

# THE Greatest of Tonics PSYCHINE (Pronounced Si-Keen) FOR ALL THROAT AND LUNG TROUBLES

## TWENTY-FIVE YEARS' SUCCESSFUL RECORD

MONEY can buy advertising space, but it can't buy a quarter century's successful record of wonderful and almost miraculous cures of the most difficult and intricate cases of throat, lung and stomach troubles. Such is Psychine's record. Thousands of cases given up by leading doctors as hopeless and incurable have been quickly and permanently cured by Psychine. It is an infallible remedy for coughs, colds, bronchitis, pneumonia, consumption, indigestion, loss of appetite and all wasting diseases.

"My son had a terrible cough and was wasted to a shadow. Doctors said he could not live. He used Psychine, it cured him."—Mrs. J. Rang, Brockville, Ont.  
"After taking \$5.00 worth of Psychine my lungs are well and life is again worth living."—Mrs. L. Rich, Marquette Cove, N.S.  
"My lungs are now sound as a bell after using Psychine."—H. Robbins, Bridgeburg, Ont.  
"Psychine saved my life."—A. Walden, 7 Cornwell St., Toronto.

### Farmer's Meeting.

Wyoming, Feb. 25.—A meeting of the Farmers' Institute was held here recently. The first session began in the afternoon and the second in the evening. The meeting was very largely attended. Many came from a large distance to receive new ideas touching upon the agricultural world.

Each speaker chose his or her own topic, and each delivered them with spirit and vim. Much enthusiasm was

evidenced among the ladies, who held their institute meeting in conjunction with the men's, and proved a successful affair. Mr. Pettypiece, from Forest, outlined many useful ideas, which proved a bracing stimulant to the agricultural progress. Others contributed many useful hints.

Worms derange the whole system. Mother Graves' Worm Exterminator deranges worms and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

## Heart, Throat, Liver and Skin

DR. AGNEW'S FOUR FAMOUS SPECIFICS CURE COMPLETELY THE WORST DISEASES OF THESE PARTS—DREADFUL HEART DISEASE RELIEVED IN THIRTY MINUTES.

Heart disease will affect people differently, but in all cases it must be viewed with great alarm. Dr. Agnew's Cure for the Heart is the one remedy that can be safely depended upon in times of trouble. It will give relief in thirty minutes.

Mr. Thomas Petry, of Aylmer, Que., was troubled with severe heart complaint for five years, the pain, at times, being so severe that he could not attend to business. Every other remedy failed until he tried Dr. Agnew's Cure for the Heart, which gave immediate relief, and his words are these: "I have now taken four bottles of the remedy and am entirely free from every symptom of heart disease."

A cold in the head need not be trifled with, for it is catarrh in an incipient condition, and catarrh is not to be trifled with. Dr. Agnew's Catarrhal Powder, as scores of clergymen, members of parliament, and prominent citizens in the Dominion have borne testimony, drives away a cold in the head like magic, and where this has assumed the shape of aggravated catarrh, producing deafness and throat trouble, it effects a permanent cure.

It is not always safe to take pills for liver trouble. They not unfrequently create other troubles that are serious. Dr. Agnew's Liver Pills, whilst thoroughly certain of removing all liver trouble, give no difficulty either at the time or afterwards. They are pleasant to take and cost only 10 cents.

The faculty that Dr. Agnew has displayed in getting at the seat of trouble is manifest in his Ointment, as in the other three remedies. This contains the elements that give speedy and permanent relief in all skin diseases and is peculiarly effective in curing piles. 35 cents.

## HORSE RACING AT FALL FAIRS.

Association Wishes the Matter Left in the Hands of Local Societies.

A discussion of the new Act governing Fairs and Exhibitions was the feature of the closing session of the Ontario Association of Fairs and Exhibitions held in Toronto last week. The clause relating to horse racing was the subject of some criticism, and the following resolution was unanimously adopted:

"That this Association memorialize the Government to amend the clause of the Act relating to horse-racing, and replace it with a clause permitting the individual Fair Boards to use their own discretion as to whether horse-racing shall or shall not be permitted, subject to restrictions, tending to eliminate all objectionable features, such as gambling, pool-selling or betting."

Expressions of opinion on the resolution went to show that racing was considered a valuable attraction to a fair.

