

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in."

"After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."—Mrs. ONILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba, Can.

Why will women take chances or drag out sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ailments, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

HOME MADE LIQUOR

SOLD IN AMHERST

Many Scott Act Cases are Yet to Come Before The Courts.

A Record Campaign

Amherst News: Over a score of Scott Act cases have come before Stipendiary McKenzie since February 18, and three more are yet to be dealt with. This constitutes a record campaign in Amherst police annals.

The source of supply has been eradicated and presumably illegal sale of liquor considerably cut down, but evidence is now found that still an other method of eluding the law has been devised. Moonshining, the old and wily way of home production with the secret still, is ignored as too troublesome; and a simpler recipe for bad whiskey is tried. A small bottle of dose procured through the post office from a United States concern in the essential to making a bottle of alcohol and boiling water taste like and be an intoxicant albeit of low grade.

The new method threatens to come into common use "around these parts," but the police believe they are able to nip it in the bud. At any rate, they feel they made some progress in this direction in the arrest and conviction of one young man this week. He denied manufacturing the stuff on examination and his statement had to stand owing to insufficient evidence. He was fined on a charge of peddling, and although not punished for mixing it himself has been impressed with the risk he is running.

BATHURST CURLERS

AGAIN VICTORIOUS

Moncton Rinks Went Down to Defeat in McLellan Cup Games

Once again the Bathurst Curlers proved their superiority in last week's game for the McLellan Cup, when they sent two able Moncton rinks home empty handed. For the first ten ends it was anybody's game, the score being tied. The thirteenth end showed Moncton with a total lead of six points, and their hopes were high, but not for long were they allowed to have any encouragement, for the Bathurst men then began to show just what good curling they could do, and when the last ends were played, their count was nine ahead of their opponents. Both Moncton rinks played well, in fact, they put up as good a fight, particularly for the first half of the match, as has been seen here this season, and that is saying something, for this season's games have shown very high

NEW STATION COMPLETED

The new I. C. R. Station which has been in course of construction for a long time, was formally taken over by the Railway last week. Employees of the Railway are now busily engaged in connecting the telegraph instruments, and in other ways making the station ready for occupancy, and it is likely that it will be opened for the use of the public in the course of a week or ten days. The new building is a great improvement on the old one, although it looks a little small for the needs of a station the size of Bathurst. It is fitted with hot water heating, has well equipped lavatories, the ladies' and gentlemen's waiting rooms are very nicely finished in red and white tiling half way to the ceiling, and the comfortable modern seats with which both these rooms are furnished leave nothing to be desired. Large windows give ample light in the daytime, and the electric equipment for the night service is both artistic and sufficient.

REMEMBERED IN WILL

The members and friends of St. Luke's Presbyterian Church had their memories of the late Dr. G. M. Duncan revived and freshened a short time ago when it was announced that the Trustees of the church had received a cheque for a sum of money bequeathed by the good "Old Doctor" for the Manse Fund. The announcement furnished a fresh evidence of the genuine goodness of heart of the late Doctor, and inasmuch as he does not seem to have made known to any of the church people his intention to give this money, it is a pleasing proof of his compliance with the Scriptural injunction,—"Let not thy left hand know what thy right hand doeth."

ONE TERM FOR

DUKE OF CONNAUGHT

London, March 15.—An authoritative and emphatic contradiction is given by the Sunday Times to the report that the term of the Duke of Connaught as Governor-General will be extended. The Sunday Times says that the offer of an extension has neither been made or contemplated by the government, while if the offer was made it would be declined. The Sunday Times further states that H. R. H. the Duchess Patricia will embark for England in September, while the Duke, after paying a visit to the Yukon, will join the Duchess here in December.

CANADA AND PEACE.

Dr. Evans Darby's Tour.

(Special).

The Rev. Dr. W. Evans Darby, London, England, Secretary for 25 years of the Peace Society, recently had a remarkable successful tour in Western Canada—a Peace Mission.

"The tour," Dr. Darby told a journalist, "was at a psychological moment. It followed on the opening of the Peace Palace at the Hague, and many circumstances, including utterances of Cabinet Ministers, had impressed the public mind. These, and also the long pressure put on Canadian loyalty from the Motherland, all helped to prepare the way."

"What did your journey cover?" asked the pressman. "A six days' crossing to Quebec by the C.P.R. 'Empress of India', an almost unbroken journey by the Canadian Pacific Railway right across to Victoria, B.C., a strenuous round of remarkable meetings on the return Eastward, a call at three or four points in the East, and a second crossing, homeward, the whole occupying four months, and covering 14,000 miles—5,830 by sea, and over 8,200 by land."

"And you had an active time?"

"I gave over eighty addresses, before many thousands of Canadians—addresses of various types, but all on the one great topic of International Peace, including a special development: a Peace Policy for Canada."

"How was the Peace question received?"

"Most cordially. I found much enthusiasm, marked earnestness, and practical unanimity against aggressive naval policy and militarism. It is indeed doubtful whether the Canadian warship will ever be built, for Canadian opinion is rapidly moving against the policy of both political parties."

"There was only one note of dissidence—at Edmonton. At the Canadian Club meeting, Major Gresham, who seconded a vote of thanks argued that 'war was good and beneficial, and necessary for a nation.' That view was decidedly not accepted by the audience."

"Were you exclusively in the West?"

"Yes, as regards definite propaganda. I had not time for more—but I conferred with Pacifists in Toronto, Ottawa, Montreal, and St. John, and had excellent meetings in all."

"Do you go again?"

