he pretends to unearth. They have come to know him, and they are always ready to attribute an evil motive, always insinuating, never proving, have figured in Parliament in former years, but gradually they became distrustful and shunned and found

their way back into private life. The Globe, studying Mr. Crocket's little ways and noting his lack of influence in his own party, finds him tiresome and useless and predicts that as will not long disturb the House of Commons with his barking. It is seldom indeed that the Toronto Globe so thoroughly and so intelligently dissects a public man, but still for us who remain, it is a distinct loss, and we shall miss him more and more as the days go by.

We cannot forget that he it was who in the divine hands, built up a large and influential congregation in Campbellton, a congregation active in all good works and one for which he might well have thanked God and taken courage. He was the man who made the Presbyterian Church a mighty power for good throughout the whole community, in all grades, from top to bottom, from end to end. With unflagging zeal from first to last, he was out his life in the service of the Lord till the large, strong, loving, tired heart ceased to beat.

His light, the light of his life, made out lives brighter. It has not gone out, it never will, but will shine on and on reflected in the lives of many. His life was like the morning star, which does not go down behind a dark horizon, but melts away in the opening day and into the brightness of the rising sun. And now good-by, dear brother, good-by, but only till morning, only till morning.

The altar church would take this opportunity of conveying to the strictest Presbyterian Church the assurance of the sympathy and prayers. If one member suffer all the members suffer with it.

Funeral Procession
Following is the order of the procession:
Funeral Director, D. F. Graham
Members of the Miramichi Presbytery and local ministers.

Coughs, Colds, BRONCHITIS

If there is a remedy in the three words, it is surely essential that it be a remedy direct to the source of the trouble. It is the lungs that are the seat of the trouble, and the remedy must be directed to the lungs. The remedy must be a remedy that will reach the lungs, and the remedy must be a remedy that will reach the lungs. The remedy must be a remedy that will reach the lungs, and the remedy must be a remedy that will reach the lungs.

ROBITAILLE, P. Q.

Miss M. Gauthier of Nouvelle, has returned home, after spending a few days in New Campbellton.

Mr. John Groux of Charlottetown, accompanied by his daughter, visited here last week.

G. Roy has returned from Montreal after spending a few days with his daughter.

Louis Pichette has returned from Gaspe basin.

Several commercial travellers passed through here the past few weeks, enroute for Gaspe.

Scarlet fever has broken out in this parish and many houses are now under quarantine, but soon expect to have started out, under the management of Dr. Pichette.

We announce the death of Jos. Casale a few days after his arrival from the hospital.

We also announce the death of one of our oldest residents, Samuel LeBlanc after a few days illness.

A few days ago there was a gentleman passed through here, posing as a physician and government inspector, and curing all kinds of diseases, and making his patients pay very dear for his treatments, forgetting to tell his name or address.

CATARH CAN NOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal medicine. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonic, known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials free.

Had a Bad Cough

FOR A NUMBER OF YEARS. WAS AFRAID IT WOULD TURN INTO Consumption.

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately or serious results may follow.

Thousands have filled a consumptive grave through neglect.

Never neglect a Cough or Cold, it can have but one result, it leaves the throat or lungs, or both, affected.

Mrs. A. E. Brown, of St. Catharines, Ont., writes:—

"I had a very bad cold, which every winter for a number of years which I was afraid would turn into consumption. I tried a great many remedies but only received temporary relief until I got a bottle of Dr. Wood's Norway Pine Syrup and after taking two bottles my cough was cured. I am never without a bottle of Norway Pine Syrup."

Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the foundation of all colds and lung complaints, relieving or curing all Coughs, Colds, Bronchitis, Asthma, Croup, Sore Throat, and preventing Pneumonia and Consumption.

So great has been the success of this wonderful remedy, it is only natural that numerous persons have tried to imitate anything but "Dr. Wood's." Put up in a yellow wrapper; three pine trees the trade mark; price 25c.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

FERROZONE

Will Give You An Appetite, and With Appetite and Good Digestion Come Health and Strength.

Ferrozone will in one week give you a splendid appetite, and will so improve digestion and assimilation that full benefit will be derived from everything eaten.

There is nothing like Ferrozone to create a keen, healthy feeling for food for the blood and a tonic for the nervous system. To those leading a sedentary life it is a perfect boon.

The Rev. Dennis O'Brien, D.D., the well known evangelist, says of Ferrozone: "I have found Ferrozone a remarkably good preparation. It keeps up one's appetite, cures nervousness and sleeplessness, and perhaps is the best food tonic I have used. Being in the form of a chocolate-coated tablet, it is both pleasant and convenient to take, and is well worthy of my highest recommendations."

This is an example of the way people speak of Ferrozone who have used it, and should be convincing evidence of its unusual merit. It is warranted to cure Indigestion, Dyspepsia, Loss of Appetite, Rheumatism, Kidney and Liver Troubles, Catarrh, and all other diseases arising from impairment of blood or nerve tone.

Refuse to accept a substitute for Ferrozone. Every druggist sells it, 50c per box, or three for \$1.25. Buy from the Catarhazone Co., Kingston, Ont.