Dr. Kaiser, Mayor of Ottawa, held that racing was a perfectly legitimate form of amusement, and, on his motion, the Executive, with W. A. Foy, of Dunnville, D. H. Price and Dr. Kaiser were delegated to wait upon the Minister of Agriculture. An audience was arranged and Mr. Monteth, promised to consider the matter. He expressed the opinion that horse-racing had sometimes been introduced at the expense of agriculture.

Mr. H. B. Cowan explained the purposes and scope of the new Act. On the clause limiting Government grant to the proportion expended by societies in prizes in encouragement of their object several delegates thought credit should be given for improvement of buildings and grounds.

In this connection it was explained that the authorities had been guided by a fear that societies would spend their grants for objects contrary to the real purpose of existence. A motion asking for a moderation was lost.

## LOCAL OR OTHERWISE.

It is claimed that more voters were sworn at the recent election of West Middlesex than ever was known in the history of the riding.

MR. JOHN WARREN, station agent, Kerwood, for some time, has been transferred to Watford. Mr. G. Dowding is now in charge there.

D. DAVIS, sexton of the Strathroy cemetery, reports 16 burials so far during February, the largest number made in any month during his experience of 28 years.

THE County of Middlesex and Township of Metcalfe have decided to build a new steel and concrete bridge over the Sydenham River, two and a half miles west of Strathroy.

THE marriage took place quietly at 6 o'clock last Wednesday evening at the home of ex-councillor, Henry Owens, Strathroy, Rev. M. L. Pearson uniting in wedlock his youngest daughter, Lydia, to Luther Harris, of Adelaide.

MARCH, April, and May constitute the spring season in the calendar, so that in this sense the first of March may be considered the first day of spring. Spring proper, however, begins on March 21st, when the sun crosses, or appears to cross, the equator, going northward, and is said to be at the first point of Aries.

HAY and live stock shippers of this section are again reporting a shortage of freight cars. It is almost impossible to get one, even after a wait of ten days and sometimes longer. The shortage is not alone felt along the G. T. R. but all the other roads as well. The railway companies say they have not sufficient motive power to move them. Geo. Robotham, the most extensive hay shipper of this section, has been seriously handicapped of late owing to his inability to get cars.

A POLITICIAN who was once making a canvass of a county in Arkansas stopped at a certain farm-house for a drink of water. Said he to the woman who answered his knock—"I observe that there is a good deal of eggs in this country. A great drawback. It must unfit a man for work entirely." "Generally it do," said the woman. "Still, when my man Tom has a right hard fit of the shakes, we fasten the churn-dasher to him and he brings the butter inside of fifteen minutes."

Tea is a mental and physical stimulant. It is an appetizer and a refresher of the spirits. It is recognized by the most prominent physicians to have nutritive value through its gluten and nitrogen. According to Dr. John Coakly Lettsome, a noted medical writer, its staying powers and capacity for repairing the body's wastes are very great, but all this is dependent upon the tea being grown at a high elevation, and therefore of fine quality, and this you can always rely upon obtaining when your tea is gotten in the well known sealed lead packets of the "Salada" Tea Co.

In the bill which the Minister of Inland Revenue is putting through Parliament restricting the preparation and sale of patent medicines, one noteworthy feature is the provision which forbids the distribution of medicine samples from door to door. The samples are often picked up and taken by children, with sometimes very serious results. Another feature is the prohibition of the use of cocaine in proprietary medicines. This dangerous drug should never be sold except when prescribed by a physician.

ABOUT A year ago TORONTO SATURDAY NIGHT passed into new hands, the old company selling out to a new one, of which Mr. H. Gagnier is the head, and Mr. E. E. Sheppard being succeeded in the Editorship by Mr. Joseph T. Sharp. As stated by one of our exchanges, the new management has made good, and SATURDAY NIGHT is in a class by itself in Canada. Any of our readers can get a free sample copy by sending a post card to the publishers, 26 Adelaide Street West, Toronto.

## A Meal in a Moment Bovril will do it for you

A meal prepared with the help of a chafing dish has a great fascination for many.

But the woman who uses a chafing dish and hasn't tried what the addition of a few drops of Bovril will do, has yet to find out how delightfully piquant and appetising, a chafing dish preparation can be made.

Not only does "Bovril" add to the richness and taste, but also very materially to the nourishing qualities, and that's best of all.