"Another tour is projected for the Eastern Provinces. It is under discussion, and when undertaken will doubtless be as effective as the one in the West."

"Indeed," Dr. Darby added, "there are unmistakable signs of large developments on the question throughout the Dominion."

"What sort of meetings had you?"

"Great public meetings, specially called Conferences, week-end meetings, sermons in the churches, mass meetings after service hours, Brotherhoods, Ministerial Societies, Canadian Club receptions, others with the W. C. T. U., the Y. M. C. A., Christian Endeavourers, and one, at Kamloops, in the goal, where I preached to the prisoners."

"Where were the Western meetings held?"

"At Victoria, Vancouver, Kamloops, New Westminster, Kelowna, Summerland, Vernon, and Revelstoke, in British Columbia; at Calgary, Red Deer, Edmonton, and Medicine Hat, in Alberta; at Moose Jaw, Saskatoon, and Regina, in Saskatchewan; and at Brandon, and Winnipeg, in Manitoba."

"And you met with success?"

"All the meetings were excellent. Those at Winnipeg were the climax. The newspapers proclaimed 'Peace Week', and gave great prominence to the effort in leading articles, and full reports. The press throughout, was most cordial, and did full justice to the tour and its object."

"Were any resolutions passed?"

"Yes, at many meetings. The typical one was at the one at Winnipeg. 'That in the opinion of this meeting, Canada, being free from international difficulties, should devote her energies to the arts of Peace and the attainment of social and economic justice, and in so doing, can without embarrassment, set such an example as will enable her to take the lead among the nations as an advocate of International Peace and Arbitration; therefore, we recommend that a generous portion of the money it is proposed to spend on Naval Armaments, under either Conservative or Liberal policies, be diverted to prosecuting an international educational propaganda for Peace and Arbitration; and that a copy of this Resolution be forwarded to the Right Honorable Robt. Laird Borden, and to the Right Honorable Sir Wilfrid Laurier.'"

CHARGE OF STEALING FROM THE I. C. R.

Prominent Young Man Before The Fredericton Court on a Theft Charge

The Fredericton Mail of Friday says—George Betts of this city, a well known young man, appeared before the police court this afternoon on the serious charge of breaking and entering the Intercolonial Railway station in this city and stealing a sum of money and a number of railway tickets. The break took place between six and seven o'clock on the morning of Saturday, March 7. Forty-six dollars in cash, four first-class tickets Fredericton to Chatham and one second-class ticket, Fredericton to Chatham, were stolen.

The Intercolonial Railway authorities took up the matter and I. C. R. Policeman H. Culligan of Campbellton, took up the case. Policeman Culligan was here yesterday and went to St. John, where he arrested young Betts at a hotel where he was staying bringing him back this morning. The railway tickets were recovered and a small portion of the money. Betts accounted for what was missing and acknowledged that he was guilty of the theft.

Betts is in a serious position, being liable to two years' imprisonment for the theft of the tickets as well as a sentence for breaking, entering and stealing. Betts is of good family and much sympathy is felt for his relatives. He attended Fredericton High School until within a few months ago. The police magistrate this afternoon remanded the young man until Saturday morning.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it causes a few months and a time of the scalp; the hair roots fall out, and die; then the hair falls out, and you are left with a bald spot. Surely get a 25-cent bottle of Danderine from any drug store and just try it.

"You found the Canadian Clubs interested?"

"Very, in nearly every place. The President at Vancouver, Rev. J. MacKay, D.D., who is also president of the Federation of Canadian Clubs, told me he would make Peace the main subject of his year of office."

"You know there has been some press criticism of a Peace policy."

"Yes, in one instance. But here is a pregnant fact, which shows the trend of opinion."

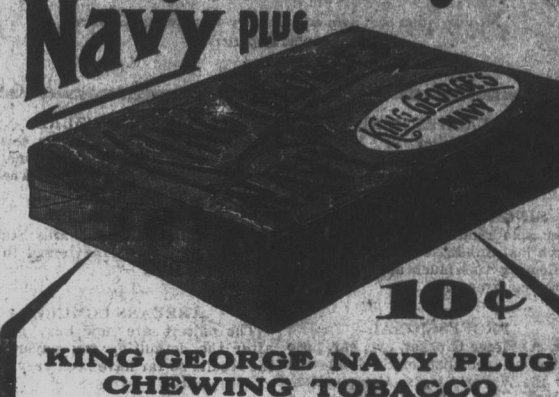

"The Grain Growers Guide at Winnipeg took up the Peace question prominently, and included it in a list of subjects submitted to a plebiscite of its readers. The question put was: 'Do you believe that Canada, instead of spending millions for Naval Armaments (either British or Canadian) should devote her energies and spend her millions, if necessary, towards the establishment of Universal Peace and Disarmament and the settlement of international disputes by Arbitration.'"

"In the result 6,403 men and women voted—6,050. Yes, and only 353. No. A very remarkable result."

"I was," concluded Dr. Darby, greatly interested in, and impressed by the wonderful Canadian scenery—the rich prairies of Manitoba, Saskatchewan, and Alberta, the mountain grandeur of the Rockies, the heights, and passes, and valleys of these mighty mountains. The wonders viewed from the observation cars of the Canadian Pacific Railway make an experience that is indescribable, and impressions that will live. The great railway itself is marvellous, and travel by it a delight. Also the vast development of the Grand Trunk Pacific Railway System and the Canadian Northern stand out as wonderful factors in the commercial, material, and human progress of the great Dominion the limits of which no man can see."
